Only the Dominion Parliament has jurisdiction over the manufacture or importation of intoxicants, and it would seem not only fair and reasonable, but essential, that the Dominion should coöperate with the Provinces so as to give effect in this matter to the will of the people of the said Provinces or localities, as expressed in legislation up to the limit of their powers.

You Can Heal Your Lungs At Home

DON'T give up hope.

Don't go away from home to die.

Don't ruin your stomach with useless "dope" and patent medicines.

Your lungs will heal themselves—as readily as a cut on your finger heals—if you give them a chance!

What they need is more oxygen—more pure air—and Lung Food to help destroy the most malignant germs of the disease.

All competent physicians today recognize that God's pure air is the first and last requisite in the treatment of all diseases of the lungs.

Our method of treatment—which has been successful in hundreds and thousands of cases—discards drugs, and invigorates and develops every cell of the lungs, and at the same time destroys the germs of disease in the affected cells by the aid of Lung Food, and allows Nature to heal them. Our LUNC BATH carries life-giving oxygen to every cell of your lungs, and increases your lung capacity from the first day of its use. Prominent physicians endorse the Lung Bath as the only rational method of combating the great White Plague.

WE want every consumptive, and every person with tendencies toward consumption, to try the LUNC BATH.

At the worst it can do you no harm, and it may save your life.

It has never failed in a single case in which the patient had vitality sufficient to keep him alive for 90 days. Further than this—it has enabled over 90% of these same people who had vitality to live for only 30 days to cure themselves at home. If you can live a month, you have 9 chances out of 10 of getting well. These are results—not theory.

Is that record not worthy your investigation? Is a treatment with such a record not worthy a trial?

We will meet you more than halfway, for, though the treatment is inexpensive—we will guarantee improvement from the first (in the first 30 days), or refund your money.

You do not incur the slightest expense unless you and your friends see benefit and improvement. Your physician, if he is familiar with modern practice in the treatment of pulmonary tuberculosis, will endorse the Lung Bath and its use.

Remember it is not a medicine, but a natural method of invigorating and developing the lungs.
