ADVENTURES OF THE TWINS

By Olive Roberts Barton.

THE SNOW MAN'S WISH.

"We're going to take you home!" they shouted joyously.

"Do you know any more people who are wishing things?" asked the Fairy Queen.

"Oh, yes! Lots!" said Nick. "The Snow Man was wishing that he could be inside where the children play and where the fire is. He says he gets lonesome outside in the yard. No one ever stays to keep him company."

"That's true," said the Fairy Queen. "But then there is a place for everybody in the world, and I'm afraid that indoors is not the place for Mr. Snow Man."

"He was so lonesome," said Nancy, "that we promised to speak to you about it."

"That was right," nodded the Fairy Queen. "and I shall do what I can. But I'm afraid it's just one more lesson to learn. Wishes usually turn out that way."

They all got on Two Spot, the blue-velvet butterfly, who didn't mind winter weather, and flew away to the place

Beauty

A Gleamy Mass of Hair
35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling. You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair becomes.

Mr. Snow Man's eyes still looked merry but he answered sadly. "Well, I should rather die happy than live miserably. I want to be where there are people and children in the house. I don't want to stay out here with nobody but the moon and stars at night and the sun by day, with only the children coming to see me once in a long while."

The Fairy Queen's heart was touched. "All right," said she. "I shall arrange to have you taken indoors. But remember, if anything happens, I have warned you."

"Come, children," said the Fairy Queen to the twins. So they all flew away on Two Spot toward the house where the children lived.

And right on the smooth snow on the lawn where everybody could see it, the Fairy Queen wrote a message.

"Please take me into the house. I am very lonesome out in the field."

When the children saw the message they cried, "Oh, oh! If the Snow Man can get this far to write us a letter, why didn't he come right into the house himself?"

But the children got accustomed to strange things happening, and they asked no more questions.

They got their sled and coasted down the hill to the place where the Snow Man stood.

"We're going to take you home!" they shouted joyously.

Mr. Snow Man's little eyes twinkled and twinkled.

TRY SULPHUR ON AN ECZEMA SKIN

Any breaking out of the skin, even itchy, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.
