I could raise you to a consciousness of your own powers & responsibilities. Have the pictures at which we have been looking brought heavenly with them into your several hearts! If so remember this. In the world about us there are many whose hearts are sad, there be many whose lives are made sombre clouds of doubt & despair. Since life must be lived you can not, lay it down, and every thought each act traced (by it) in lines that ~~some~~ men shall read.
