THE SCOTCH CURLERS; RESULTS OF LATE PLAY YESTERDAY

The visiting and local curlers spent a very pleasant evening at Keith's last night when a reception was given in honor of the Scottish team. An interesting feature was the presentation, to the team, of a silver and enamel shield bearing the coat of arms of New Brunswick and Canada. The curlers were welcomed to the city by Recorder Baxter and Mayor Frink, and in original verse, by E. A. Smith. Addresses were given by A. B. Copp, M. P. P., and Dr. J. W. Daniel and contributions to the programme were made by Jones' orchestra, F. T. McKean, A. E. Massie, Thomas W. Murray, Dr. H. V. B. Bridges, D. B. Pidgeon, F. C. MacNeill, and Robert Wardop and Andrew Blair of the Scottish team. Major Ross who is with the visitors gave selections on the bag pipes.

After several songs, to close the programme the chairman called upon Col. Robertson-Aikman, captain of the curlers, for an address. The leader of the visitors spoke briefly but to the point. So far they had found that no people were so capable of extending a welcome as the Canadians. They had entered the door at Halifax to a very warm welcome and had found the house inside was quite as warm. Certainly one effect of the visit would be the cementing of friendship between the old country and the new. The first invitation to Scottish curlers came to Canada in 1858 and if the Scottish players had had any idea of the warmth of the welcome which they would have received they would have accepted the invitation much sooner than they did, the first trip being made nine years ago. In closing, he expressed a wish for more frequent visits and presented the chairman and the mayor with badges of the Scottish team.

In the Carleton game yesterday afternoon the visitors won their only victory of the day, Skip J. Keanie defeating Skip Jr. O. Dunham, 17 to 8.

The afternoon results were as follows: The match between the visiting curlers and Hampton, played in the Thistle rink, resulted as follows:

DOCTORS HAD GIVEN UP ALL HOPE

"Fruit-a-tives" Saved My Life

Riviere a Pierre, Q., May 9, 1910.

"I look upon my recovery as nothing sort of a miracle. I was for eleven years, constantly suffering from Chronic Dyspepsia and Indigestion.

I was treated by several doctors and they simply did me no good. During the latter part of my illness, I was so thin that I weighed only 90 pounds, and I vomited everything I ate.

The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. I received the Last Rites of the Church.

At this time, a lady strongly urged me to try 'Fruit-a-tives.' When I had taken one box I was much better and after three boxes, I was practically well again, and had gained 20 pounds. I have taken 13 boxes in all and now weigh 150 pounds and am well."

Madame ARTHUR TOURANGEAU.

"Fruit-a-tives" is the only medicine in the world made of intensified fruit juices and always cures Indigestion.

50c. a box, 6 for $2.50, or trial size, 25c. At al dealers, or from Fruit-a-tives Limited, Ottawa.

FORTUNE IS FOUND IN AN OLD BUSTLE

Ten Thousand Dollars Owned by Woman Who Died in Ontario

Brockville, Ont., Jan. 6—Ten thousand dollars in United States bills, so faded and torn that they will be sent to Washington, for redemption, have been found in a bustle that was worn for many years by Mrs. Mary Fasset, who died suddenly at her home in the village of Westport, Leeds county, recently.

CHARGED AS RECEIVER OF STOLEN ROYAL JEWELS

London, Jan. 6—The disappearance of jewels valued at $30,000, which were purchased here by the Dowager Queen of Siam, Sowaya Pongsi, the widow of King Chulalongkorn, had a sequel yesterday in the Bow street police court, when Jules Paul Debosceck was brought up on charges of having received the stolen gems at Singapore.

According to the charges against the prisoner he gave to a bookmaker at Singapore some pearls which were identified as part of the plunder. It appears that the prisoner occupied one of the official positions at the Windsor wharf at Bangkok, at which place the robbery was discovered.

The prisoner reserved his defence and was remanded.

NIGHT'S REVEL COST NEW YORK $560,000

This is Estimate of Sum Spent to See Old Year Out and New In

According to the estimates of hotel men and restaurant proprietors in the White Light District, in New York, more than $550,000 was blown into the sound of cowbells, horns and other instruments of torture. That more was not poured out was due, they believed, to the fact that the infant year decided to make his debut on a Sunday night.

Still these masters of the revels were not altogether dissatisfied with the manner in which their humble subjects had eaten and made merry. The minimum price they had obtained for admission checks to their temples had been $5 and in view of the weather and calendar conditions, nothing had occurred to make them regret their moderation.

"We had a better night than we had the year previous," said James B. Regan, proprietor of the Hotel Knickerbocker, "but it was by no means up to that on which 1909 made its entry. That was the banner year of New Year celebrations. Nothing like it had been witnessed before in New York and nothing to be compared with it has been seen since.

"The crowds, too, were more orderly and they retired earlier. As a matter of fact, we had finished here by about four a.m., although by that time we had sold about 2,000 bottles of wine alone. By nine a.m., practically all the hotel had been swept and cleaned and not a trace of the celebration was left."

At the Waldorf-Astoria it was said that the seating accommodations in all the restaurants are sufficient for about 3,000 persons. More than 2,500, it was estimated, were present when the old year went out and the new one came in, and, although this was not quite so many as the year before, the amount of money taken in was slightly larger.

Rector's with its clientele of the stage and Wall street, was one of the gayest spots in the bright light area.

"Never had such a fine crowd in my place since its' been open," declared Captain Jim Churchill. Some of them were very good spenders, indeed. Nothing to complain of."

Under its new management the Ansonia celebrated the occasion in a unique manner. A little before the hour of twelve, several clowns in fantastic attire burst into the dining-room and amused the guests with all sorts of antics, while an opera singer in the gallery sang a song especially composed for the occasion.

The lower Broadway restaurants and hotels all did well.

Conservative estimates by leading hotel men of the cost of New Year's eve celebration in New York Sunday night are: —

Number of persons dining in the big hotels and restaurants	50,000
Dinners at an average cost of $5 a plate	$250,000
Wine and liquors	150,000
Tips to waiters	25,000
Taxicabs and other vehicles	75,000
Cloakroom and hat check tips	10,000
Total	$560,000

These figures do not include the money spent in Brooklyn, the Bronx and the smaller restaurants and hotels in Manhattan.

BOARD OF WORKS.

The board of works at a special meeting yesterday discussed the liability of the C. P. R. in connection with the accident at No. 1 berth and referred the matter to the recorder to communicate with the C. P. R. The estimates were not adopted but will be taken up at another meeting before the meeting of the council. The board decided to lease a warehouse at Sand Point to F. E. Williams for $20 a year. The request of J. S. Gregory for permission to hire the city's scows was referred to a sub-committee. A proposal to insure the city against accidents to their workmen was referred to the treasury board.

Forests of leafless trees are to be found in some parts of Australia. The trees respire through a little stem which apparently answers the same purpose as a leaf. The tree is known as the leafless acacia.

In last night's game, both teams skated with lightning rapidity but Russell Bowie's team did great work with the stick and in combination. Bowie scored five of the nine goals credited to his side, Russell and Bignell were largely instrumental in achieving the scores for they played up whenever opportunity offered and their quick and accurate passing enabled Bowie to shoot when shots meant scores. Law was a revelation to the average spectator Shots that appeared entirely out of his reach were juggled with ease and sent out of the danger zone.

Upper Canadian Games.

Montreal, Jan. 6—Meeting their ancient foes, the Ottawa champions, in the arena tonight, the Wanderers will play the same line-up as against the Canadiens. A meeting will be held after the game to decide the ownership of Cleghorn and either corroborate or rescind the decision of the president in declaring him a free agent. The Canadiens will play in Quebec tonight, and may be reinforced by the presence of the veteran Pud Glass of Wanderer fame on their forward line. A big offer has been made by the Frenchmen for the services of the ex-Wanderer rover.

THE ELECTIONS IN GERMANY WILL BE HELD NEXT WEEK

People to Choose 397 Representatives—The Standing of The Many Parties

Berlin, Jan. 6— The Reichstag, which was elected in January, 1907, has been closed after fulfilling its legal span of life, and the German Empire is again in the throes of a general election. On January 12 the nation will be asked to return 397 men to represent it in parliament, and the struggle of parties will be keener and probably more far-reaching than at any other period in the forty years' history of the new German Empire. For months the party machines have been hard at work in the constituencies and the liveliest interest is being manifested in all parts of the country.

During the five years which have elapsed since the last election, the parties, with one exception, have remained practically stationary.

Since 1871, there have been twelve general elections, fought on a great variety of issues, but it was not until 1887 that the parties settled down to definite programmes of policy, and finally assumed the shape and color which still characterize them.

In the last parliament the parties stood as follows:—

	Seats
Conservatives	60
Imperial Party	25
Anti-Semites and Farmers' Union	27
Clericals or Centre	104
Poles, Alsatians, Guelfs and Peasants' Union	28
National Liberals and Allied	56
Radical Liberals	50
Social Democrats	43
Independents	4

Paris Woman Says Her Good Looks Are Spoiled and She Wants $5,000

Paris, Jan. 6—A beauty doctor who undertook to provide new skins for old is defendant in a suit for $5,000 damages brought by a lady who alleges that he has spoiled her good looks for life.

It is alleged that the beauty doctor undertook to remove all wrinkles and restore the perfect skin of youth by a special treatment. The charge for a new face was $500 and for "le complet," $1,000. The patients were shut up in the dark for a fortnight and the skin then treated with a special unguent.

The immediate results were entirely satisfactory, but the plaintiff asserts that after a few weeks the old wrinkles returned and became twice the former depth, while the hair fell out and could not be induced to grow again.

We all ought to thank God for giving you the knowledge to invent such an appliance. You know what I told you it did for me before, in consequence of which I will never give up praising it. I lent my Belt to one of my neighbors whom the Doctors said had stomach trouble and rheumatism. He tried lots of Doctors and went to the hospital and came home the same as he went. It is needless for me to say that he is now well, although he wore it only a few times. Yours very truly, W. A. SPEARS.
