Beware of Colbs. Colds are contracted at this season, no matter what precautions are taken. It is well to take precautions, and it is also well to provide for trouble if it should come. That is to say, no household should be without a supply of Hawker's balsam of tolu and wild cherry, a certain cure for coughs and colds, and all throat and lung troubles arising from colds. Children especially find this the best of cures, for they like its taste. It soothes the throat and relieves the lungs, and speedily effects a complete recovery. Medical men recognize its value. When, therefore, a cold is contracted, the victim should at once begin the use of Hawker's balsam, and so prevent it from settling on the lungs and causing great trouble and positive danger to life itself. Hawker's balsam is sold by all drug-gists and dealers in 25c and 50c bottles, and is manufactured by the Hawker Medicine Co. (Ltd), St. John, N. B. and New York City.

Paper Talk. You read a lot about cheap clothes and see some very low prices quoted, but when you go for your suit you have to pay, perhaps double what you expected. You are disappointed, not because you can't buy a suit for very little money, but because the low priced one isn't nearly so good as you are led to believe it is. You must bring yourself to recognize this fact, that the clothes you see advertised at such ridiculously low prices are not the sort you wear. The surest way to get the clothes you want, is to go to a store that gives back money (same as we do) without any fuss; if whatever you buy turns out not to be the sort you took it for. \$6 to \$15 for men's suits. Men's ulsters are \$4. \$5. \$7, \$9, \$11. Men's overcoats are \$7.50 to \$15. Write for our book about clothes—its free. Scovil Bros. & Co., Oak Hall, St. John.
