W. B. Ward, the Hamilton team's new shortstop, who has played professionally with the Waterbury team for the past three seasons, reported to Manager Curtis last evening, and worked out at the Britannia ball park this morning. From appearances Ward is every inch a ball player. His reputation as a base runner is well known. He is considered a second Thoney on the lines. The signing of Ward will move Brennan to second base, where he should make good. For the present Fraser will cover first and Coyle will fill an outfield position. The four new players will be seen in action in tomorrow's game against Niagara Falls. The game will be called at 4 o'clock. On Wednesday the Yankees will play a double header with the Tigers, the first game being called at 2 and the second at 5 o'clock.

At the East End Y. M. C. A. recreation grounds on Saturday afternoon the Y. M. C. A. nine defeated the Wesleys by a score of 15 to 9.

Prof. Barton, of the Y. M. C. A., has received entry blanks from many outside places announcing big meets to be held during July and August, and it is likely that two or three big meets will be held here. The big athletic and bicycle meet held at Britannia Park every Wednesday is sure to develop a lot of new men. If you are interested in athletics plan to attend some of these Wednesday night games, and encourage the boys.

R. B. Cheyne was the single competitor of the R. H. Y. C. bowling section, defeating H. T. Malcolmson by a score of 10 to 2. The scores in the semi-finals were:

R. B. Cheyne 11, R. C. Ripley 3. H. Malcolmson 10, C. E. Thomson 8.

The results of the annual inter-school rifle competition in Canada, held on June 9, were received from the Royal Military College to-day. The conditions seem to have been very similar at the different places where the shooting took place, all the teams being favored with bright weather.

Bishop's College School, Lennoxville, Que., secured first place, with a score of 184, being just one point in advance of Highfield School, Hamilton, Coaticook Academy making a poor third with 164. The rest of the schools made various scores, ranging down to 115—the lowest.

It is hoped that the challenge shield trophy of some kind will be donated for annual competition before next year.

They will appear before the Magistrate tomorrow to explain why they neglected to purchase tags.

STRANGE STORY.

Did Boys Have Deal With Inspector as to Smuggling Chinese?

Detroit, Mich., June 22.—John A. Clark, United States Commissioner of Immigration at Montreal, is in the city for the purpose of investigating the charges against Adam Hoffman, one of the local inspectors. The charge is based on the affidavit of two Windsor young men, Deneau and Carlow, who are in jail on a charge of smuggling Chinese into this country from Windsor, and who say that Hoffman gave them \$25 and promised immunity from arrest for each Chinese that they delivered here in such a way that Hoffman could nab them and thus make a record for efficient work as an inspector. The boys are not only self-confessed smugglers, they admit that on one occasion, when it was so dark that the inspector could not see, they delivered to Hoffman a couple of boys who were not Chinese at all, but white boys, and got Hoffman's money for the job. Hoffman makes emphatic denial of the claims, but the young men have presented such seemingly excellent evidence that an investigation was necessary.

SMALL FIRES.

Coal Oil Stove Explosion Causes Loss of \$800

This morning, shortly after 7 o'clock, the firemen were called to 23 Cathcart street, the home of William Nash, where a fire caused by the explosion of a coal oil stove did damage amounting to about \$800. Mr. Nash ran through the kitchen to get a phone to send in the alarm when the stove exploded, and left the doors open behind him, hence the large damages.

Two small fires, one in a tree and the other in an eavestrough, caused by faulty electric wires, took the firemen out Saturday night.

A small blaze in Mayor Stewart's marble yard this morning was put out by Chief Ten Eyck and one company. The fire, which is thought to have been started by boys, was noticed by the chief as he was driving past the yard.

BROKE HIS LEG.

John Cotter of Burlington Injured In Ball Game.

John Cotter, jun., a Burlington boy, met with a severe accident in a ball game at Strathcona Park, Burlington, on Saturday afternoon. He was playing third base for the Burlington team in a game with Nelson. The Nelson team was at bat and a runner had reached third and was trying to work his way home when he collided with Cotter and the latter had one of his legs broken below the knee. Dr. Howard was summoned and set the bone after which the young man was sent to his home. Burlington won the game.

ROCHESTER TRIP.

The trip to Rochester on the big turbine steamer Turbinia drew a fairly large crowd. The boat left here on Saturday evening at 5.30, and arrived back here this morning with a crowd of tired but happy trippers. This trip promises to be a crowd drawer, as a keen interest was evinced in the trip by all who went.

MELICK-GAWLEY.

Pretty Wedding at Banbridge Farm In Binbrook.

Banbridge farm, Binbrook, the home of Mr. and Mrs. Thos. Gawley, was the scene of a very pretty wedding last Wednesday, the 17th inst., when their eldest daughter, Mary Ellen, was united in marriage, to Mr. Robert T. Melick, of South Grimsby. The ceremony was performed by Rev. John Davidson, of Blackheath, and was witnessed by a few of the relatives and intimate friends of the contracting parties.

Promptly at 3 o'clock to the strains of the wedding march played by Miss M. G. Mitchell, the bride entered the parlor on her father's arm, through an aisle of white satin ribbons, held by her younger sisters. Her wedding dress was of white silk, with beautiful hand embroidery by an aunt of the bride, and she also wore a white tulle veil, with orange blossoms and carried a large bouquet of white roses and smilax.

The bridegroom, Miss Jennie Degrow, was becomingly gowned in white organdy, with lace trimmings and carried pink and white carnations. The groom was supported by his cousin, Mr. Allan Angle.

After the ceremony the guests sat down to a dainty luncheon, after which congratulatory speeches were made and responded to by the groom. Many beautiful and useful wedding presents were received testifying to the popularity of the young people with their large circle of acquaintances. The groom's gift to the bride was a gold watch; to Bridesmaid a garnet ring, and to the groomsmen a gold fob. The happy couple left on the evening train for Buffalo amidst showers of rice and good wishes. The bride's travelling dress was navy blue cloth, trimmed with braid, and hat to match.

BOY DROWNED.

Fourteen-Year-Old Lad a Victim at Rockland.

Rockland, Ont., June 22.—A sad drowning accident occurred this morning at 11 o'clock, when Amede Blais, of this place, aged 14, was playing at the gates at the upper mill and seemingly fell into the water unnoticed. He was in the water 15 minutes before the accident was noticed. Dr. W. T. Ferguson was immediately summoned, and although everything possible was done to restore the boy, the efforts were of no use. The father of the boy lived at Bouchette, Que., where he is employed by Mrs. Andy Colford. His brother, Prudhomme Blais, works in this village. The body will in all probability be taken to Bouchette, but nothing definite can be done until instructions come from the father.

The coroner has given orders for burial. No inquest will be held, unless the family request, as there was quite a number present.

BUFFALO DROWNING

Young Lad and Unknown Man Had Last Swim.

Buffalo, June 22.—The old swimming hole in Buffalo Creek at the foot of Weimar avenue claimed its first victim of the season yesterday afternoon. Frank Troszowski, 13 years old, of 106 Weimar street, was drowned in eight feet of water and within thirty feet of the shore.

The body was recovered a few minutes after the drowning by Steven Jablonski, 22 years old.

Yesterday afternoon the Troszowski boy and another lad, Frank Cosnarek, 13 years old, who lives at the same address in Weimar street, decided to go to the creek to bathe. They found hundreds of other boys there, and they arrived. Five minutes later the Troszowski boy, who could swim some, was heard to utter cries for help.

Without throwing off his coat Jablonski plunged into the stream and swam rapidly to the spot where the boy was last seen to have gone down. He dived to the bottom of the stream several times before he could locate the body.

After boasting that he had swam across the Erie Canal more times than any man of his age in the city of Buffalo, Barney Dugan, 22 years old, who had no home in particular, took his last "dive" yesterday, when he threw off his clothes and plunged into the canal at the foot of Maryland street, starting across stream. He sank to his death in mid-stream. By the time rescuers reached the spot where he went down they were too late when they arrived. The theory is advanced that the man was taken with cramps while he was in mid-stream.

No one seems to know who he is or who his relatives are. Most of the persons with whom he associated with knew him as "Barney." The body has been removed to the morgue awaiting some one to claim it.

DAY OF DROWNINGS.

Long List of Persons Who Lost Their Lives in the Water.

New York, June 22.—Frank Krise was strangled in the East End Y. M. C. A. swimming pool after he had broken his neck by a dive. August Taundman, captain of a New York city steam lighter, fell from a ladder into the North River and was drowned. Robert Roper, 14 years old, and Joseph Bizzanzo, 17, went down while bathing in the Harlem River. Geo. Williamson, aged 19, succumbed to cramps at North Beach. David Griffin met a similar fate at Sheephead Bay. Chester Hart and John Genja sank in a bathing pool near Trenton, N. J.

An unknown man was drowned in the North River and an unknown boy in Lake Hopatcong, N. J. Frank Donahue was drowned in Staten Island Sound.

Just because a man can't set the world on fire is no reason why he should be a wet blanket.

It is sometimes less embarrassing for a woman to tell her age than to have it guessed at.
