COURT HEARS OF TROUBLE IN A NORTH END FAMILY Blows and Names and Husband Reposes on Organ in the Hall

With grievances on both sides, the home of Duncan Jewett and his wife in Brooks street was this week the scene of quarrelling which finally resulted in the husband being before Judge Ritchie in the police court on a charge of wife-beating, on which he was remanded.

His wife poured into the ears of the court a sad story of the domestic trouble which she said had been going on for some time. She said her husband came home on Thursday night and when she spoke of his being away from home from early morning until late at night, he struck her in the eye, threw a pickle bottle at her, and then threw her on a bed-spring, beating her with a boot, until she was severely bruised.

Jewett admitted having struck her with his fist but said that he had been greatly provoked at some nasty names which she had called him, and also because she had accused him of unfaithfulness. She had also scratched his face with her finger nails, telling him she did not want to see his face again. He went out and, coming back later, made his bed on top of an organ in the hall-way. J. Earle Logan appeared for Jewett.

THEY GO TO JAPAN When Capt. J. W. Davis and Harry D. Brown left St. John two weeks ago for Vancouver on a visit to the Canadian west and the Pacific, there was a possibility that their trip, instead of being one of two months, should extend into half a year and that they would see Hong Kong and Tokio and other parts of the empire of Japan before they would feel kindly breezes blow again.

The possibility has become a fact as a telegram received last night announces that they were to leave Vancouver today for San Francisco where Captain Davis will take command of a large ship for the voyage to Hong Kong and return. Mr. Brown will also make the voyage.

PRESENTATION MADE TO ROBERT B. PRICE Robert B. Price, who has resigned from his position in M. R. A.'s clothing department, to accept a position with J. N. Harvey, in Vancouver, was given a pleasant surprise last evening, when the clerks from M. R. A.'s clothing department and a couple of ex-officio members of that department, invaded his home and gave him a hearty farewell good time. The visitors were well fortified with music and a very pleasant evening was spent.

A feature of the occasion was the presentation of an address, written in the form of a running history of Mr. Price's life, illustrated with appropriate drawings depicting various stages in his career. It created no end of fun. Thomas J. Morgan, on behalf of the gathering, presented to Mr. Price, a handsome travelling bag. Supper was served by Mrs. Price and the gathering dispersed at a reasonable hour. Mr. Price will leave for his new home in the west on Sunday afternoon. Mrs. Price and the children will follow later, about June 1.

EXPORTS TO STATES SMALLER

Statement By United States Consul Here Shows Falling Off of More Than \$300,000 in First Quarter—The Causes

A statement of the exports from the port of St. John to the United States for the quarter ended March 31, 1911, compiled by the United States consul, shows that there has been a marked falling off in the value as compared with the same period last year. The total figures for the quarter just closed are \$1,818,830, whereas in the first three months of 1910 the figures were \$634,103.65, a decrease of more than \$200,000 for 1911.

The main reason is attributed to the poor lumber market, and also an unsettled feeling regarding the reciprocity agreement. It is felt that if the agreement is adopted the exports from St. John would show a very large increase. The lumbermen are also looking for an early improvement in the lumber market.

Following is the statement for the quarter ended yesterday: Automobiles 2,200.00 Cattle, horses 150.73 Furniture antique 132.50 Hat and caps 1,903.00 Jewellery 553.00 Fish and seafood 197.50 Fire brick 2,967.00 Furs 3,863.01 Galleries 40,850.55 Gold and silver 362.05 Knives 434.01 Lumber 7,824.90 Packed shingles 1,732.12 Household goods 2,966.00 Hay 192.40 Sheep hides 1,732.12 Hides 202.56 Old rope 4,200.18 Old rubber 4,452.40 Scrap lagging 191.60 Tin 4,380.39 Lime 2,984.20 Laths 21,966.90 Lumber 33,125.00 Shingles 1,884.17 Pulp wood 269.00 Wood pulp 72,790.32 Soap 752.09 Lye concentrated 950.76 Postage stamps 1,062.50 Rubber 134.40 Silver 400.00 Spruce plank 14,089.19
