

TAKE YOUR GARDEN TO DINNER.

And keep out the freeloaders.

Your garden gives you a lot of pleasure. Right?

Well, now's the time to return the favour by helping the good things to grow . . . and laying the bad things low. And at Dixie's garden centre you'll find just what you need to do both. More in fact, than just about anywhere else. A lot of important items are on sale. And a bunch more are priced the way you'd expect a huge garden centre to price their goodies.

C'mon out to the Dixie Quality Foods Garden Centre this weekend. And bring your wife. While you're saving money on stuff to feed the garden, she can save a bundle on things to feed the family (like 55¢ chicken, and other things on page 2 of this newspaper.)
