Liverpool—Spot wheat, quiet and steady; maize, heavy, and 1d cheaper.

WEEKLY REVIEW OF TORONTO WHOLESALE MARKETS.

WEDNESDAY, June 2.

PRODUCE.

The past week has been a very dull period in this market. During the greater part of the time holders have offered freely at considerable concessions, but have failed to find buyers, and inactivity and weakness have constituted the most prominent features of the situation. The causes of this weakness seem to be good crop reports from all quarters; large quantities of grain in sight, and weak prices outside. Stocks here, however, have begun to run low, with the exception of that of wheat. They stood on Monday morning as follows:—Flour, 7,750 bbls; fall wheat, 159,244 bush; spring wheat, 113,581; oats, 20,200; barley, 2,601; peas, 2,422, and rye nil bush, against on the corresponding date last year:—Flour, 9,525 bbls; fall wheat, 38,480 bush; spring wheat, 129,439; oats, 11,000; barley, 2,5,970 peas, 50,693 and rye nil bush. Outside advices show in English quotations a fall of 2d on red and white wheat; of 1d on red winter; of 5,d on corn; of 3d on oats and peas. Markets have been quiet during the last three days, and this to-day even in face of very small arrivals off the coast. Markets during last week were quiet, chiefly in consequence of improved crop prospects, which checked the upward tendency previously prevalent, though no decline seems to have been established. It is thought that there may be a good deal of fluctuation during the summer through speculative operations in the States' markets. Home supplies continued small, and arrivals of foreign grain in London also were limited, with a good demand in country markets. Home deliveries last week were 93,348 quarters, and imports 165,000 to 170,000 quarters of wheat, and 70,000 to 75,000 barrels of flour, making a total supply equal to 297,723 to 305,535 quarters of wheat, against an average weekly consumption of 454,000 quarters, leaving a deficiency of 148,465 to 156,277 quarters. The quantity of wheat and flour in transit was unchanged during the week, and stood on the 27th ult. at 2,225,000 quarters against 2,162,000 on the 13th ult. and 1,286,000 at the corresponding date last year. The total quantity of wheat in sight on this continent and in transit to Europe on the 15th, amounted to 41,173,000 bushels against 41,589,000 in the previous week, and 32,177,000 on the corresponding date last year. Mail advices state that the total net imports of wheat and flour into the United Kingdom from September 1st, 1879, to May 8, 1880, have amounted to 11,373,674 qrs, against 9,106,619 qrs last year; and that the total deliveries from farmers in the whole of the United Kingdom since September 1st are computed to have amounted to 4,305,408 qrs, against 7,809,693 qrs last year. We have here a total supply of 15,679,082 qrs of wheat, against 16,915,312 qrs in the corresponding period of the preceding harvest-year, being a decrease of 1,236,230 qrs. The above period consists of 251 days, or one day. Continental advices by mail state that in France the wheat market was very firm, with a continued improving tendency in values, millers having purchased more freely of foreign wheat, the supplies of home-grown remaining very small, and the prices of flour being more remunerative. In the ports foreign wheat decidedly improved in value; red winter free on rail at Rouen and Havre was held at 55s 3d to 55s 9d per 480 lbs, and Californian at 51s to 53s per 480 lbs, according to quality. The quantity of American wheat on passage to France was increased to 460,000 qrs., including 62,800 qrs. from California against 300,000 qrs. last year. The Paris flour market maintained a decided upward tendency, the stock having been further reduced to a comparatively unimportant figure. Reports from 26 country markets showed 20 advanced; 19 firm; 27 unchanged; 2 calm and 8 declined. Belgium markets were firm, but not active imports at Antwerp were small; the quantity of American wheat on passage to that port was about 80,000 qrs. From South Russia the shipments to Antwerp remained on a small scale. German markets showed an improvement at Berlin in both wheat and rye, the latter being animated with small stocks on hand. At Hamburg spot wheat was quiet but firm, and stocks of fine quality were very much reduced. At Dantzig the demand for shipment had almost ceased; and at Stettin prices were above the shipping point. At Vienna at latest advices the wheat market, after fluctuating considerably, closed firm. At Pesth wheat was quoted again lower on the spot, but rather dearer for forward delivery. The flour market was rather less depressed, but millers still manufactured very little. The weather in Hungary had been very favourable, abundant rain having fallen. There was no news of any interest from Russia or from Roumania. Australian advices report the crop as likely to turn out less favourably than 35 weeks; and the consumption for this period, at the rate of 454,000 quarters per week, would be 16,344,000 quarters, or 665,000 quarters in excess of the above supply. Taking May, as a whole, the supply in it has continued to be short; so the question now rising seems to be whether stocks can continue to stand depletion until after harvest. On this point our readers must judge for themselves; but we may remark that the prevalent feeling seems to be that they can, and that this opinion seems to be based on the fact that the quantity of wheat in sight and afloat is 9,000,000 bushels in excess of its amount in 1879. On this continent legitimate trade has been inactive, but New York was very much unsettled in the latter part of last week, owing to a settlement of May contracts. Prices, however, have been easier all over, and show a considerable decline on the week, with Chicago offering for the year at 85c. Crop reports in the Western States continue to be generally good; and Californian reports say that prospects were never better. The visible supply of grain, comprising the stocks in granary at the principal points of accumulation at lake and seaboard ports, and the rail shipments from western lake and river ports:—

FLOUR—The market has been exceedingly dull and prices have been tending downwards. Superior extra sold on Friday and on Tuesday at equal to $5.50. Extra and spring extra seem to have been nominal at a fall of about ten cents. There was no improvement to-day, when superior was offered at $5.50 and extra and spring extra at $5.40, without either sales or bids reported.

BRAN—Quiet and weak; a car sold on Thursday at $11 50 on track, but it was offered on Tuesday at equal to $11.

OATMEAL—Quiet but steady; one sale is reported at $4.30 on track but fine would probably have brought more. Small lots unchanged at $4.50 to 75.

WHEAT—Dull and declining. Fall sold in round lots during the latter part of last week at $1.18 for No. 2, and $1.15 for No. 3 f.o.c., but on Tuesday the former grade was offered at $1.16 and not taken. Spring inactive, with No 2 offered in cargo-lots on Tuesday at $1.23 and not taken. The market to-day seemed rather better; a cargo of No 1 spring changed hands at $1 25 f.o.c, and cars on p.t; No. 2 fall, however, was offered in cars at $1.16 with $1.13 bid, and No. 2 spring by the cargo at $1.23 without bids. Street receipts have been fair for the season; fall has sold at $1.16 to $1.17 and spring at $1.17 to $1.26.

OATS—Offerings have been very small and prices generally unchanged; western sold on Monday at 37c by the car; and on Tuesday a round lot to arrive changed hands at the same figure. Street prices 39 to 40c.

BARLEY—Has been neither offered nor wanted; prices have been purely nominal at quotations. Street receipts nil.

PEAS—There were two cars of No. 1 sold on Thursday at 71c f.o.c; but since then there has been nothing doing, and it is probable that 70 to 72c is the best price that would be paid for cars were they offered. Street prices 65 to 63c.

SEEDS—Clover has been wanted in car lots at $4.25, but none offered, though small lots can be had at $4.10. Nothing doing in other seeds.

HAY—Pressed has been rather more steady, with a few sales at $12. The market has been well supplied, but all offering readily taken at from $10 to $14, the general run being from $12 to $13.

STRAW—Receipts have been sufficient, but all wanted, and prices steady at from $6 to $7 for oat and rye in sheaves.

POTATOES—Cars have sold fairly well at 40c for really good qualities. Street receipts small but sufficient, and prices easy at 48 to 50c per bag.

APPLES—None offering, but sound qualities wanted, and worth $4 50 to $5 per barrel.

POULTRY—A few spring chickens have sold at 60c, and fowl have brought about 60 to 65c; but in other sorts there has been nothing doing.

PROVISIONS.

BUTTER—Receipts have shown a slight increase, but the total has remained small, and all has been wanted. In the latter part of last week prices were firm, but since then they have been rather easy. Sales have been made of lots at from 12½ to 15c; the former price was for a lot having a good deal of white in it, and the latter for a lot of fine yellow store-packed. There would probably be little difficulty in getting a good deal off at the range of prices, but anything to bring over 14c must be really good. The demand as yet has been for local use and shipments eastwards, as there are none yet buying for export. On the street receipts have increased, and prices have declined to 16 to 18c for pound rolls, and about 15 to 16c for tubs and crocks of dairy.

CHEESE—The only business on the spot has been that in small lots which are easy at 12 to 12½c. At Ingersoll on Tuesday the market was firm with sales at about 3,000 boxes of May-make at 11 to 11½c. English quotations show a rise of 3s during the week.

EGGS—Offerings and demand have remained pretty much on a par, and prices steady, but unchanged, at 9 to 9½c for round lots. Street receipts sufficient, and prices easy at 10 to 11c.

PORK—The demand seems to have improved, and sales have increased, but at a decline in prices; lots of about half a car have sold at $13.50, and small lots from $14 to $14.50.

BACON—Has continued to sell steadily, usually in tons and under, but prices seem rather easier. Cumberland has still brought 7¼ to 7½c for tons and under, but a lot of 100 sides sold at 6¾c, at which figure similar lots might be had. Long clear has sold in tons and under at 8 to 8½c. Rolls and bellies are almost finished, but a few might, perhaps, still be had at 9½ to 10c. Shoulders are unchanged at 6c.

HAMS—A steady demand has been maintained, but sales have been chiefly of small lots at 10½c for smoked and 11c for canvassed; lots of 100 and over might be had half a cent less. Pickled are still quiet at 9c.

LARD—The only movement has continued to be that in small lots; but these have sold freely at steady prices, tinnets and pails bringing 10 to 10½c, and tierces 9½c.

HOGS—Offerings have been few and prices rather more steady at from $5.50 to $7, the latter for light weights only.

SALT—Liverpool is unchanged at the decline, and selling at 95c to $1; dairy is very scarce but nominally unchanged at $1.50 to $1 60. Goderich steady with sales of cars at 85c.

DRIED APPLES—Country lots have continued to be in demand at 7¼ to 7½c, with offerings small. Dealers sell small lots as before at 7½c.

HOPS—There has been nothing doing of late and prices seem weak at 25c for new and 7 to 12c for yearlings.

CATTLE.

TRADE—Seems to have been generally quiet.

BEEVES—Receipts have again fallen off and have been decidedly insufficient for the supply of the wants of the local market. Prices have consequently been firmer with an upward tendency. First-class, for export, that is steers weighing not less than 1,300 lbs, have been in demand at $5, with very few offering. Second-class, consisting of light steers and heifers, and heavy oxen and cows, have been wanted for the local market, but offering very slowly, and all available readily taken at an advance of 25 to 37c; the range being from $4 to $4.50, and the latter paid only for steers weighing 1,100 lbs. Third-class also have been scarce and firmer; they would have been taken at from $3.50 to $3.75 had they been offered.

SHEEP—Have shown no change of any consequence. There has been scarcely any in, and these few have sold much as before. Prices have been almost nominal, and remain nominally unchanged at $6.50 to $7.50 for first-class, dressing from 50 to 60 lbs., and at $5 to $5 75 for second-class. From these prices $2 may be deducted for sheared.

LAMBS—Offerings have continued to be considerable, and probably sufficient for the wants of the market; the offerings, however, have consisted chiefly of low grades. First-class, dressing not less than 30 lbs, have been scarce and wanted at $4 to $4 50. Second-class have been abundant and easier at from $3 to $3 75.

CALVES—Have shown very little change. Receipts have been of fair amount, but all of good quality have found buyers at steady prices. First-class, dressing from 100 to 125 lbs, have been all wanted and readily taken at $6.50 to $8. Second-class, dressing from 60 to 100 lbs, have been in large supply, and selling rather slowly at $3.50 to $6. Any below the latter weight is not wanted, and, if offered, must go for whatever they will bring.

HIDES, SKINS AND WOOL.

TRADE—Has remained generally quiet and steady.

HIDES—Green have been offering rather slowly and selling as before. Cured have been selling quietly in small lots at 9½c.

CALFSKINS—Green abundant and unchanged; cured selling steadily at 17c.

SHEEPSKINS—Very few offering and these few bringing $2 50 to $3 each for green.

LAMBSKINS—Abundant and advancing; the best green offering now being 50c, and inferior down to 35c.

WOOL—A new fleece has begun to move to a small extent, but dealers are generally cautious about touching it, and lower prices are generally expected; a few small lots have sold at 32c, that price being paid to-day for a lot of 2,000 lbs. On the street from 32 to 35c has been paid, but with the usual recriminations as to short allowances on cotts by payers of high prices, on which and similar matters farmers must judge for themselves.

Perry Davis' Pain-Killer.

HOME EVIDENCE IN FAVOR —OF THE— PAIN-KILLER.

Hint No. 1.

If you wish to save yourself, your family, and your friends a world of suffering and pain, which at present they endure needlessly, and also save many dollars in Doctor's bills, go at once to the nearest store, and buy a few bottles of PAIN-KILLER.

Hint No. 2.

Ask your Druggist, Grocer or Shopkeeper, for a bottle of PAIN-KILLER. *If he passes it down without ceremony, ask him while extracting the quarter dollar from your wallet, if this is the genuine made by* PERRY DAVIS & SON, *at same time watch the expression on his face. You can easily tell if his conscience is all right; also examine the bottle closely yourself.*

Hint No. 3.

When you ask for a bottle of PAIN-KILLER, *and the gentlemanly store-keeper, without scarcely looking, remarks, "we "are just out, but have another "article as good or better, "which sells for the same price "viz, 25 cents." Turn on your heel and say, Good-bye, Sir! That man cares more for the two or three cents extra profit which he gets than he does for your health or happiness.*

Hint No 4.

Beware of all the worthless mixtures, and dirty, greasy combinations which are offered you in almost every store you enter, and which some unprincipled shop-keepers try to palm off as a substitute for the PAIN-KILLER. *These mixtures are gotten up expressly to sell on the reputation of the* PAIN-KILLER, *but have nothing in common with it*

Hint No. 5.

If you cannot obtain the genuine PAIN-KILLER *in your locality, (a fact not very likely), you should address the Proprietors, and by sending them the sum of $3.00, one dozen regular sized bottles, or a half dozen large bottles will be sent, charges prepaid, to the nearest address by railway to any part of the Dominion.*

WHY experiment with unknown mixtures without character or reputation, when this world-renowned PAIN-KILLER which has stood the test of over 40 years, can be had for the same price at any Drug Store in the Dominion!

READ THE FOLLOWING.

OTTAWA, ONT., *March* 2, 1880.

The writer has been selling Perry Davis' Pain-Killer now for the last 22 years, and can confidently recommend it to the public as a sure remedy for Cholera, Diarrhœa, Sore Throat, Chronic Coughs, Bronchitis, Burns, Scalds, &c. Have known it to cure a case of Syphilitic Sore Throat of two years' standing, when all the usual remedies failed. The patient took half a teaspoonful in water three times a day, and gargled the throat three times a day as follows: one teaspoonful in a wine glass of water, and used as a gargle.

Yours, H. F. MACCARTHY.

MAITLAND, ONT., *February* 26, 1880.

I have much pleasure in adding to the number of the numerous testimonials you have already received, as to the value of your renowned Pain-Killer. I have sold it and used it in my family for twenty years or more, and have no hesitation in saying that it is the *best* patent medicine I have ever used for the purposes for which it is recommended; and, moreover, *every* person to whom I have ever sold it, has been perfectly satisfied with it, and I know many persons who will not go to bed at night unless they are *sure* there is a bottle of "Perry Davis" in the house. All who have used it once, will use it again; it makes friends and retains them.

Yours truly, JOHN DUMBRILLE, *Druggist*

SPENCERVILLE, ONT., *February* 26, 1880.

We have much pleasure in certifying that we have kept Perry Davis' Pain-Killer constantly in stock for upwards of twenty years, during which time it has taken the lead in sales over all other patent preparations, and has become an old, reliable family medicine. No effort is required now on our part to sell it, as it is as staple an article as flour in our trade. Yours truly,

W. P. IMRIE & CO.

MADOC, ONT., *February* 16, 1880.

It gives me much pleasure to state that during a drug career of more than a quarter century, I can testify that your justly celebrated Pain-Killer has not only held its own as a family medicine, but still occupies the front rank wherever duty calls it. My customers speak very highly of it, and I could send no end of testimonials showing up its merits and intrinsic worth, were it necessary, which it is not. It should, however, be called "Excelsior Pain-Killer." I pride myself in never being out of it.

Yours very respectfully, JOHN G. DEANS.

STOCO, ONT., *February* 17, 1880.

We have great pleasure to state that the Pain-Killer holds its position in this place as the old, reliable family medicine. Although there are a great many other remedies in the market—some bearing nearly the same name—as Pain Relief, Pain Remover, Pain Destroyer, and such like names, we find the people know the difference, and are sure to ask for Perry Davis' Pain-Killer. We have been selling Pain-Killer for the last fourteen years.

Yours truly P. & P. MURPHY.

PORTLAND, ONT., *March* 9, 1880.

I have been using the Pain-Killer for many years with results that justly entitles me to recommend it. As a family medicine we consider it almost indispensable: being good not only as a pain-killer, but for colds and sore throat, and many other ailments for which it appears specially adapted. I have used it myself chiefly as a liniment, and find it valuable for rheumatism and pains and stiffness belonging to old age. I pronounce the Pain-Killer a good and cheap medicine, and worthy of all acceptation, and send you this certificate that you may assure the public that it is no humbug.

Yours truly, THOS. GRAHAM

ESCOTT, ONT., *March* 4, 1880.

We hereby certify that we have used Perry Davis' Pain-Killer in our families for several years. We consider it a very useful and necessary article to be kept in all households as a resort in case of accidents and exposure to attacks occasioned by cold.

MAITLAND, ONT., *February* 25, 1880.

I have used your Pain-Killer for the last twenty years. I carried it with me all through the American War. I believe I would have been dead long ago, if it had not been for your Pain-Killer. I think it is the best remedy in the world for which it is recommended.

Yours very truly, N. W. LAFONTAINE.

PORTLAND, ONT., *February* 26, 1880.

I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

S. S. SCOVIL.

PRESCOTT, ONT., *February* 27, 1880.

I have sold your Pain-Killer for the last nineteen years in this place, and feel safe in recommending it to the public for the diseases given in your circular. I can assure you my customers speak well of it as a general family medicine. It takes the lead of all other similar preparations. Yours, &c.

GEO. BIRKS.

COBOURG, ONT., *March* 3, 1880.

I have been selling Perry Davis' Pain-Killer for the past six years, and have much pleasure in stating that its sale in that time has been larger than any other patent medicine that I have on my shelves, and in those years I have never heard a customer say aught but words of the highest praise in its favor. It is an article that seems to have combined in it all that goes to make a *first class family medicine*, and as long as I have a house and store, Perry-Davis' Pain-Killer will be found in both.

Yours, &c., J. E. KENNEDY.

MADOC, ONT., *February* 16, 1880.

Your Pain-Killer as a family *cure all* has been in constant use in my household for a long term of years, and I would never desire a better one. It never fails me. I call it the "Old Reliable."

Yours very truly, HORACE SEYMOUR.

TAMWORTH, ONT., *March* 4, 1880.

For twenty-three years last past I have sold Perry Davis' Pain-Killer, and have always found it to give good satisfaction. I have frequently used it in my family, and received great benefit from the use of it in that way. Although many imitations of it have been put on the market, and are pushed hard, yet the old, reliable Perry Davis' Pain-Killer holds its own, and is a very popular domestic medicine. Yours respectfully,

JAS. AYLSWORTH.

The PAIN-KILLER

Is recommended by *Physicians, Ministers, Missionaries, Managers of Factories, Work-shops, Plantations, Nurses in Hospitals,*—in short, *everybody everywhere* who has ever given it a trial.

TAKEN INTERNALLY, it cures Dysentery, Cholera, Diarrhœa, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Liver Complaint, Dyspepsia or Indigestion, Sudden Colds, Sore Throat, Coughs, &c.

USED EXTERNALLY, it cures Boils, Felons, Cuts, Bruises, Burns, Scalds, Old Sores and Sprains, Swellings of the Joints, Toothache, Pain in the Face, Neuralgia and Rheumatism, Chapped Hands, Frost-bitten Feet, &c.

The PAIN-KILLER is put up in 2 oz. and 5 oz. bottles, retailing at 25 and 50 cents respectively,—large bottles are therefore cheapest.

The Loyalists of America AND THEIR TIMES.

BY EGERTON RYERSON, D.D., LL.D.,

Chief Superintendent of Education for Upper Canada from 1814 to 1876.

This work describes fully the early Colonial History of America, and recounts for the first time the sufferings of the U. E. Loyalist Founders and Fathers of Canada, in maintaining their allegiance to their King. It is the only work yet published in which is presented the English and Canadian side of the questions which have been at issue between Great Britain and the Old Colonies, now the United States and Canada.

This book is of national importance. It is now

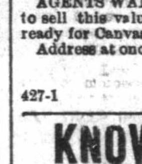
KNOW THYSELF.



The untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; or, SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London *Lancet* says:—"No person should be without this valuable book. The author is a noble benefactor."

SALE OF THE POLLED ABERDEENSHIRE CATTLE,

the property of the Trustees of the late Mr. WILLIAM McCOMBIE, of Tillyfour, Aberdeenshire, Scotland.

The entire herd of Polled Aberdeens, which belonged to the late Mr. McCombie, of Tillyfour, will be sold by public auction, without reserve, on THURSDAY, 26th August, 1880, at Tillyfour, by Whitehouse, near Aberdeen. The cattle are in first-rate breeding condition and will be taken from the pastures on the day of sale. The breeding stock have not been exhibited since the Paris Exhibition, 1878, when the herd had the unprecedented honour of gaining the £100 prize (Prix d' Honneur), as the best group of any breed; also the £100 prize (Prix d' Aptitude) as the best beef producers. This is a most favourable opportunity for laying the foundation of a herd of this fashionable breed. Catalogues will be ready about the 1st of July, and will be forwarded on application addressed to Messrs Murray & McCombie, Advocates, 103 Union street, Aberdeen, Scotland. In the meantime, full particulars can be ascertained from Mr. H. D. Adamson, Alford, Aberdeen, or Mr. R.C. Auld, Tillyfour, by Whitehouse, Aberdeen, Scotland.

THREE FINE FARMS FO[R] sale in the counties of Kent and Essex. Hav[ing] been farming for some years nearly 1,000 acre[s] and not residing on the farm, but living in th[e] town five miles away, I have determined to se[ll] three fine farms. First, I offer 250 acres, five mile[s] from the Town of Chatham, County of Kent, th[e] best farming county in Canada, with the best ma[r]ket town in the Dominion. 210 acres under hig[h] cultivation, and 40 bush; 80 acres timothy hay; 100 acres corn, which has yielded on this farm 1[illegible] bushels to the acre; 5 acres potatoes; 10 acre[s] beans; 5 acres fall wheat; balance, pasture. Goo[d] stable for 8 horses, and new barn building; goo[d] frame house and orchard. The soil cannot be bea[t] in the whole world, consisting of about 8 inches o[f] black soil, which is nothing but a bed of manure with clay bottom; well drained, no stones, n[o] stumps, and no Canada thistles or other bad weeds. I will sell this farm for $55 per acre, with all crop[s] now growing, which ought to bring $3,000. I wil[l] sell without any cash for five years, excepting in[terest]. Three crops, besides the one now growing, will pay every dollar I ask. Another farm of 2[illegible] acres. Same soil; 190 acres under cultivation; 4[illegible] acres timothy hay; 120 acres oats; this land yielde[d] over 100 bushels oats to the acre, last year; 1[illegible] acres corn; 20 acres beans; also, a large new barn and frame house. Price $55, same terms, with al[l] crops, which ought to yield $3,500. Another farm of 400 acres, in county of Essex, 300 acres under cultivation, and 100 acres bush; 60 acres corn; 50 acres wheat; 50 acres oats; 5 acres potatoes; 5 acres beans; 2 large orchards; 3 houses; 2 barns, &c.; 50 head cattle; 4 good horses; 2 waggons, and all kinds of farm implements. I will give al[l] the crops, cattle, and everything on the farm fo[r] $50 per acre; easy terms of payment. For further particulars, apply to JOHN NORTHWOOD, Farmer, Box 845, Chatham. 428-2

A HORRIBLE DEATH.

Frederick Dean Killed on the Esplanade.

An accident of a most distressing nature occurred on the Grand Trunk railway on Monday. Shortly after the 12.15 train left the Union station, a young man, carrying a bag of tools in his hand, attempted to jump on board the baggage-car. He was motioned off by the brakesman, as the train was moving at a pretty rapid rate. The man took the hint, but he very foolishly repeated the attempt when the Pullman car went by. The result was as might be expected. Between the speed of the train and the weight of the tools, he overbalanced himself, and, losing his grip on the iron guard, fell between the cars. The Pullman car passed over the unfortunate man's legs, just below the abdomen, and he died almost instantly. The body was picked up by G. T. R. constable Healy and policeman Breckenread, and conveyed to the morgue, where it was recognized by several persons as that of Frederick Dean, son of a tinsmith, who was reported to live in Mallindine's block on the Kingston road. Deceased was in his twentieth year, and a marble-cutter by occupation.

WRECK OF THE GONDOLIER.

Prince Edward Island Vessel goes to Pieces on Sable Island.

HALIFAX, N. S., June 7.—Captain Atkinson and party, of the crew of the Prince Edward Island ship Gondolier, which has been wrecked at Sable Island, arrived this morning in the Gloucester, Mass., fishing schooner C. B. Manning. The Gondolier was a vessel of 1,049 tons, and was built at Summerside in 1877, and owned by Hon. Angus MacMillan, of that place. She was from Rotterdam, bound to New York with a cargo of 1,600 tons of railway iron. She left Browers Haven on the 12th of May. She had on board eighteen men, the captain, two officers, a cook, steward, carpenter, sailmaker, and eleven men before the mast. On Thursday, June 3rd, at 11.30 p. m., she struck on the eastern end of Sable Island in a thick fog and a fresh breeze. The ship struck with her broadside on to the sea and filled. The crew fired rockets and burned lights during the night, but no response from the shore came. After daylight a man came out on horseback and rode along the beach, but made no signals. Another man on foot joined him in about an hour, but neither rendered any assistance. The crew commenced pulling out the boats, finding she was beginning to break up and becoming full of water, the sand and the sea making a clean breach over her. They launched the gig and two pinnaces safely. Into the larger pinnace, which was aft, they put the captain's chronometer, log book, and all the ship's papers, with nine men and the second officer. Of these two men were disabled, one with a broken right arm, and the other by a fall from aloft three weeks before. The captain intended to go in that boat, and ordered the officer to wait for him, but in the excitement of the moment the second mate put off. This boat capsized in the surf, while trying to make the shore, and all were thrown out. As far as could be judged, five of her crew reached the land in safety. The captain and first mate, with six men, then manned the other pinnace and pulled down along the shore as far as the Eastern lighthouse, in the hope of finding a place to land, or of receiving assistance from the shore. Finding no place suitable to land, and seeing a fishing schooner lying in the offing, about six miles away, they pulled to her and were received on board, where they were very kindly treated and brought to Halifax. The Gondolier was insured in Halifax offices for $18,000.

Murdered by Her Son.

COUNCIL BLUFFS, Iowa, June 8.—The body of Mrs. Nancy Duncan was found buried in Mills county on Sunday with her throat cut. Developments show she was murdered by her son, who has fled.

GOLD MEDAL FOR EXPORT CATTLE.—Mr. James Britton intends offering a gold medal valued at $100 at the next Industrial Exhibition, for the best four head of Durham grade cattle, suitable for exportation. The animals must have been bred and fed by the exhibitor. There will doubtless be considerable competition for this valuable prize of Mr. Britton's, who has always manifested a deal of interest in, and done much to, promote the welfare of the live stock trade between this country and the Mother Land.
