OBITUARY

W. B. Stewart.

Digby, Feb. 27.—A gloom was cast
over the town today when it was
learned that W. B. Stewart, the aged
clerk of the municipality of Digby, had
died last night. Mr. Stewart was
taken sick a few days ago. His con-
dition yesterday gave much ground
for hope, but the end came very sud-
denly. He was really born into the
office of municipal clerk, as his father
the late Henry Stewart, was munici-
pal clerk before him, and he entered
the office when eighteen years of age
and has been there continually, ever
carrying on the duties of his office
on his sick bed. He was 75 years old
and leaves to mourn his widow, three
daughters, Mrs. J. C. Dehalinhard, in
the West; Miss Agatha, in New York,

THE SUMMER PORT OF ST. CROIX

(Courier.)
What do you know about this?
While the editor was working one
evening this week a fly, a real live fly,
commenced to buzz about his head.

Outside the snow piles were still high
and in the bin in the cellar the coal
pile was low. The writer could have
used the "swatter" effectively, but the
buzz of the little visitor was such a
welcome sound, such a harbinger of
better days to come, that the tiny vis-
itor was spared to sing his song to
"other hearts."

ARE YOU GUARDED
AGAINST THE FLU?

Body Should be Kept Strong
and System Put in Good
Order—"Liv-rite" Can Do
It.

Physicians say that when influenza
strikes the germ is hard at the eye-
stem which is unprotected. Unless the
constitution is strong serious results
may follow. Therefore it is that in
these days when there seems so much
illness, it is important to see that the
system is in its best physical shape so
as to present an unweakened state to
the attacking germ. If some of the in-
ternal organs are not performing their
proper functions it naturally follows
that the system is not in its best con-
dition. Unless the organs do the work
which it is provided they should do
the constitution must be too weak to
prevent attacks from common germs.

The blood must be purified, the mus-
cles strengthened, vitality restored to
tired organs and the system thorough-
ly cleansed of impurities. These are
the special functions of "Liv-rite
Tonic." It does all these things. It
can be safely and highly recommended
by those whose bodies need to be
strengthened at this particular time to
ward off an attack of flu or pneumonia.

A Bad Case

Eczema All Over His Body—
His Legs—His Arms Covered

John Clark of Brookville, N. B. crowds a
story of great suffering into a few words.

"I was tormented beyond words. I
could not sleep. You could not put a
pin on my whole body. I tried several
doctors. They said it was eczema. I
used three dollar bottles of D. D. D. It is all I
need. I have not had a sore for five
months."

Each week we are selecting a letter from
some Canadian sufferer to show what can be
done to itching, burning skin diseases by the
cleansing, purifying liquid wash, D. D. D.

Stop that itch today. You are not asked to
use D. D. D. for weeks before you receive re-
lief. If you don't get relief from the very first
bottle we hand your money back. \$1.50 a bottle.
