

WON GOLD MEDAL.

Frank A. McDonald Lands Corporation Prize—Led Province in U. N. B. Exams—Silver Medal Winner.

Frank A. McDonald, by the results of the recent U. N. B. examination is winner of the Corporation gold medal awarded to the student from St. John who makes the highest average in this examination. Not only, however, did Mr. McDonald lead the city schools, but he also came out ahead of all the students from this province. The record made by the St. John student this year is an exceptionally good one, three students coming in the first division and ten in the second. The leader in the examination is W. C. Abercrombie of New Westminster, B. C. For the last two years, the U. N. B. examination examinations have been taken by a number of students in British Columbia at the same time and the examinations were being given here. The success which attended their efforts this year is remarkable as the two of the students who took the examination obtained first division marks. Mr. Abercrombie had the honor of leading the whole class.

Frank A. McDonald, the winner of the medal, is the son of Arthur McDonald, cashier in the Bank of New Brunswick in this city. He has been a student in the room of W. J. S. Miles during the last year. Mr. McDonald has not yet decided whether or not he will go to the university, but during the next year he will attend Grade XII. at the High School.

The winner of the Parker silver medal is Alton P. Cushing as the leader in the mathematical papers, and arithmetic, algebra and geometry in the city schools. The next four in order are H. C. Brown, Clifford Wilson, F. A. McDonald and J. G. McKinnon. Mr. Cushing came in second division on the whole of the work, but his paper on mathematics was a splendid one. The boys have won back their lost laurels in this succeeding in winning the first four places in the standing. Alton Cushing is a son of Richard H. Cushing, director of public works.

I. C. R. FIREMAN BADLY HURT.

Peculiar Accident to Fireman D. B. Stevens in the Yard Yesterday — Head Struck by Passing Car.

Douglas B. Stevens, a fireman in the employ of the I. C. R. met with a severe and painful accident yesterday about eleven o'clock that will lay him up for some weeks.

He was firing in a shunting engine that was working in the yard and had his head out of the cab window when he was struck by a bracket on a car that was being moved past where his locomotive was standing.

When Stevens was struck he was hurled backwards and fell against the engine. His right side was severely burned and his head badly cut. He was at once taken to his home, the Provincial House, on Mill street, where he was attended by Dr. Emery.

The injuries are very severe but not necessarily serious although there is a possibility that there may be a slight fracture of the skull.

The injured man is a son of Isaac Stevens, of the I. C. R. police.

LITTLE GIRL FELL DOWN STAIRS AND WAS KILLED.

CLARK'S CORNER, N. B., Aug. 8.—The people for miles around were shocked last Friday, when they heard of the sudden death of Vivian Glen, the five-year-old daughter of Mr. and Mrs. Albert C. Chase. The little girl fell from her home late Thursday night to visit her friend Ada, the daughter of Mr. and Mrs. Jas. R. Tapley of French Lake. Friday before dinner, as the little girl was playing up stairs, she fell from the top of the stairs, a distance of about eight feet. Mrs. Tapley, who heard the fall hurried to her assistance. She was stunned by the fall, but said she was not hurt, and was soon about playing again.

In a short time she took pains in the head and sick to the stomach, and at four o'clock that afternoon she passed away.

Glen was a bright and lovable child, who will be much missed by all who knew her. Mr. and Mrs. Chase have sincere sympathy of their many friends in their sad bereavement. The funeral took place Sunday, the services being performed by Rev. W. Padraic.

WM. TAGGART'S KIDNEY DISEASE CURED BY DODD'S KIDNEY PILLS.

Well-known Tilbury East Farmer Tells How Easily He Got Rid of His Kidney Trouble.

TILBURY, Ont., Aug. 4.—(Special).—Mr. Wm. Taggart, a well-known and highly esteemed farmer of Tilbury East, tells of his remarkable cure of long standing Kidney Disease by Dodd's Kidney Pills.

"For about four or five years," says Mr. Taggart, "I was a sufferer from Kidney Trouble, and the scores of medicines I used gave me no relief. I was forced to get up three or four times every night and my life was simply miserable."

"At last I started to use Dodd's Kidney Pills and I got relief from the first. After using two boxes I was completely cured, and you can bet I was a happy man. I cannot speak too highly of Dodd's Kidney Pills."

"All urinary complaints are caused by Diseased Kidneys. Dodd's Kidney Pills always cure the Kidneys and therefore always cure urinary complaints."

FELT IT COMING. "Why does he predict a big corn crop with such assurance? He has just bought a pair of shoes that are two sizes too small."

METHODIST APPOINTMENT.

President of the N. S. Conference Has a Word of Criticism—Rev. David Hickey's Conference Address.

I wish it to be definitely understood at the outset that I am now, always have been, and no doubt always shall be, in favor of a legitimate system of invitations. I hold that in this purely democratic country the congregation that pays the bills has a right to say to whom the bills shall be paid.

I have no doubt, however, that if every circuit had strictly adhered to the constitutional idea involved in the stationing committee for all concerned, an untrammeled stationing committee, so far as my observations go, uselessly does the very best it can for the church, within its own limited sphere of uncontrolled action. The honorarium has interfered with at all it would have been well for the denomination as a whole. But the interference commenced, it was tolerated, it was recognized, until now it practically dominates the committee. It is no use to quarrel with what cannot be helped. The only thing that can be done is to regulate it.

Usage having not been regulated, it is no use to quarrel with what cannot be helped. The only thing that can be done is to regulate it. Usage having not been regulated, it is no use to quarrel with what cannot be helped. The only thing that can be done is to regulate it.

FRIENDS REMEMBER ST. MARTIN'S.

Deacon John Bradshaw is 86 Years Old—Other News.

ST. MARTIN'S, Aug. 4.—The annual picnic of the W. C. T. U. took place Thursday afternoon on the Seminary grounds. About fifty were present and a most enjoyable time was spent.

The evening's event was a large number of the friends of Deacon John Bradshaw, who was celebrating his 86th birthday. The occasion was held at the home of Mrs. J. Bradshaw.

By using Dr. Chase's Nerve Food she was made strong and well as ever. Of course I had a doctor, but she was weak, and it was Dr. Chase's Nerve Food which built her up."

JAPANESE ORDERS FOR BIRMINGHAM, ENGLAND.

A fact of considerable interest, as indicating the intention of the Japanese to push forward their land campaign in Manchuria, is the placing with Messrs. Brown, Marshall & Co., Ltd., of the Britannia Railway Carriage Works, Salley, Birmingham, of an order for 50 "provision wagons" for the Japanese government. These are practically covered goods trucks, the Japanese standard gauge, which is much narrower than the Russian.

WATERBURY, Conn., Aug. 4.—Claude Miller, conductor employed by the Connecticut Railway and Lighting Company, was arrested this morning on the charge of arson and was held in default of \$5,000 bond.

TORONTO, Aug. 3.—The National Yacht Club of this city announces that it is ready to challenge for the Seawanhaka cup.
