### Fundamental Progress

We have made an exhaustive analysis of the Canadian pulp and paper industry. The sound foundation for the increased value of its securities is clearly shown.

This foundation is based, first, upon the wonderful combination in Canada of immense areas of pulpwood with abundant water-powers in close proximity; and, second, broad markets for pulp and paper products dependent for supply on Canada's production.

This information, plus the facts that we give you on production costs, selling prices and expanding domestic and foreign markets, should strengthen your confidence tremendously if you are a holder of pulp and paper securities.

It will please us to send you a copy of this analysis if you will write for it. We think it will please you equally to receive it. Address:

You should know the Simmons Beds—the Simmons Springs, Mattresses and Pillows. Built for sleep! Simmons Limited is a pioneer maker of noiseless Metal Beds built for sleep—Maker of those wonderful Simmons Springs, that really do invite the body to lie out flat, every muscle relaxed—Expert in producing Mat- tresses built for sleep.
