**Big Recruiting Rally Bay Bulls**

(Special to Mail and Advocate)

**BAY BULLS, Nov. 9.**—Last night the first recruiting meeting was held in the school here and was addressed by Messrs. Meaney, McGrath and Private Gladney. There was a good attendance of the men of the settlement. The meeting was called to order at 8 p.m. by Mr. A. Hearn, who acted as chairman.

The opening speaker was Mr. J. T. Meaney who addressed the meeting for 40 minutes, reviewing the history of the events leading up to the present war and pointing out the necessity of the young men of military age responding to the call to arms and keeping up the Newfoundland regiment to full strength at the front, and maintaining the splendid record the sons of Newfoundland have made for their country.

He was followed by Private Gladney who recounted the interesting incidents of his experience through the Gallipoli campaign which elicited rounds of applause.

Mr. R. T. McGrath, Inspector of Customs, closed the meeting by a eloquent address of thirty minutes presenting to the meeting forcible reasons why the young men of Newfoundland should offer themselves for service in the Newfoundland regiment. His speech was able and eloquent, finishing by a stirring appeal to men of military age to come forward and offer themselves to the service of King and Country.

They hold a meeting at Witless Bay to-night.

**BACK AT AYR.**

Mr. Jas. Buckley of the Customs' Broker's Office, had a letter by the last mail from Pte. John Buckley, Gallipoli veteran and who also has been in most of the fighting in France. He had been in hospital at Rouen Hill of heart trouble and is now at the base depot, Ayr, Scotland. The doctors told him that after a while he would recover and that his illness is nothing that he would need to worry about. He has had no leave since going from Newfoundland and despite what the doctors observe Pte. Buckley says he does not at all feel well. He again says he received no parcels sent to him by his friends and is justly indignant over this. He wishes to be remembered to friends here.

To-day he was still in a semi-conscious state.

**27 Enlist Last Night**

Last night the second recruiting demonstration took place in the City and was witnessed by a concourse of people, who took great interest in it. The S. A. Band was in attendance and discoursed patriotic music in capital style as the procession formed of Volunteers and Blue Jackets of the Naval Reserve paraded Water Street. At the Recruiting Depot opposite the Court House on Water Street, one of the Newfoundland officers, who has been through many actions addressed those present and made a very spirited address appealing to all young men who are physically fit, to flock to the colours to forward the grand resolve of the nation to retain unimpaired the integrity of our glorious Empire. He received a splendid hearing and was cheered to the echo.

Mr. W. R. Warren, K.C., followed Lieut. Knight and made a stirring appeal for volunteers. The volunteers who had been inoculated were given leave yesterday and others were put through drill in the armoury. A squad had practice with the rifle last night in the High Landers' Armoury.

At 11.15 a.m. to-day n alarm of fire was sent in from box 228. The soot in the chimney of a house at the head of Long's Hill had caught fire and was quickly quenched. The services of the firemen who responded were not required.

**Much Damage by Heavy Sea**

Since yesterday one of the highest seas witnessed in years has been breaking across the Narrows and as a result shipping has been prevented from entering or leaving port. The Gracina, from Halifax, has been outside since yesterday morning and today the Ingraham ventured out and had a hard time of it in the sea running between the North and South heads. This literally went up to Fort Amherst Light and the waves breaking over the Shore carried away Wareham's and Howell's stages with considerable fish on them and Wm. King's wharf. The undertow in the harbor is very heavy and vessels did damage to several of the City wharves.

The Florizel did a deal of damage to Harvey & Co.'s western pier, tearing away the gump heads and damaging the breastwork. The ship burst all her moorings, went adrift, and for security's sake had to be run out in the stream at 8 a.m. and came to anchor. Her sailing will, owing to this, be delayed till Saturday.

At the dock pier the racing was such that the Anzol and other vessels had to pull out from the wharves and some damage was done, we hear, by the Briton, but not of an extensive nature. Vessels had to be hauled over from Baine Johnston and Co.'s to prevent damage and Knowling's wharf, was hoove up by the tide and considerable damage resulted. Boats are out to-day securing the debris of the destroyed flakes and stages.

We learn to-day from people who arrived from that section that never before was there such a terrible sea noticed at Pouch Cove. This morning the waves were higher than ever before and as a result all the stages and flakes in the place have been swept away, with considerable fish in them.

A man named John Thistle and his son went to their premises this morning to try and save it, and were swept out with the sea, which broke over the place. They were saved by men who were near, but only after great difficulty, and both when got ashore were much exhausted.

Up to 1 p.m. no damage had been done at Flatrock, but it is feared that at high tide this afternoon the destruction will be great.

At Cape Spear.

Mr. Jas. Cantwell, of Cape Spear, says he never witnessed such a tremendous sea. This morning it came up to one side of the Whistle House and went out of the other, in effect going right around the structure, and never before did the waters come so far up at the Cape.

It is feared that much damage will also be done at Outer Cove and other places north of St. John's.
