

130465  
Hydro

November 18, 1933.

Mr. Louis L. Lang,  
The Lang Tanning Co.,  
Kitchener, Ont.

Dear Mr. Lang:

I have your letter of 16th and  
saw Mr. Jensen this morning.

Hydro has been letting off  
Engineers steadily, and as a matter of fact, the taking  
on of anybody has never yet come before the Commission  
since I went on. I did arrange though that if this  
young man would go up to Kirkland Lake he could probably  
get labouring work which might be of use to him later or  
at least establish some connection for him. He is going  
to let me know later whether he will do this.

Yours very truly,

AM/E.

Commissioner.
