

It Helps to Fill Your Pocketbook.

Good butter at 25c. a lb. to 30c. a lb. Eggs at 25c. to 30c. a dozen. Insure better butter and more eggs by the regular use of Herbageum. Insist on having Herbageum; nothing else equals it. It is the standard. The cost is a trifle. The extra returns show a good profit that helps keep the pocketbook full. It is superior to any other preparation for horses, cows, pigs, sheep, calves or poultry. It makes skin or separated milk equal to whole milk for calves. It is better, less trouble, and more economical than Calf-meal.

Seed Barley—A quantity of the famous No. 21 barley, which is the best at O. A. C., and also most popular throughout the Province since first distribution in 1906.

JOHN FLDER, Hensall, Ont.

THE A B C OF DARWIN.

A dignified colored gentleman went into the reading-room of the Congressional Library in Washington and laboriously wrote a call-slip for Darwin's Origin of Species.

In due time the book came, and the colored student took it to a quiet corner and began to pore over it. After half an hour he came back to the desk and asked:

"Say, boss, can't I gitter fast edition of this yere book? This yere's th' fifth edition an' I ain't gittin' on right smart wif it."

He Is Back At Work Again

Abraham Garand's Rheumatism cured by Dodd's Kidney Pills.

He Suffered for Five years and was Four Months off work, but Dodd's Kidney Pills Cured Him.

Alfred Station, Ont., March 22.—(Special).—After being laid off work for four months by kidney disease and rheumatism, from which he had been a sufferer for five years, Abraham Garand, a section man on the railway here, is back at work again, and he gives all the credit for his cure to Dodd's Kidney Pills.

"I am forty-one years old," Mr. Garand said when asked about his cure, "and have been section man here for ten years. For five years I suffered from kidney disease and rheumatism, also sciatica in my right hip, which descended to my feet. For four months I could not work. Reading of cures by Dodd's Kidney Pills led me to try them. I used nine boxes in all, and to-day I am advising all who suffer from rheumatism to use Dodd's Kidney Pills."

Rheumatism and sciatica are caused by diseased kidneys failing to strain the uric acid out of the blood. Cure the kidneys with Dodd's Kidney Pills and they will strain the uric acid out of the blood. Then you can't have rheumatism.

GOSSIP.

GLENOW SHORTHORNS.

One of the oldest-established Shorthorn herds in Canada is the Glenow herd, the property of Messrs. Wm. Smith & Son, Columbus, Ont., straight Scotch-bred from the foundation. No breeder has exercised greater care in the selection of stock bulls, with the result that the herd is composed of big, early-maturing, and good-doing animals, the kind that are money-makers. On blood lines the bulk of the herd belong to that grand old tribe, the Wedding Gifts, a tribe noted for their thick, well-balanced type, and rapid-maturing. Others of the herd are of the Strathallan and Kibblean Beauty tribes. For several years the main bull in service was that very low-down, thick, good doing bull, Imp. Ben Lomond, a bull that, as a sire, has very few equals. Practically all the younger things in the herd are the get of this bull, and certainly the number of two-, three- and four-year-old heifers now on hand, are a most desirable lot with which to found a herd, or to strengthen an existing one. Now at the head of the herd is the Clara-bred bull, Royal Clara, a son of Imp. Royal Bruce, and out of Clara C. 2nd, by Imp. Count Douglas, grandam Imp. Clara 57th. This bull is nicking most satisfactorily with Ben Lomond's heifers, as well as with the whole herd. The benefit of the upward trend in the demand for Shorthorns has reached this herd. Lately the Messrs. Smith have shipped to the United States over a dozen head, besides several others to different parts of Canada. The herd being large, they have still for sale a number of choice heifers, and four bulls of breeding age, two of them being sired by Imp. Ben Lomond, and two by the stock bull. These are a most desirable lot, very smooth, very thick-fleshed, and very mellow. They will be priced right for quick sale, offering an opportunity that should not be lost sight of by anyone wanting a herd-header. Brooklyn, G. T. R., and Myrtle, C. P. R., stations. The farm is connected by long-distance 'phone.

S. F. JOHNSTON & SON'S SHORTHORNS.

In this week's issue, in the advertising columns, is appearing for the first time the advertisement of Messrs. S. F. Johnston & Son, in which they are offering for sale a number of extra-choice heifers, and a limited number of superior young bulls, bred in their excellent herd of Scotch-bred Shorthorns. Their farm lies in the County of Ontario, two miles from Myrtle Station, C. P. R., and one mile from Myrtle Station, G. T. R. Their post-office address is Ashburn, Ont. On tribal lines, this herd is rich in the blood of the Duchess of Gloster, Broadhoo-s, Cruickshank Lavender, C. Julia, Miss Ramsden, Stamford and Bruce Mayflower families. Of the first-named exceedingly-popular strain there are eleven head, and a grand lot they are. The herd all through is a high-class one, of the low-down, thick-fleshed type. At the head for several years was the show bull, Gloster Star, a double-bred Duchess of Gloster, and a sire of high order. Several of the younger things are the get of this bull. Others were got by Imp. Nonpareil Duke and Nonpareil Eclipse. Nearly all the herd are either registered or eligible for registration in the American Herdbook. Very worthy of especial mention is a rean 11-months-old heifer, by Gloster Star. This is one of the extra-good show heifers in the country. Another equally as good is a red yearling, Bruce Mayflower, by Nonpareil Duke (imp.). This heifer would take a heap of beating at Toronto. Pretty nearly as good is a red Lavender heifer, also a yearling, sired by Nonpareil Eclipse. Parties wanting something put up on show lines should look after these heifers, of which there are several others not mentioned. In young bulls, one is a red yearling, Gloster Duke, sired by Imp. Nonpareil Duke, dam Nonpareil Gloster, a grandly-bred Duchess of Gloster. This is a thick, mellow young bull of splendid type. The others are from six to eight months of age, all sired by Gloster Star, and two by Duke of Gloster, Julia and Rachel dams. Among them are coming show bulls of a high order. The herd is in splendid condition, and exceedingly well bred.

Shorthorns
Clydesdales
Yorkshires

BY AUCTION, ON

Friday, April 9th, 1909,
