

A Story of Success

THIS young lady has won the Typewriting Championship of the World on nine successive occasions. She is a Kennedy School graduate.

¶ This School is the only school in Canada devoted exclusively to high grade stenographic education. Its course gives the best preparation for commercial life for young people of either sex. It enables them to make of their work "A Story of Success."

Notwithstanding its many advantages, its fees are no higher than those of business colleges. If you would like some interesting information about expert stenographic work and the excellent opportunities which it offers, write for a copy of our Calendar for 1907-8.
