The DAVIS AUTOMATIC INKSTAND

An Inkstand that pays for Itself.

Indispensable for professional and business men—link in these stands is preserved in its natural colour, kept free from dust; no evaporation, thus a saving of 60 to 90 per cent.; will not spill when tipped over—The ink springs up at each dipping of the pen, then goes back into the stand, where it is kept practically air tight—The reaction is caused by a float which always has the same elasticity; a being constructed of hard rubter and glass, will last a lifetime. No blots on broke or papers from this formation of the funnel, the surpus; taken from the pen every time. Money invested in these stands will yield from 50 to 100 per cent—yearly—Write for descriptive circular and introductory prices. Indispensable for professional and business men. Ink in

The Reason Why

Ayer's Pills are so popular is, that while always reliable as a cathartic medicine, they never leave any ill effects. This is because they are purely vegetable, and entirely free from calomel or any other dangerous drug. In all cases, therefore, whether the patient be old or young, they may be confidently administered.

In the Southern and Western States, where derangements of the liver are so general, Ayer's Pills have proved an inestimable blessing. D. W. Baine, New Berne, N. C., writes:

perne, N. C., writes:

'I suffered a long time with stomach
and liver troubles. I tried various remedles, but received no benefit until I
commenced taking Ayer's Pills These
pills benefited me at once. I took them
regularly for a few months, and my
health was completely restored."

Throughout New England, next to lung diseases, Stomach and Bowel Complaints are the most prevalent.

Dyspepsia

and Constipation are almost universal. Mr. Gallacher, a practical chemist, of Roxbury, Mass., who was long troubled

Roxbury, Mass., who was long troubled with Dyspepsia, writes:

"A friend induced me to try Ayer's Pills, and, after taking one box without much benefit, I was disposed to quit them; but he urged perseverance, and, before I had finished the second box. I began to experience relief. I continued taking them, at intervals, until I had used eleven boxes. Suffice it to say, that I am now a well man, and grateful to your chemistry, which outstrips mine."

The head and stomach are always in sympathy; hence the cause of most of those distressing headaches, to which so many, especially women, are subject. Mrs. Harrist A. Marble, of Poughkeepsie, N. Y., writes that for years she was a martyr to headache, and never found anything to give her more than temporary relief, until she began taking Ayor's Pills, since which she has been in the enjoyment of perfect health.
