ATHENS 2: LYNDHURST 0

The return natch between Lyndhurst and Athens football teams was played on the H. S. grounds here on Saturday afternoon last and resulted in a win for the home team by a score of to nil. The match was fast and clean throughout, there being very little rough play and no player penal-ized during the entire match. The Lyndhurst players were late in arriving, the match not being started until 4.30, so that the latter end of the match was finished in semi-darkness. The teams were composed of the follow

Lyndhurst won the toss and ele to kick down the field. They rushed the playing and several shots were tried on Athens goal, but were either stopped or went wide. Athens also e some rushes but seemed content to hold their opponents in check until last half. The score was 0-0 at the end of the first half.

Changing sides the teams went at it fiercer than ever. Athens got in some pretty combination play and rushing down the field passed to Whaley, who scored; time 10 mins. Lyndhurst tried to rush matters, but were forced back and Whaley again did the needful. Time, 9 mins. This ended the scoring, although Lyndhurst did kick a goa from behind Athens' backs, but it was

declared offsides. In summing up the match, it would be hard to distinguish any of the players. For Athens the two rull backs, Frye at half-back and Whaley in the forward line were prominent. Lyndhurst forwards were all good, Jones being particularly brilliant. In the back divisions Roddick Bros. were the

A curious coincidence of the two games played this year is that the scores in both cases were the same as the results of the two matches played last fall, viz : 0 to 0 at Lyndhurst and 2 to 0 in Athens' favor at Athens. This ought to convince Lyndhurst sports that even if Athens can't play baseball they can at least hold their own on the gridiron.

✓ THE REPORTER OFFICE FIRE

Shortly after 5 p.m, on Wednesday last smoke was seen issuing from the roof of the Reporter office, and the fire alarm was sounded. The Reporter for the week had just been printed, and those in the office were unaware of the hot time in progress overhead. The fire had gained but little headway when discovered, being centered in the attic around the smokestack of the engine, but it was difficult to reach, and soon developed into a dangerou The engine was run to the well at the rear of the office, and soon a good stream of water was at the disposal of the branchmen. It took some time to reach the fire, which was both protected and confined by the iron roof of the building, but finally a hole was chopped through the roof and in a few minutes it was extinguished, after over a half-bour's hard

REV. A. T. WARREN'S FAREWELL

On Sunday afternoon a large con gregation heard with sympathesic interest the farewell discourse of Rev. A. T. Warren, paster of the Holiness Movement in Athena. His text was the final words in Exodus 14: 15—"Go Forward," and while the speaker at times manifested the regret he felt at parting with those from whom he had received so many kindnesses during the last two years, his address was in large measure a humble acknowledgment of the blessings the people Lad received from the Giver of All Good and a profession of faith in the power of the Gospel to accomplish yet greater results. The congregation was deeply affected, and in the brief fellows: ip meeting and prayer in unison that meeting and prayer in unison that closed the meeting there was shown a heartiness, a depth of feeling, an accord that was most impressive.

Mr. Warren has won the respect and esteem of many beyond the pal-of his congregation, and they will join with the Reporter in expressing regret. at his removal.
