You can get all the

# Harvest Help You Want

By applying for it now

The results of the recent Man Power registration are at the disposal of the Ontario Government Agricultural Representatives and the Public Employment Bureaux. These give us the names of a large number of willing and experienced farm workers.

These figures show that about one-third of the men now resident in towns and cities were either brought up on a farm or have had previous farm experience; and a large number of them are willing to assist in gathering the harvest.

There is no reason, therefore, why any Ontario farmer should lose part of his crop for want of labour.

If you want help, all you need to do is to apply to your Agricultural Representative and tell him the kind of man you need; when you want him; for how long; and what you are willing to pay. The Agricultural Representative will get a man for you, or if he hasn't one available, he will refer your inquiry to us, and we will see that you are supplied.

Or you may fill out and mail the coupon below and address it as indicated, and we will deal with your application, through your Agricultural Representative, or we will send you a man direct from headquarters.

The main thing is: don't be backward about asking for help.

## Cut Off This Coupon and Mail It To-day

APPLY FOR HARVEST HELP TO:

The Agricultural Representative in your County, or to the nearest Zone Employment Bureau.

45 King Street West, Toronto.

85 James Street North, Hamilton.

108 Dundas Street, London.

39 Queen Street, Ottawa.

Parliament Buildings, Toronto

## Good to your feet

NO man gives boots harder wear than a farmer. He walks a lot. He travels rough ground.

To stand the hard work of the farm, farmers have worn boots so heavy and stiff that they hurt their feet. They had to, to get the wear.

NOW, heavy work-boots are made *pliable* and *comfortable*.

They are made with Neolin Soles.

These boots bend with the foot, and make walking easy. Still, they have the weight and thickness to bear the rough usage and protect the feet.

And soled with Neolin they give *longer wear*.

The farmer can be good to his feet without increasing the year's shoe-bill. He actually saves money on these comfortable boots—through longer wear.

In the 'last two years, millions have proved this true.

Canadians alone buy thousands of pairs a day. They have learned how much they can save by buying comfortable Neolin Soles.

Get new work-boots and Sunday shoes with Neolin soles. Get Neolin half-soles for your old shoes. There are several thicknesses of Neolin for new shoes.

Put boots on your feet that are easy to walk in, that will keep out the wet, that will outwear the best boots you ever had.

Look for the name "Neolin." It is stamped on every genuine pair.
