Another Letter from Private Regan. Belmont, Sunday, Dec. 17th, '99.

DEAR FATHER AND MOTHER,—I received your two letters this week, one yesterday and the other last Tuesday, and I was very glad to get them. This is the second place we have camped since I wrote last. We left De Ar Thursday and went to Orange River, which is about seventy miles further. It was six o'clock when we got ready to camp and before we got the tents up it started to rain. That was the first rain I had seen since leaving Nova Scotia, and I tell you it did rain. We all got drenched and had to turn in wet, but no one was the worse for the experience. Sunday morning we got the word to go forward again and, strange to say, as soon as we got on the train (we were in fast cars) it commenced to pour again. We had to sit there an hour before she started, and it rained all the way up so we got another good drenching. We are now about 600 miles from Cape Town and we are camping on the place where the first big battle was fought. The Boers held an excellent position and I cannot understand how they were driven out there. They only held the position three hours and they expected to hold it for six months. There are about thirty unburied men lying around now and a lot of bones half-buried under rocks. We have been very busy since we came here building entrenchments and patrolling the rail-road and the surrounding country. We have to sleep with our belts and side arms on and with our rifles by our sides. We have to turn out every morning at 3 o'clock and man the trenches, and we stay there till 5:30 a. m. This is the pleasantest camp we have had yet, the only objection being the heat in the middle of the day, but the nights are beautiful. There was a total eclipse of the moon last night. I was on duty all night, one hour on and two off. About a mile from camp on the Kopps where the Boers made their last stand here. When I would lay down for my two hours sleep it was on a bed of rocks with a rock for a pillow. I think I could sleep on a bed of spikes and not mind it.

We do not get as much news of the war as you do. Can't get any papers at all. There has been quite a lot of all. These have been quite a lot of all. Dysentery since we came here and one dysentery has died—one of the New Brunswick fellows. I am in excellent health, well pleased. We do not know how long we will have to stay here. It is only about 25 miles from here to where the fighting is. I did think that we would see some fighting but I now think that we won't see any, although I may be mistaken.

I would give most anything to be able to spend Christmas at home. I suppose my Christmas will be the same as any other day. "Soup and bread"—I am in the hope that we will be home by the first of June. I would bring a lot of souvenirs if I only had a way to carry them.
