VON KLUCK'S ARMY CELEBRATES VICTORY AT SOISSONS; A SIMPLE MEAL SILENT TOAST TO DEAD

Before Soissons, January 18. (By Courier to Berlin), via London, Jan. 21.—At the headquarters of a certain German army yesterday evening Gen. Von Kluck and his staff celebrated the battle and their success at Soissons in typical German military fashion, with a simple soldier's meal, a bowl of punch brewed by the expert hands of Von Kluck himself, a graceful little speech by the General, and a silent toast to the dead—both French and Germans.

many places is overflowing its banks, between the two armies. The French retain a foothold north of the river only at one point—St. Paul—where the bridge from Soissons crosses, and hold this apparently on sufferance, since the bridge head is completely commanded by German artillery on the heights. The river at this time forms an effective barrier to any repetition of an attempted French offensive on this section of the line. The battlefield covers a front of approximately seven miles.

RUSSIA

Petrograd, Jan. 20.—The following communication from general headquarters of the Russian army was issued today:

"There is nothing of importance to report of the operations on January 19 along our entire front, except the usual rifle firing and cannonading. "In the region north of Rawa the Germans made two attempts at a partial offensive. These were stopped by our fire, and the enemy was compelled to fall back. "In the evening of January 18 the Germans, in the region of the village of Bukovitsa (on the left bank of Bzura), made an attack against the head of the bridge, under the glare of searchlights, rockets and straw which had been set on fire at a distance of 300 paces. This attack was repulsed by the efficient fire of our artillery. "The same evening in Western Galicia the Germans, after cannonading heavily our positions south of the small town of Radloff, and setting on fire two villages behind our positions, made an attack on them. Compact detachments of the enemy reached our barbed wire entanglements, but our destructive fire prevented further progress. They suffered heavy losses and were compelled to fall back on their position. "In Bukovina, our troops are advancing with success. They have occupied after some fighting, the village of Iohaneshti, about ten miles north of Katra Dorna, where they captured and made prisoners, both officers and men."

GERMANY

Berlin, (by wireless to Sayville, N. Y.)—Jan. 20.—The following official statement was issued here tonight: "From January 19 to 20, German airships bombarded the fortified place of Yarmouth and other places on the English sea coast. The attack was successful. Considerable damage was done. "The airships were shelled but regained their home port undamaged."

WOULD NOT DANCE TO MUSIC PROVIDED BY GERMAN ORCHESTRA

Engaged for Firemen's Ball, but residents refuse to attend function. St. Catharines, Ont., Jan. 20.—The firemen of Niagara-On-The-Lake, having difficulty in securing an orchestra for their New Year's ball, engaged a German organization from Buffalo, but were obliged to cancel the contract because many of the residents declared they would not attend a dance if a Canadian orchestra could not be procured. It is understood that the German musicians intend to retaliate by refusing to play for any Canadian organization that puts foot in Buffalo.

FAREWELL TO SOLDIERS

An enthusiastic gathering of the friends and members of St. Mary's Church took place last evening at the school room to take leave of a number of the men from the congregation who have enlisted in the second Canadian contingent. At least an equal number have already either gone to England or are mobilized at Fredericton and Halifax. Rev. Dr. Raymond, in the name of the church, presented souvenirs to Sergeant-Major R. I. Carlross and Edwin Willis of the Army Service Corps, to Sergeant Thomas Love, Corp. Walter Conley and Privates Gordon Pinney, Harold Henderson, Albert Kelly of the 26th Battalion and to Gunner Roy London of the Ammunition Column.

some gold wrist watch with monogram. Rev. Dr. Raymond read the address and added a few words expressive of the general esteem of the congregation for Mr. Carlross both as a man and as a soldier.

Addresses were also made by Warden Hipwell, S. Willis, a former warden, and John Kenny. Sergt-Major Carlross made a feeling response and Edwin Willis spoke in behalf of himself and his comrades.

During the evening excellent music was furnished by the St. Mary's Band. At the close refreshments were provided by the ladies. "Auld Lang Syne" was sung and this patriotic and enthusiastic meeting closed with the promise of a very warm welcome to their representatives when they come back again.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Your hair gets soft, fluffy and luxurious at once.

If you care for heavy hair, that glazes with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Dandergine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Dandergine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandergine. If eventually—why not now?
