UP-TO-DATE HOTEL

The Hotel Merrill has lately undergone several improvements which will add materially to the comfort and convenience of that hostelry. The office has been enlarged, and a fine new, polished quarter-oak counter and desk has been installed, adding greatly to the appearance of the house. The second floor, which was formerly in use by the Canada Business College, has been converted into 18 bedrooms, each with clothes closet attached. The rooms are spacious, well lighted and comfortably heated. Two bath rooms are on the same floor for the convenience of guests. Mr. Merrill has also provided on the same floor, a handsome reading and writing room, which is another feature of the house. The rooms recently acquired have been fitted up with the best that money can procure. Another improvement has been introduced, namely, a neat little bus for the convenience of the travelling public.

The commendable enterprise displayed by Mr. Merrill will, without doubt, be highly appreciated and taken advantage of by the many patrons of this A1 house.

The furniture of the house is a very neat design, being of the "Mission" style.

The "Merrill" is in capable hands, under Mr. F. T. Merrill and his efficient staff.

If a man is friendless it's his own fault.
