E. winds, 16 miles, 9 a. m.

#### LOCAL NEWS.

The Artillery Band will hold an important meeting at their rooms to-night. Every member is expected to be present.

C. P. R. steamer Lake Champlain landed passengers at 8:30 a. m. October 21st, at Quebec. C. P. R. s. s. Lake Michigan sailed from Antwerp at 2 p. m. October 20th.

Members of E Company will meet at their Armory, Barrack square, on Tuesday evening at 7:45, to return uniforms and equipment and receive drill pay.

A large crew of men are at work today, laying the new granite pavement on Water street. When completed the street will be one of the best in the city. Between the blocks of granite cement is poured, and this is covered with sand.

The delegates from Mt. Allison, Acadia, and Dalhousie who had been attending the student's Y. M. C. A. convention at the U. N. B. came in on the Boston train Saturday night and left for their different colleges today.

No. 3 high service main has been repaired and no break occurred today. The recent break mended late Saturday night, and the water was turned on on the high level at 12 o'clock Sunday morning.

W. H. Dickson a brother of G. O. D. City is the Royal M. Dickson was a former resident of St. John who left here about 1872 and located at Salt Lake City. Since first going away Mr. Dickson has made several visits here and each time finds fever and fever in his friends left in St. John. He says the city itself does not seem to change much but that the fine weather is something he appreciates. He says such weather as we have now cannot be beaten even in Salt Lake City.

J. A. Carney, of New York, came in on the Boston train Saturday night and is stopping at the U. N. B. accompanied by his wife, two daughters and son. Mr. Carney is a former citizen of St. John and is nephew of the late Jas. Callahan of this city. Rev. Father Carney of St. Dunstan's church, Fredrickton, is a brother. Mr. Carney prominent banker and broker of New York. He is now starting on a tour of America and Europe. He intends to be in home for Easter Sunday. He will stay in this city till Thursday.

The dredge Beaver is at No. 3 crib site today and Mr. Mayes says that the work can be finished there in four days. The lower end has been over and all that remains to be done is to clear a small space near No. 4 berth. Mr. Mayes says that too many times was lost in getting No. 2 crib site ready. Instead of the dredge staying at No. 2 crib all the time, it was shifted about doing odd jobs here and there and the result was that the work lasted for days longer than it should have.

**WILL GET A DETECTIVE AFTER CREAMER CHILDREN**

F. W. Sumner Thinks the Government Should Act in This Case.

F. W. Sumner, of Moncton, was at the Royal on Saturday. Mr. Sumner is the man who has taken such a live interest in the mystery of the lost Creamer children and has employed men to hunt for them. He offered a reward of \$100 for information concerning them.

Mr. Sumner thinks that the government should have taken hold of the matter and kept up the search until some trace was found of the children. He thinks that if the government can pass laws for compulsory education and make the children go to school it should even more protect the children's lives, and such a case as this one should not be allowed to drop until some trace has been found of the lost ones.

Mr. Sumner also says that since Mr. and Mrs. Creamer had gone to the United States the opinion had not about that they were in some way responsible for the disappearance of the children and that they did not in any way really help to find them. This theory, in his opinion, a wrong one, because Mr. Creamer had spent all his money and all his time for some weeks searching for the children and as he was a day laborer it was impossible for him to keep up the search any longer. Mr. Sumner spoke of the Creamer family as being very intelligent, indeed more so than is usually found in people of their class of life.

Mr. Sumner intends to employ a good detective and continue the search until he can find some way of explaining the mystery.

**FELL OFF WHEELHOUSE OF THE TUG LEADER**

Gordon Faraday, son of Capt. Faraday, of the tug Leader, had a bad fall this morning. The Leader was tied at the Dominion Coal Co.'s pier and young Faraday was on the roof of the wheel house when he lost his balance and fell between the tug and the wharf. In falling he struck against the side of the tug and hurt his knee. One of the men employed on the tug quickly pulled him out, and beyond a slight cut in the knee and a ducking he is none the worse for his experience.

#### ST. JOHN LIKELY TO LOSE JIMMY PRICE

The Champion Skater is Now Working in Boston.

If He Skates Again It Will Probably Be Under American Colors—However He May Retire, for He is a Worker.

It is more than probable that Jimmy Price, the amateur ice skating champion of the world at one mile, will soon announce that he has accepted this winter if he skates at all. Price has been located in Boston for some time. Several months ago he surrendered his work with the Fenelon Medicine Company of this city to enter upon electrical labors at the hub, and evidently he intends to stay there.

Under these conditions there is little probability of having the very best young teamman to win fresh laurels for St. John or to defend in the name of St. John—those already to the city's credit. Should he decide to don the aluminum tubes again it is unnatural to suppose Bostonian athletic organizations will fall to "discover" him, and clothe him in their chosen colors. In that case Jimmy will undoubtedly hail from Boston, as many other Canadian athletes have been so annexed.

No recent word has been received from Price; he is a plodder at his work and is always anxious for advancement. This leads his relatives and intimate acquaintances to believe the youthful flyer will cut out speeding this year, if not altogether. However, when energetic American sportsmen get busy the best laid plans of athletes "oft gang a-gley."

Price—if he really decides to adopt Boston—but will follow any skating events in which he may enter with keenest interest. There is a well-grounded belief hereabouts that he can win often against the very best men on ice if properly trained. His wonderful finish at Montreal two winters ago by which he laid low the entire Canadian human whirlwind Morris Wood of New Jersey, stamped him as a stayer, and a finisher of good medal calibre.

**HAD HIS EYES OPENED BY A TRIP OUT WEST**

P. H. Green Comes Back Full of Enthusiasm Over the Great Country.

P. H. Green, the photographer, has just returned from a six weeks pleasure trip through the North West. Mr. Green left St. John on September 15th, and has been in all the principal towns between Vancouver and Winnipeg.

He was very much impressed with the air of prosperity and bustle which pervades the whole of the vast country. The people, he says, seem to have a go-ahead manner and to be very industrious, and are working hard to build up homes for themselves.

While there he met J. E. Irvine, of St. John, who is now in the real estate business in Calgary and is doing well. He also met several other St. John men and reports them as being prosperous.

Speaking of the openings for young men in the West, Mr. Green said there was plenty of work for anyone who wanted it, and the best of wages. Common laborers get \$2.50 for an eight hour day and carpenters and other tradesmen from \$3.50 up for the same time.

In the agricultural line there are even better chances, especially for anyone with a little capital. One of the most fertile spots in the West is the Okanagan Valley, which has a climate like that of California and in which fruit of all kinds can be grown abundantly.

One of the orchards last year yielded a crop of apples valued at \$25,000. One farm of two acres on which onions were grown raised a crop which sold for \$500. The land is especially adapted for agriculture.

Speaking of the increase of the value of property, Mr. Green cites one instance where a farm was last year bought for \$4,500, and sold this year for \$5,500.

Mr. Green is enthusiastic about his trip which he says was most enjoyable. He arrived home on Saturday.

**CARLETON CAR LINE GOING AHEAD RAPIDLY**

But It Will Be Two Months Yet Before It is Finished.

The work at the Street Railway Co.'s extension at Carleton is progressing with great rapidity. A large crew of men are at work and each day sees about fifty yards of new track laid. The work was commenced at King street and was carried on to Tower street, then up Tower to Lancaster. This is as far as the track has been laid. The first piece of line was put down about one month ago and since then several blocks have been passed. No delays have occurred and the officials do not anticipate any. Plenty of rails are on hand and it is not thought that new ones will have to be purchased. The work is being rushed in order that most of the digging will be finished before the ground becomes hard with frost.

It is quite probable that in two months everything will be in full swing and the remains of Carleton will be enjoying a car service.

**TONIGHT.**

Any clerk can start tonight to lay the foundation for a one or two hundred dollar raise of salary, payable in April or May by beginning a course at the Currie Business University, Ltd., which is open five nights per week.

#### Overcoats

For Fall and Winter . . .

**SHIRTS With 4-Ply Starched Bosoms.**

A Protection Against Colds—Always a Protection

**MANY a man would wear flannel top shirts in winter if it were not for the "look" of it.** The 4-ply Starched Bosom Shirt we are now telling about, therefore, fills a long-felt want. It gives to men who are susceptible to colds and weather changes a garment that is eminently dressy—a shirt in the coat model, with the Patent Adjustable Neckband, and all the snap, style and exclusiveness that could be desired. It's a winter-time regatta shirt of the first quality, with latest tailoring improvements and special cold-weather extras. Hundreds of patterns from which to choose.

Prices Range from \$1.00 to \$2.00 Men's Outfittings.

**New Skirts Half Price**

This is the Watchword at Our Big Sale now Hustling Along.

**BE ON HAND EARLY TOMORROW.**

AT 8 O'CLOCK THIS MORNING we met the ladies of St. John with one of the most attractive propositions in the line of skirts we have ever made. Naturally enough there was a rush of buyers and before noon many bargains had gone from our hands, but that should not deter tomorrow's shoppers. The sale started with something like 254 skirts in Fancy Tweeds and Plain Cloths such as Navy Blue, Greys, Black, and we feel sure there will be a good selection on hand for Tuesday buyers. Fine smart durable skirts for Women and Girls.

LADIES' SIZES: \$1.25, \$1.50, \$1.75, \$2, \$2.50, \$3, \$3.25 MISSES' and GIRLS': \$1.25, \$1.50, \$1.75, \$2.00.
