The World says the ice at the Chatham rink was "black with people" last Saturday night. It wasn't. The people were all white.

A safe has been placed in the new Island Revenue office. It is better than none, but could not the Department have given us something better than a second-hand old-fashioned affair? Mr. Jas. Desautels had a good deal of work in placing the safe and did it quite successfully.

The Patrons appeared at the Chatham Skating rink last Saturday night and there was a large number of spectators to witness their performance. The skating by Axel was not quite so good as that of last year, while that of his brother was the more graceful. Altogether the exhibition was well up to public expectation.

The Lock—A time lock has been placed on the safe of the Bank of Montreal, Chatham. The object of the device is to make it impossible for any person whatever to open the safe until a given time after it has been locked. It happens that the safe is being used for the purpose of storing bank buildings and by torturing those who know the lock-combination force them to disclose it and thus secure a large amount of money. The time lock is a perfect security against robbery of this kind, as even the bank manager himself cannot open the safe until the time for which it has been locked has expired.

Dr. GAYTON, lately of Portland, St. John, has located for the practice of his profession at Lunenburg. The St. John Globe, speaking of Dr. Gayton in a late issue, calls him a man of solid acquirements. We welcome the Doctor to Lunenburg, and wish him a successful career as a physician and a surgeon.—Carleton Gazette.

Last week, our man about town who had often been instructed and amused by the Doctor's literary statements, witty conversation and ringing laugh, felt that he had committed something approaching a misdemeanor when he neglected to congratulate the Doctor and his fair bride.

It is now a matter of course, and we do not doubt that many of persons in this city and its environs will unite with him in wishing the happy couple all the felicity which is said to be attached to the marriage knot. Here are two such wishes, with a single thought; two hearts that beat as one.—Freeman.

Field of operations the contest was more exciting. Skip Miller was the only one who saved his side from a total rout, though skip Thompson and Bostain made an even thing of it, so that really the visiting men had only two rinks as winners. The crowd was very large and has scarcely been greater this season at any match. The score is appended:—

The Entertainment. He also referred in grateful terms to those who had managed and contributed so much to the Entertainment, and pointed out that all the credit of their unmitigated success was due to them. He reminded them that they had now come to that season when the Church calls upon them to pause awhile and to look within themselves and see whether they were drifting and, therefore, these entertainments would be discontinued for the present, as they all were called upon to withdraw as much as possible from that world, and they had promised to renounce, that nothing might distract their attention whilst the solemn calls to repentance and amendment of life were sounding in their ears. In conclusion he said it was his intention to organize a branch of the Church of England Temperance Society on Friday next, which might work as an organized body in trying to suppress the evil of intemperance. The society of the four entertainments amounted to \$16.70.

An Enthusiastic Endorsement. GORHAM, N. H., July 14, 1873. GENTLEMEN:—The more I read of you, the more I like you, and I feel grateful to you for the good you are doing, and I think the Lord is glad to see you doing so much good. I have a slight shock of palsy, which has not improved, and I am unable to do much work. I have a slight shock of palsy, which has not improved, and I am unable to do much work. The Chatham Club. A dinner was given at the Dufferin, after the morning play, to the Chatham club, the host being Lord. There was an excellent bill of fare, which the party evidently enjoyed. Mr. Andrew Malcolm, press of the Thistle Club, presided. When the vint had been discussed, Mr. Malcolm offered the first sentiment. The Queen, which was received with the usual honors. Mr. A. O. Skinner proposed the health of the Chatham club; Messrs. Hutchison and Smith made very pleasant responses. Mr. Hutchison made the toast, St. Andrew's and Thistle club, which elicited replies from Mr. S. F. Matthews and Mr. Andrew Malcolm. As the guests had to buckle on the armor again, the event was concluded at an early hour.

The New says—The Chatham Club defeated the St. Andrew's club in the morning and threw in the Thistles for good measure in the afternoon. The visiting team is a very strong one and won the game on the 11th. The risks were taken by skip Johnson and Britain were considered the strongest of the visiting team, and the programme of the Thistles was to hold their own against them if possible on the Thistle ice, while their confederates on the St. Andrew's ice made away with skip Smith and Hutchison.

The first chance in the indictment prevailed, but it was the best played game of the season. The Thistles were defeated by the St. Andrew's club, and the programme of the Thistles was to hold their own against them if possible on the Thistle ice, while their confederates on the St. Andrew's ice made away with skip Smith and Hutchison.
