ANOTHER BIG SNOWSLIDE ON C. P. R. MAINLINE

Avalanche at Glacier 1,000 Feet Long and 30 Feet Deep

General Manager's Train Isolated in the Mountains—Forty-four Bodies Recovered at Rogers' Pass.

Nelson, B. C., March 10.—This morning a snow slide took place at Glacier, more than 1,000 feet long and thirty feet deep, and is so mixed up with rocks and trees that its removal is difficult. General Manager Bury's special train is now somewhere in the mountains, entirely cut off by slides.

The main line of the C. P. R. is now completely blocked by the slides, and all trains go round by the Crow's Nest.

At Rogers' Pass, forty five bodies have been recovered. Among those taken out was a Japanese clutching a plug of tobacco and an open knife, showing the suddenness of the snowslide.

SPRING REMINDERS OF RHEUMATISM

Raw Damp Weather Starts the Pain But the Trouble Lies in the Blood.

Changeable spring weather, often raw, cold and damp, is pretty sure to bring a time of misery to people who suffer from rheumatism. But it must be borne in mind that it is not the weather that causes rheumatism, the trouble is rooted in the blood—the damp changeable weather merely starts the aches and often almost unbearable pains going. The trouble must be reached through the blood, and the poisonous rheumatic acids driven out. This is a medical truth every rheumatic sufferer should realize. Liniments, outward applications and so-called electric appliances, never did, and never can, cure rheumatism. The sufferer is only wasting valuable time and money with this sort of treatment, and all the time the trouble is becoming more firmly rooted—and harder to cure. There is just one sure way to cure rheumatism—Dr. Williams' Pink Pills.

They act directly on the impure weak acid tainted blood. They purify and strengthen it and so root out the cause of rheumatism. Mr. John Finnamore, Marysville, N. B. says:—"I was laid up with rheumatic fever for a year, and for eight months of that time I could not go about. My blood had seemed to turn to water, and the pain I endured was at times almost unendurable. Notwithstanding I was under the doctor's care I was not regaining my strength and I decided to give Dr. Williams' Pink Pills a trial. I took altogether nine boxes and they simply worked wonders in bringing back my lost strength. I still take the Pills occasionally as I am working in a saw mill where the work is pretty heavy."

Not only rheumatic sufferers, but all who have any trouble due to weak, watery blood, will find a cure through Dr. Williams' Pink Pills. It is because of their direct action on the blood that these Pills cure such troubles as anaemia, indigestion, general weakness, neuralgia, and the aches, pains and secret troubles women folk alone know. Give Dr. Williams' Pink Pills a fair trial, and they will not disappoint you. Sold by all medicine dealers or by mail at 50 cents a box or six boxes \$3.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

LITTLE INFORMATION ON BANK SITUATION

Looking for Bad News When Any is Given Out.

St. Stephen, N. B., March 10.—The bank situation remains unchanged since Monday morning. Not a word has been given to the people so vitally concerned by those in authority and only surmise can be indulged in as to the actual condition, but the feeling gains ground that the management of affairs has been very slack, to call it by no other name, and that not much of comfort can be expected from the official report.

To the present time only two business concerns have been unable to continue. C. C. Whitlock, who did a grocery business in Calais, assigned with liabilities of \$45,000 assets of \$10,000. W. H. Whitlock's livery stable is out of operation, due to an attachment issued yesterday for rent due on the building occupied. Both of these are brothers of the recent cashier of the defunct bank and that institution has been carrying them for a long time.

All the other concerns have ridden the first waves of the storm successfully and, as the banks are showing a commendable desire to assist, it is believed that there will be no serious difficulties.

TEMPERANCE WON IN FREDERICTON

Elected Seven of Their Candidates in Yesterday's Election

OLD REGIME BROKEN

Fredericton, N. B., March 14.—The temperance people won a decided victory in the civic elections here today, electing seven of their candidates and reversing the verdict of one year ago. It was one of the most keenly fought out campaigns in the history of the city, and the result was a genuine surprise to many people. The fact that 1,078 votes were polled out of a total of 1,273, indicated the deep interest taken in the contest.

VISIT FROM A DEER.

FINE SPECIMEN OUT ON THE ICE IN FRONT OF THE CITY.

Fredericton, March 11.—Yesterday morning persons who were on Queen Street witnessed a sight that is most uncommon. A large deer ran across the ice to this side of the river. It was about three hundred yards from the shore and the frightened animal lost very little time in passing under the bridge and proceeding up the river. A couple of teams coming down the river passed, the deer which was becoming exhausted as it reached above a mile about the highway bridge.

CONCERNING THE ST. STEPHEN'S BANK

ST. STEPHEN, N. B., March 14.—The notice posted on the door of the Bank saying that the Bank of New Brunswick is prepared to advance to St. Stephen's Bank depositors a certain proportion of the value of their deposits, is found to mean that the Bank of New Brunswick is prepared to lend money at six per cent, interest and take a claim upon the deposits as security, but will not take them as worth more than fifty per cent. of their face value.

I. C. R. BRAKEMAN TERRIBLY CRUSHED.

Robert Geldart, of Moncton, Caught Between Cars and so Fearfully Injured That Death is Expected.

Moncton, Saturday March 12.—Caught between the tender of the engine and a box car, Robert Geldart, of this city an I. C. R. brakeman, was so seriously crushed early this morning that the chances are he will pass away before the day is over. Lying on a cot in the Moncton hospital, Brakeman Geldart is suffering from a broken hip and other fearful injuries about the body. The flesh on the hips was torn badly and his stomach and abdomen were also crushed.

The accident happened at Bellefleur about half-past twelve o'clock. The locomotive had broken away from the train and Brakeman Geldart, who was on the engine at the time, jumped off and on going between the tender and car gave the signal for the driver to back up. This was done and the two couplers caught the unfortunate man by the hips. A scream from Geldart told those on the engine that he was injured and the fireman, who was the first to reach him, found him jammed between the couplers with his body hanging over the draw bar. He held a lantern in one hand and could in no way release himself from the couplers. Driver Rushton and Conductor Frank Dickson then arrived on the scene and in a few moments the man was taken from his terrible position and removed

SASKATCHEWAN MAN DIES ON SCAFFOLD FOR TRIPLE MURDER

Prince Albert, Sask., March 10.—John Mesci walked to the scaffold this morning without a quiver or sign of fear. He murdered his employer and the latter's wife and mother-in-law at Gulf Lake. He killed Mrs. Geo. Thorburn with an axe. He then killed George Thorburn, the husband, and Mrs. Mc-Niver, Thorburn's mother-in-law.

HE DIED WITHIN TWO FEET OF FRESH AVALANCHE

Another Snowslide at Field Buried Locomotive

Vancouver, B. C., March 10.—After dodging another snowslide which all but nipped them, the coroner's jury chosen to investigate the Rogers Pass slide returned to Revelstoke yesterday. The inquiry developed one pathetic feature. Foreman McDonald, one of the victims of the slide, was an exceptionally heavy and strong man, and after being buried in the slide he evidently retained enough consciousness to start to fight his way to the surface. He had gained two feet and a shell of only two feet of snow remained between him and the open air when he suffocated. There was not a bruise on his body.

An avalanche descended at Field yesterday and engulfed a switch engine. Engineer Howard McRae and Fireman Lauderman escaped and Foreman Lainprize was buried but rescued. He sustained a broken leg.

MISERABLE FOLKS could trace both state of mind and body to some one or other form of stomach disorder. NO ASSIGNMENTS AT ST. STEPHEN.

St. Stephen, March 12.—There are no new developments to-day in the Bank of Stephen failure. No further failures have taken place. It was rumored that several big business houses might have to make assignments, but it is now said that whatever financial arrangements were necessary have been made with the other banks.

WE RECOMMEND FERROVIM, the invigorating tonic, to elderly people whose strength is beginning to wane, and who suffer frequently from attacks of sudden exhaustion, chilliness, weak heart action, etc. Ferrrovim contains fresh lean beef, Citrate of Iron, and pure old Spanish Sherry Wine. \$100 per bottle at druggists.

FREE ROOFING SAMPLE

Since the appearance on the market of ready roofings that need no painting, there has been a very lively curiosity on the part of many people to see the goods. Accordingly the makers of Amatite, the best known of this class of roofings, have arranged to supply samples to any inquirer free of charge.

These samples show the goods complete with the mineral surface which replaces paint as a protection against the weather, and it is easy to obtain a very good idea of just what Amatite is like.

All you have to do in order to obtain the sample is to send a postal card request for same to the nearest office of The Carrington-Paterson Mfg. Co., Ltd., St. John N. B., Halifax, N. S.

HERBERT W. READ

IS HERE IN A LETTER

St. Stephen, N. B., March 11.—Herbert W. Read, who was buried at Rogers' Pass, is here in a letter from his relatives. The letter was written on Y. M. C. A. paper and asked Gordon to drop him a line, care of the Y. M. C. A. at Buenos Ayres. That the body of the letter received was written by Herbert, his mother and Gordon are positive. The envelope, however, was not in Herbert's handwriting and this fact has given rise to the surmise that he may be ill or recovering from illness. Immediately upon the receipt of the letter, Gordon Read, attempted to get in touch with his father, H. C. Read, who is supposed to be in Montreal or Ottawa. Late tonight, however, no message had been received from him.

Mrs. Read in speaking to The Telegraph representative tonight said that she was as much in the dark as anyone, but she hoped that something definite would be heard very soon.

Fredericton, N. B., March 14.—George Albert Russ, an employe of the Hart Boot & Shoe Company, shot and killed himself at Long's hotel this evening.

News of the tragedy got noised about just as the crowd of people had assembled at City Hall to hear the returns from the civic election, and created a decided sensation for the time being.
