

WOMEN'S INSTITUTE AT GRAND FALLS

Excellent Work Being Done by Branch of Women's Institute Recently Organized in Victoria County.

Special to The Standard.

Grand Falls, Nov. 19.—There is a flourishing branch of the Women's Institute here, organized in September, and with an enrolment of about thirty members, and the number steadily increasing. The meetings are held on the second Wednesday in each month. Early in the life of the institute, a woman's exchange was started in connection with it. Sales are held every Saturday afternoon in McLaren's store, and are proving a great attraction. At the last meeting of the institute it was decided to use the money from these sales and build a bandstand, which will, no doubt, prove a great benefit.

A rummage sale and oyster supper in aid of the new All Saints' Rectory was held on Thursday of last week, and proved a great success.

Mr. B. White and family, of Tracy's Mills, spent the week-end and the guest of Mr. and Mrs. J. L. White.

KEEPS BABY'S SKIN HEALTHY

Baby Eczema

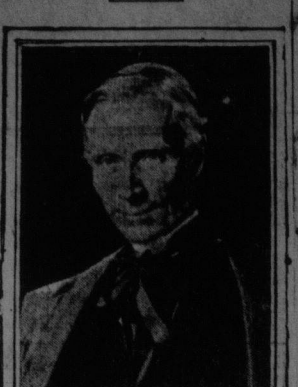

Mrs. Lela McKay, Tiverton, Digby County, N.S., writes: "My children were taken with an itching, burning skin disease and tore their flesh until it was sore and their skirts would sometimes be wet with blood. The doctor did not seem to know what ailed them, and could give no relief, so I began using Dr. Chase's Ointment."

"Wherever it was applied it did its work well, and has entirely cured them of this horrible disease. They suffered so they could not sleep at night, and I think if it had lasted much longer I would have gone crazy from the anxiety and loss of sleep. I cannot find words to praise Dr. Chase's Ointment enough for the good it has done my children, and hope other sufferers will try it."

Dr. Chase's Ointment is a necessity in any home where there are children. By curing irritation and chafing it prevents torturing skin disease. 60 cents a box, all dealers. Sample box mailed free, if you mention this paper. Edmondson, Bates & Co., Limited, Toronto.

Cardinal James Gibbons, the highest dignitary of the Roman Catholic Church in America, recently wrote the following letter:

My Dear Mr. Menkin:—

I beg to acknowledge the receipt of your esteemed favor of the 21st instant. In regard to the charge that the Jews are using blood for ritual purposes, I beg to assure you that I have never for an instant believed in any such accusation, and I regret that such a false accusation should form the basis for any such persecution.

With sentiments of esteem, I am,

INQUIRY INTO ANTHRACITE FREIGHT RATES

Discrimination Claim is Made to Inter-state Commerce Commission.

MEANS ARTIFICIAL SHORTAGE OF FUEL

Anthracite Coal Carrying Railroads Discriminate Against Independents Shipping Hard Coal to Central West.

Philadelphia, Nov. 19.—Declarations that the anthracite coal-carrying railroads discriminate against the independent shippers hard coal to the central west in favor of the so-called railroad coal companies and that this alleged discrimination leads the independents to seek more profitable markets, thus creating an artificial shortage of the fuel in the fall and winter months, were made today at the Inter-State Commerce Commission inquiry into anthracite freight rates. These were made by C. A. Eastman, of the Eastman-Barber Company, which is also interested in coal companies in Indiana.

Mr. Eastman's testimony came after counsel for the commission had concluded examining operating officials of the Erie, Reading and Lehigh Valley railroads regarding the handling of coal. He took the stand voluntarily when the commission, through counsel, asked whether any one present had any complaint to make regarding coal freight rates. Mr. Eastman said that officers of the Ohio, Indiana and Michigan coal dealers' associations, representing 2,000 dealers, were in Philadelphia ready to protest before the commission against the coal freight rate to their states.

Mr. Eastman testified that the freight rate on anthracite from the mines to Buffalo for shipment to a labor party in Ohio, Indiana, Michigan, certain points in Illinois, and all lake points, is \$2 a ton, while the rate from the mines to Chicago is \$1.75. He further testified that on account of the differential in freight rates on coal going in the same direction, with the same tonnage, the independent shippers in the same way, there is a chance for manipulation of about sixty cents per gross ton.

"As a shipper in Chicago," Mr. Eastman said, "as long as we purchased anthracite coal from what is known as the railway coal company, 25 cents a ton was handed back to us when the coal was consigned to points that take the \$2 rate."

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-tives"

Hagersville, Ont., Aug. 26th, 1913.

"About two years ago I found my health in a very bad state. My kidneys were not doing their work, and I became all run-down, and I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them."

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected."

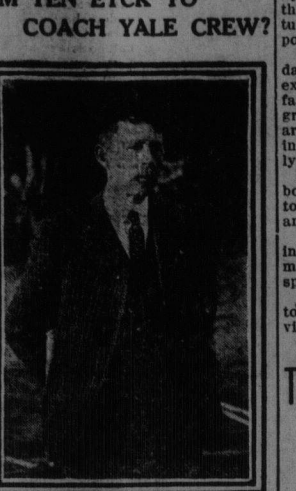

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish."

B. A. KIBBY.

In hundreds of letters received by the Fruit-a-tives Company, the same expression is used. "Fruit-a-tives is the best kidney remedy in the world."

At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

JIM TEN EYCK TO COACH YALE CREW?

JAMES TEN EYCK
SYRACUSE COACH.

The important announcement will probably be made shortly by Captain Denegre, of the Yale crew, that James A. Ten Eyck, the veteran rowing coach, now at Syracuse, will be engaged to coach the Yale crew next spring.

A meeting of the rowing committee will be held in New York city soon, at which a radical change in the Yale navy will be announced.

A meeting of the St. John and District Soccer League was held in Fairville on Tuesday night to complete arrangements for the representative match that the league is having on the Marathon grounds December 13. A committee was formed to select two teams representing Scotland and England.

As there is a large number of good players in the league, a first-class game should be seen. The league also dealt with a protest brought up by the Cape F. C. against the St. John F. C. for breaking Rule 5. It was agreed that the game be played over again, the Cape winning their protest. Tickets for the international match will be on sale Saturday, first.

WENT HOME AND FOUND LIFE GONE

Edward King of 51 Brooks Street, North End, was Treated to Rude Surprise Last Evening.

A case of desertion in which the woman instead of the man has taken the initiative, came to light yesterday afternoon in the North End, when Edward King of 51 Brooks street, returned home to find his wife and small family missing and nothing left for him but to test his culinary ability and look after matters at home.

Indeed even in performing these necessary duties the confused man found himself considerably hampered for the housewife whose departure, it is said, was unexplained, not only removed herself and her two small children but also took clothes, bed quilts, cooking utensils, and in fact anything easily removable.

According to the young husband who has been heretofore wife and family, no quarrel arose which prompted the woman's departure and the perturbed man is placed in a rather sad position.

King had been driving a team all day and returned at dark with the expectation of meeting his wife and family. Instead he found no one to greet him and some of the household articles removed and the rooms showed evidence of having been thoroughly ransacked.

Mrs. King was a native of Parrboro, and her two children which she took with her were respectively two and four years old.

It is understood she had been keeping company with another North End man and has continued to do so despite the warnings of her husband.

To cap King's trouble he is obliged to appear in court this morning for violating the traffic law.

TIME NOT RIPE YET
FOR A LABOR PARTY

Seattle, Nov. 19.—That the time is not ripe for the formation of a labor party, but that trade unionists should look forward to increasing political activity, was affirmed today as the position of the American Federation of Labor, which adopted by a vote of 193 to 1 a declaration of principles.

The principal speakers on the declaration were Wm. H. Hayes, Socialist floor leader, and Jas. Duncan, first vice-president favoring it, and George L. Berry, president of the International Printing Pressmen's Union, opposed.

Hayes said the Socialist party would enter into no alliances that would require modification of the Socialist platform.

Two resolutions brought up the religious question, as influencing the formation of Christian trade unions in Europe, were speedily defeated, the resolutions committee declaring: "Nothing could be more injurious to the labor movement than the injection of sectarian religious matters."

GIRLS! GIRLS! TRY IT.
BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove all dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandervine hair cleanse."

Just try this—moisten a cloth with a little Dandervine and carefully draw it through your hair, taking one small strand at a time, for ever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and know it surely get the 25 cent bottle of Dandervine's Dandruff for any drugist or toilet counter, and just try it.
