

(LETTERS PATENT OF THE TOWNSHIP OF NEWTON.)

# PROVINCE OF LOWER CANADA.

[L.S.]

ROBT. S. MILNES,

LIEUT.-GOVERNOR.

GEORGE THE THIRD, by the grace of God, of the United Kingdom of Great Britain and Ireland, KING, defender of the Faith.

*To all to whom these present shall come, or may in anywise concern,*

GREETING :

WHEREAS in obedience to Our Royal Instructions in this behalf, and by virtue of a certain Warrant of Survey to him for that purpose directed, under the Hand and Seal of Our Trusty and Well Beloved *Sir Robert Shore Milnes, Baronet, Our Lieutenant-Governor* of Our said Province of *Lower Canada*, bearing date at Our *Castle of St. Lewis* in Our City of *Quebec* in Our Province of *Lower Canada*, the *twenty-seventh* day of *October*, in the year of Our Lord one thousand eight hundred and four, *Joseph Bouchette, Esquire, Our Surveyor General* of and for Our said Province hath made a faithful and exact survey of a certain tract of our waste land situate lying and being in Our District of *Montreal* in Our said Province bounded on the *North East* by the Seigniorship of *Rigaud*, on the *East* by the Seigniorship of *Soulange*, on the *South West* by the Seigniorship of *New Longueuil*, on the *West* by the *Division Line* between the Provinces of *Upper and Lower Canada*, and on the *South East* by the *thousand acres* of land granted to the *Honorable Joseph DeLongueuil* under *Location Certificate* bearing date in the year of Our Lord one thousand seven hundred and *eighty-nine*, *Beginning* at a post or boundary erected on the Province Line at the distance of seventeen chains from the boundary of the said Seigniorship of *New Longueuil*, marking the *South West* angle of the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton* running from thence magnetically *North* seventeen degrees thirty minutes *East* along the Province line five hundred and eighty-six chains twenty-five links to the *South West* boundary of the said Seigniorship of *Rigaud*, which boundary marks the *North West* angle of the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton*, then *South* fifty degrees forty-five minutes *East* seven hundred and ninety-four chains along the division line between the said Seigniorship of *Rigaud* and the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton* to a post erected for the *North East* angle of the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton*, thence *South* nineteen degrees *West* one hundred and fifty-eight chains along the division line between the said Seigniorship of *Soulange* and the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton* to a post erected on the *North Easterly* line of the said Seigniorship of *New Longueuil*, marking the *South East* angle of the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton*, thence *North* thirty-six degrees forty-five minutes *West* three hundred and sixty-eight chains along the division line between the Seigniorship of *New Longueuil* and the said tract of our waste lands whereof a survey hath so as aforesaid been made commonly called the township of *Newton* to a post erected on the division line between the said tract of our
