TO BUILD RAILWAY FROM MINTO TO THE PROVINCIAL CAPITAL

Some Local Reports Following Announcement Received From Ottawa

The announcement that the C. P. R. has agreed to build forthwith the line from Fredericton to Minto, thus connecting the Central Railway with the capital, is contained in a despatch from Ottawa. No further details are given, and William Downie, superintendent of the Atlantic Division of the C. P. R., said this morning that he had no information on the subject.

It is understood by those in touch with the matter, that this means that the branch will be built by the company headed by Sir Thomas, which previously took over the charter of the Minto & Fredericton Railway. This charter was secured by some of the prominent residents of the district simply for the purpose of advancing the project, with the understanding that they would turn it over to any bona fide company which would undertake the work of construction. The owners of the charter are said to have received only a few hundred dollars each, merely enough to cover the expenses incurred in connection with the project.

The subsidies promised by the provincial government for this line are still available, but the federal subsidy has expired and will have to be renewed before the new company can benefit by it. It is possible that this may cause some delay, but it is said to be more probable that the promoters have satisfactory assurances on this score.

While the railway will be built by an independent company, it is understood that the company is on friendly enough terms with the Canadian Pacific Railway to guarantee that the latter will get the lease of the new line, and will give them the entry to the Queen's County coal fields for which they have been looking during the last few years. Their entry is expected to stimulate the development of that section of the country.

MISSION CHURCH GETS FLOODING; APPEAL IS MADE TO THE MAYOR

Vigorous complaint is being made to the members of the congregation of the Mission church, Paradise Row, concerning the conditions of the sewerage in that vicinity, particularly a sewer which passes through the C. P. R. property. Twice during last week the fires in the church were extinguished by the flooding of the sewer, caused by the blocking of the sewer and the non-passage of water through the sewer channel. The city engineers have been used to draw off the water.

H. B. Schofield, one of the trustees of the church, this morning called upon Mayor Frink, and asked that some action be taken. To a Times reporter Mr. Schofield said it was not only disagreeable to have the water overflow but it was a matter for damage, and somebody must be responsible. It is probable that the common council will deal with the matter this evening.

OWNERS OF CLUB ROOM ARE WANTED

Mabel Thomas Case Brings Complaint From Court—Charge Young Man With Getting Money By False Pretence

In the police court this morning, Mabel Thomas, arrested a few days ago for drunkenness, was further remanded. In commenting on her case His Honor told the police to enquire into the matter closely and get at the bottom of this matter where the girl was found in a partly nude state and intoxicated. "If you will only have looked after the morality of the community more than if you went out and arrested a dozen people for drunkenness."

W. G. VanBuskirk, aged 22, was arrested on Saturday evening by Detective Killen on the charge of collecting money under false pretences. He was brought before Magistrate Ritchie in the police court this morning and was remanded until this afternoon when the case was to be gone into.

VanBuskirk, it is charged, went to people in the town and represented that he was canvassing for subscriptions for a representative football team for St. John. He is a fairly well dressed young man and it is said that he had secured subscriptions from some 100 people. Chief of Police Clark had been receiving complaints and on Saturday the detective made the arrest.

It is not known what amount was collected. Several witnesses have been summoned for this afternoon and a pitiful case occupied the attention of the court for some time this morning. The complainant was Mrs. William Peter, a Syrian, who charged her husband with aggravated assault. She told the court that she had eight small children. Her husband, she said, did not give her the life of a dog. She alleged that on October 19, he cut her on the wrist with a carving knife and since then he had been away from the city. After giving her testimony she was asked to sign the deposition, but she declined saying that she did not want her husband to go to jail, but only to keep away from her. She was told by the court that she would be sent into jail and she finally consented to sign. Peter was remanded to jail.

William Hanley, charged with lying and larking around J. Royden Thomson's house in German street was again brought to court. Bailiff Preston, an employee of Mr. Thomson, told of seeing the prisoner around the house on Monday last. Hanley had asked him for money. The prisoner went on the stand and said that he had an engagement with a woman who worked in a house nearby and that he became confused and had gone into Thomson's yard. K. J. MacKee appeared for the prisoner and promised the court that if Hanley was allowed he would leave town immediately. He was remanded to jail until arrangements were made for his leaving town.

Joseph Murphy, E. Harriy, George Parks and Phillip Busifan were each fined \$8 or two months in jail with hard labor for the charge of drunkenness. Robert H. Ellis was fined \$4 or ten days in jail. William Reynolds \$8 or 30 days and Charles Mallin was remanded on all the charges.

INVESTIGATING THE MATTER OF CANADIANS REMOVING TO STATES

The Canadian immigration department is conducting an investigation of the exodus from this country to the United States and officials of the department have been kept busy for the last month or two checking up returns. The reports of the United States department of immigration are taken as a basis for the investigation and each individual case reported within a certain limit of time is being followed up and reported on.

The intention of the department is to arrive at a basis on which they figure the proportion of the number of Canadians who emigrate to the United States who are lost to this country. Of those who declare their intention of remaining when they cross the border a certain percentage always return and of those who temporarily there are some who remain permanently. In order to find out how nearly the United States reports correspond with the actual exodus these cases are all being followed up and reported on. J. Perley Lanney of the local staff has been doing the work for New Brunswick and now has it nearly completed.

MANY COME TO THE CITY FOR CONGRESS

Trains Bring Delegates to Laymen's Missionary Convention—Secretary Removes Office to Centenary

A large number of clergymen came to the city this morning to attend the sessions of the Laymen's Missionary Congress, opening at four o'clock this afternoon, and many more were expected on the maritime express and are looked for on tomorrow's trains. Several laymen also arrived in the city today to attend. More than 100 registered this morning, mostly from the city. It had been expected that Sir Andrew Fraser and Lady Fraser would reach the city from Quebec on the Atlantic express at noon, but they did not come, and it is thought that they would be here on the maritime.

Among the delegates to arrive this morning were: Rev. James H. Copeland, of Victoria; Rev. T. D. Bell, of Busignish; Rev. J. F. Berry, of Marysville; Rev. David Patterson, of Jonkers; Rev. Dr. McDonald, of Fredericton; Rev. J. E. Wilson, of Fredericton; Rev. G. W. Schumann, of Hartland; Rev. C. W. Nichols, of Milltown; Rev. W. B. Gibson, of St. Stephen; and J. W. Spurdon, chairman of the Baptist foreign mission board, Fredericton.

The offices of Rev. J. T. Tucker, general secretary for the congress, are to be removed this afternoon from the board of trade rooms to Centenary church, and there he will be found when his presence is required. For the ladies' mass meeting tomorrow afternoon at half-past two o'clock in Stone church it is requested that the lady singers in the city choir will assemble at a quarter past two to aid in the singing.
