SAPPER CARL LAWRENCE HOME FROM OVERSEAS SPENT WEEK END WITH HIS FATHER G. H. LAWRENCE.

Sapper Carl Lawrence who arrived at Halifax recently on the S. S. Arguay from overseas spent the week end in town with his father Mr. Geo. H. Lawrence, Arthur Street.
This Truro Soldier joined the machine department of the Royal Flying Corps in Toronto 18 months ago. He soon went overseas. In England he transferred to the 12th Toronto Battalion. In six weeks time he was sent to the fighting line and was in the battles of Ypres and Cambrai.
Sapper Lawrence had many thrilling experiences and narrow escapes. He suffered from German gas, had his right hip dislocated and leg broken at the ankle and was buried in mud by a big Hun shell. His nerves were badly shocked and he will be under medical care for some time.
Carl has two brothers in Khaki, Lieut. Percy Lawrence, who invented a highly effective "Flame Projecting" machine which was used with great results against the Huns, and Sapper Roy Lawrence now in Germany.
Sapper Lawrence returned today to Halifax where he will receive treatment at the Military Hospital. All his Truro friends were pleased to welcome him home and hope he will fully recover his former good health and be able to take his place in Civil life.

THE LATE MRS. C. E. JOHNSTON Popular Traveller Well Known in Sydney is Bereaved.

Quite a gloom was cast over the guests at the Sydney Hotel yesterday morning when the sad news was received by Mr. C. E. Johnston, that his wife had suddenly passed away at about 4.30 in the morning.
The deceased and her husband were well and favorably known throughout the province and particularly in the vicinity. The late Mrs. Johnston was held in the highest esteem by all with whom she came in contact. Prior to her marriage in June 1912 she was a matron of the Lynn, Mass hospital.
Mr. Johnston is one of the most popular travelling salesmen in Eastern Canada and represents the firm of Kilgour Bros. Toronto. The sympathy of the business people of the province, and particularly of his fellow travelling salesmen, goes out to him in his bereavement.
A father, two sons, three and five years old will feel the loss of an ideal wife and mother.
Mr. Johnston left last night for home in Mahone Bay—Sydney Feb. 7.

ANOTHER PUPIL OF THAT SCHOOL OF 52 YEARS AGO STILL LIVES.

The old time school, 1867-'68, at Lower Steviacke is again bobbing up serenely.
A Middle Steviacke man says "Rover" in his note in the News in 1899 was wrong when he referred to William Pollock as one of the scholars, who has past away. Mr. Pollock was not only living in 1899, but here 20 years later he is still alive at his home near Melbourne, Australia.
Three brothers, William, Hugh and Samuel of this Pollock family left Lower Steviacke years ago and were all alive and well, when last heard from in their far-off Australian home.

If plans now under consideration, work out satisfactorily, Halifax will have a night Fire patrol force. The idea is to have firemen carry on the patrol from 11 p. m. until 6 a. m. when there are not so many people on the streets.

Mrs. J. Murdock recently received word of the death of her nephew, Francis J. W. Bunce of gunshot wounds in the head. He died at a Base Hospital in France. Mr. Bunce is the youngest son of Mr. and Mrs. Francis Bunce, formerly of Melrose, Mass., but who are now residing at Sananselmo, California. Mrs. Bunce was Miss Janie Gratto of River John, sister of Mrs. J. Murdock of this place. Mr. and Mrs. Bunce and family have the most sincere sympathy of their many friends in this community.

HOME AGAIN.

A "home-welcome" is extended to two Truro heroes, who have just arrived from the War.
Corporal Donald C. Tedford enlisted in the 193rd in March 1916. He was soon overseas and fought well in many a scrap with the Huns. Wife and little son give him a hearty welcome; so do we all.
Pte. Luther Reid, enlisted in the 17th Bn. Sept. 28, 1914, and was soon training at Valcarter. He was with Canada's First Contingent over the Ocean, and was early on the battle field. In a scrap with the Huns, he was made prisoner and suffered all the horrors of a Hun prison. If we mistake not, he broke prison and arrived in Holland. He has had an experience, that will last him for a long life time.

NO REDUCTION IN PRICES IN SOME LINES.

A thoroughly well posted clothier in Truro says whatever the outlook for a reduction there may be in food prices there is none whatever in clothing. France and Belgium and other places in Europe, devastated by war, and with industrial work stopt for four years now require hundreds of millions of yards to clothe their people. This will if necessity keeps prices of fabrics of most all kinds at sky high prices.
The goods this dealer has purchased for Spring delivery are one-third higher than previous prices and next Fall's deliveries will be higher again than the Spring quotations.

There is nothing whatever to show any reduction in clothing and general cloth fabrics for many long months to come.
