

RAISE FUNDS FOR BELGIAN RELIEF

Endeavor to Obtain From the City Sum of \$250 Per Month

Plans for the raising of the sum of \$250.00 per month from the city of Brantford for the purpose of maintaining 100 Belgian families were discussed Tuesday afternoon at a meeting of a committee appointed from the Board of Trade and other bodies of the city, with the result that a campaign was decided upon for the purpose of raising the required sum through a system of canvassing and through the medium of the press, pledges to be printed in the newspapers and signed by all willing to contribute to the cause.

The committee appointed comprised Messrs C. Cook, convenor, Rev. G. A. Woodside, Rev. C. Paterson-Smyth, C. L. Gamble, J. A. Powell, W. B. Preston, A. K. Bunnell, Geo. Hatley, M. J. O'Donohue, A. J. McCann, R. Scarfe, Logan Waterous, Mr. C. Cook was appointed chairman of the committee and Geo. Hatley secretary-treasurer, with an executive comprising Messrs Cook, O'Donohue and Waterous, to see to the issuing of circulars to the members of the Board of Trade and to other bodies. Messrs Waterous and Preston were appointed a committee to lay the matter in hand before the Sunday schools of the city, and also before the Ministerial Alliance.

Now that the cost of taking care of a whole family has been reduced to \$2.50 per month there should be hundreds of Brantford people who would be glad, during these comparatively good times, to take care of a whole Belgian family. However, to this appeal subscriptions, large and small, are asked, and the issue of 25c per month will be just as welcome as one of \$5.00. Be sure you ask for a pledge card.

NEWS OF NORFOLK

Robert Craig Elected by Acclamation to Town Council

(From our own Correspondent)
Simcoe, Jan. 4.—A quite considerable consignment of new books for the public library is now being listed and added to the shelves. The library hours are 3 to 6 and 7 to 9 o'clock, Sundays and holidays excepted.

The engagement is announced of Eric Bell, only daughter of Mrs. Jno. Hawthorne and of the late John Hawthorne of Simcoe to Harrison Allan Stringer, of the Dominion Natural Gas Co. here, and eldest son of Mr. and Mrs. L. W. Stringer of Inka, W. Va. The wedding will take place quietly towards the end of the month.

Robert Craig has been elected by acclamation to the vacancy in the town council, which went by default. Misner and Carter, as suggested yesterday both remaining in the field, and we are likely to have the hottest contest on this single ticket, that has obtained since the January municipal elections in 1915, which were run on the local option ticket. In the present struggle it is not a question of fitness nor of policy, but a mixture of the nomination conditions and the social element. Both men are Conservatives in politics, and, as citizens, both are held in high esteem.

There are at present but three inmates at the county jail.

The Humane Society will meet at 7.30 this evening in the town hall. Routine business.

A Generous Contribution
Ex-Warden Malcolm McDowell forwarded his \$100 honorarium received at the close of the last session of the county council, to the Canadian Red Cross Fund.

Perhaps not less than half a dozen youths have gone through the ice on the mill pond during the past fortnight. Up to the present time, there have been no narrow escapes.

Fred Wilkes was back at his post in the Controller room at the L. E. and N. depot last night for the first time, since his narrow escape from electrocution there.

George J. McKie, who since the inception of the Patriotic fund has administered the Norfolk end of the work, gratuitously, has perhaps merited from the citizens of the County a more pronounced recognition for his cheerful shouldering of the work than has been accorded him.

We expect soon to have an announcement regarding the long deferred launching of the recruiting campaign here. There were to-day indications of some shaping up for

Pure, Clean MILK

You get nothing else from us. Pasteurization makes it as clean and pure as deep spring water. Did you ever stop to think about the old cans and half-washed bottles in which milk is often delivered. Not here, though, because every bottle leaving our building is sterilized.

LINCOLN

A Comparison of the ed Two Coun

(Editorial in the Toronto) Ever since the war began or Borden has been treated much as Lincoln was treated out the Civil War in the States. It was declared that he was feeble, indecisive and He was attacked for usurping authority in order to bring to an early termination. He was denounced for not exercising authority in order to bring to an early termination. He was denounced for not exercising authority in order to bring to an early termination. He was denounced for not exercising authority in order to bring to an early termination.

It has been said that Lincoln received worse advice and than any other statesman lived. Probably this was to the accession of Sir Robert to office and the outbreak in Europe over two years a few Republicans entertained thought that Lincoln could be elected. He himself at last finally convinced that he had not acted wisely. As late as August he wrote out statements asking the Cabinet to endorse whom his contents were needed. He produced this scene after his triumphant reelection when opened by John Hay found to contain a brief summary in which Lincoln stated it was extremely probable he was re-elected he intended to operate with the President save the Union between the and the inauguration.
