A Fire Company insuring all classes of Farm Property at the Lowest Possible Cost to the Assured. FARMERS! Here are Six Reasons why it will pay you to insure your Property in

THE WAWANESA MUTUAL INSURANCE COMPANY

- FIRST—Because it is owned and operated by the Farmers of the three Prairie Provinces for their mutual benefit and not to enrich stockholders of a company formed to accumulate wealth at the expense of the insurer.
- SECOND—The cost of insurance is not only very low, but you are not required to pay your premiums in advance unless you prefer doing so, and no interest is charged where premium notes are taken. The agent's fee is all that is required to be paid in cash.
- THIRD—The Company is thoroughly reliable, and its policies are better adapted to Farm Insurance than any others issued. The use of steam threshers permitted free of charge.
- FOURTH—The cost of adjustment of loss claims are paid by the Company and not by the insured.
- FIFTH—Insurance on Livestock covers them against loss by fire anywhere on the farm, and by lightning anywhere in Manitoba, Saskatchewan and Alberta.
- SIXTH—That this is the Largest Farmers' Mutual Fire Insurance Company in Canada and must therefore be giving the best satisfaction.

Stop "Soil Blowing"

Straw spread evenly over the ground either before or after seeding or right now on the snow is the surest in fact the only satisfactory method of preventing soil blowing. If you live in the blow section or on a sandy farm you can't afford to go another year without a straw spreader.

Curtis Brown says: "It is just the making of my farm. I made over \$500 by spreading straw this year—my land never blowed a bit." Dick McClanahan says: "You ought to see the difference where we used the spreader and where we did not."
 Straw contains valuable fertilizing properties, such as phosphorus, nitrogen and potash. It is worth \$2.50 a ton for plant food, furnishing a large amount of organic matter, and placing the ground in better physical condition. Better crops are assured every farmer who uses a
