

## GIVES PROGRAMME OF LEGISLATION FOR REST OF SESSION

Premier King Says There Will be Bills Introduced to Amend Several Existing Acts—Meighen Suggests Another Speech From Throne.

Ottawa, June 5.—In the House this afternoon the Prime Minister outlined the legislative programme for the remainder of the session. He said there would be the amendments to the Pension Act which were now before the House and also amendments to the Returned Soldiers' Insurance Act and the short amending bill to the Department of Soldiers' Civil Re-establishment Act.

Arising out of the report of the commission on grain rates there would be a bill to amend the Shipping Act giving the Government power by order-in-council to suspend the coasting laws, a bill concerning a closed season for halibut fishing in Pacific waters; a bill to reduce salmon cannery license fees; a bill for further advances to the Montreal Harbor Commissioners and a bill to amend the Biological Board Act.

In connection with the Finance Department there would be amendments to the Income Tax Act, the Finance Act, and the Audit Office Act. There would also be a bill respecting guarantee of railway bonds already authorized.

The Department of Railways had a bill providing for the three-year branch line construction programme. There would also be amendments to the Drydock Act, the Peeduff's Act, a bill to amend the Public Archives Act by changing the name to the Department of Historical and Public Records. Possibly there would be other legislation based on the committee reports and there would be supplementary estimates.

Right Hon. Arthur Meighen suggested the Prime Minister might go back and get another speech from the throne.

Mr. King said most of the measures proposed were single section amendments.

### SEVEN SEAS CHAPTER.

The Seven Seas Chapter of the I. O. D. E. held its closing meeting of the season at the home of Miss Jessie Hart at City Line, in West St. John, last night.

night with the regent, Miss Alice Lockhart, presiding. Reports of the recent bridges held at the home of Mrs. Lloyd Farquhar were most satisfactory. Plans were made for holding the annual tea and sale as usual in November and members undertook to work for the sale during the summer. It was decided that the chapter would establish a circulating library by buying the books advised by the National Chapter of the I. O. D. E. The sewing which had been done for the Red Cross Society was handed in at the meeting and material to be made into garments for the Victorian Order Nurses to distribute was given out to the members.

Eighteen tugs were required recently to nose the liner Majestic into her pier.

## Preliminary Hearing Of Malcolm Bruce Completed At Sydney

Sydney, June 6.—Before Magistrate A. B. MacGillivray yesterday the preliminary hearing of Malcolm Bruce, Toronto, charged with seditious utterances at a labor meeting at Glace Bay, May 6, was completed and court was adjourned until Wednesday afternoon. Bruce was alleged to have said he hoped to see the day when the Union Jack would be dragged in the mud. Sergeant A. D. Rolfe, of the Provincial Police, testified that a number of persons had spoken to him and credited Bruce with making the statements alleged. These, however, had denied under oath that they had done so. Colonel Gordon Harrington, for the defence, objected to Rolfe's testimony.

## PROPOSES PRAYERS THAT JUSTICE MAY BE DONE SOLDIERS

Ottawa, June 6.—A proposal that the question of proper legislation in order to bring "full measure of justice" to former soldier and dependent pensioners be made the subject of prayer in all churches throughout Canada, has been placed before the executive of the Dominion Veterans' Alliance by the army and navy veterans in Canada, one of the constituent organizations. It is also proposed that such prayers shall be offered continually until they are answered.

## BURIED TREASURE SOUGHT IN FIELDS NEAR NAMUR

German Deserter Said to Have Stolen Million Francs and Buried Cash.

Brussels, June 6.—Under the auspices of the Belgian Ministry of Finance, a search for hidden treasure, worth a million francs, began recently at Engines, about five miles from Namur.

## ST. VINCENT'S ALUMNAE

Plans for entertaining this year's graduates from St. Vincent's were made at the meeting of St. Vincent's Alumnae held last night in the alumnae rooms with the president, Miss Mary Chalmers, in the chair. There are fifteen members in the class which will graduate this year from St. Vincent's, and it was decided to have the entertainment take the form of a dinner to be served at the Clifton House on the night of the school closing. Mrs. W. C. Fawcett and Miss Mabel Corkery were appointed for the business committee and Miss Josephine Gonnell and Miss Ena Higgins were chosen for the toast and music committee for the dinner. The meeting was the last of the season and was well attended.

## FIRE-FIGHTERS GET RESPITE DUE RAIN

Liverpool, N.S., June 5.—A long hoped for change of wind preceding an equally welcome downfall of rain, blew the Port Joli forest fire back upon itself and quenched the flames this afternoon and the crowds who have been fighting to save their homes and property were allowed a breathing

space after several days of constant effort. Those who have traversed the fireweed sections report that the peat-like soil has been burned to a depth of four feet and vast areas are smouldering under the downfall of rain, while great boulders, cracked and blasted by heat, are scattered about the devastated sections.

It is said that martial law has never been formally declared in England.

## RIDICULES CHARGES BRITISH INFLUENCE IN SCHOOL HISTORIES

New York World Says Hirschfeld's Report of Alleged Propaganda in School Books is Preposterous — Mayor Hylan Says Investigation Needed

New York, June 5.—In an editorial under the caption "The British Boy in School Histories," the World today ridicules Commissioner of Accounts David Hirschfeld's charges that a "British propaganda plot of wide proportions" could be traced in several texts of American history, which he condemned as pro-British.

The World says: "Hirschfeld refutes half a dozen of the country's most competent historians. What the Fathers of the Republic would think of the need of a defence of their reputations at the hands of this late-day champion can only be conjectured."

The newspaper characterizes the report as the "most preposterous conceivable municipal document." Mayor Hylan today passed the Hirschfeld report on to the Board of Education with instructions that it note what he called the "suffocating atmosphere of British propaganda which envelops the condemned volumes."

## FORMER PRESIDENT A GUEST.

Miss Jessie Church, former president of the Y. W. P. A., was welcomed as a special guest at the meeting of the Fundy Chapter, I. O. D. E., held last night in the G. W. V. A. rooms. Several other members of the Y. W. P. A. were present also, among them, Miss Nan Brock. In a short business session plans were made for a tea and sale that will be held in November and it was decided that the chapter would assist in giving a supper to the Woodstock cadets when they are in St. John in July to give an exhibition of their skill. The reports presented showed that the work of the chapter was being carried on satisfactorily. Miss Church gave an interesting account of her work in western Canada speaking especially of the progress of the Junior Red Cross. A pleasant social hour was enjoyed after the business meeting.

## PRINTS APOLOGY FOR FALSE STORY OF BANK LOSSES

London, June 5.—The Ionian Bank and the Bank of Athens, which a despatch to the Daily Express from Athens yesterday said had been sufferers from a financial panic in the Greek capital, have informed the newspapers that the Athens report was entirely untrue. They declare that they suffered no loss whatever. The Daily Express today prints an apology for the story in big type.

# TELLING WHY ROMAN MEAL is a "cooling" summer cereal

Why? Because it is the only alkaline cereal. "Alkaline" means opposite of acid. The blood must be alkaline, or we are hot and miserable. It is alkaline when our foods are rich in alkali. Unrefined whole-grain cereals, beans, nuts, milk, vegetables, fruits are rich in alkali. Grains carry their alkali in their dark parts. These are refined out of white flour and modern dainty cereals, leaving white flour, modern corn and wheat cereals, from 150 to 200 parts in every 1,000, and modern oat cereals about 50 parts in every 1,000 parts "Excess Acid." Acid cereals cause acid blood. Acid blood is called "heated" blood. Alkaline, whole-grain cereals keep the blood as nature intended it, alkaline or "cool." Acid blood is no hotter than alkaline but it causes that "all in" feeling so common on a hot day to civilized people, who live largely upon "Excess-Acid" foods. Roman Meal is 400 parts in each 1,000 parts "Excess Alkali" because it is one-quarter flaxin, the richest in alkaline salts of anything that grows. It "Cools" the blood, energizes and electrifies the mind and body on the hottest day. It corrects the "excess acid" of white flour, other cereals, meats, fats and sweets. Eat it in some form every day served with milk, or with milk as drink. Use plenty of vegetables and fruits and note the high pressure sense of fitness and well-being that is yours on the hottest day. The hottest tasting Roman Meal Product will keep you feeling cooler than the coldest tasting refined cereal, because it is alkaline. But you can now eat Roman Meal icy-cold and more deliciously tempting to the palate on a hot morning than is any other food. In all forms it aids digestion, positively relieves constipation. At grocers from coast to coast.
