

Nutritive Hypophosphites.
When a person feels "blee" "all tired out"—doesn't feel the doing anything—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares overstudied, etc.

Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.

Old Time Radical Passes Away.

Goldwin Smith only survived the most exalted of his pupils one month. It will be remembered a few weeks before his death King Edward sent a message of sympathy to the Grange at Toronto, where his old tutor, Goldwin Smith, lay stricken sore from an accident which led to his demise on Tuesday last. With the death of Goldwin Smith, the last of the old school of robust independent thinkers and writers of the radical school passes away. Born in 1823 at Reading, England, he was educated at Eton and Oxford. He gained much eminence as a classical and English scholar, and became a fellow of University College and also of Oriel College. He soon made his mark in educational reform, and was secretary of two Royal Commissions of Enquiry into the state of Oxford University, where from 1858 to 1868, he occupied the chair of the Regius Professorship of Modern History. He was a keen and attentive student of current affairs and the Emancipation of American Slaves, found in him an ardent champion. In furtherance of Emancipation he wrote much, and in 1864 he visited the United States. He was warmly welcomed in the North, and Brown University conferred on him the degree of L. L. D. On his return to England he wrote two books one entitled "England and America," and the other "The Civil War in America." In 1868 he again visited America and gave lectures on England Constitutional History at Cornell University. In 1871 he exchanged this post for a non-resident professorship and took up his residence in Toronto; where he passed the remaining forty years of his life.

Here he took a prominent part in the discussion of public matters and became the best known among journalists on the American continent. He took a prominent part in educational movements in Canada and became the President of the Provincial Teachers' Association, Senator of Toronto University and representative of the Public School teachers on the Council of Public Instructions. Many of his views were peculiar, but he maintained them with great ability.

For a long time he maintained that the destiny of Canada was independence, but later he modified this into a belief that Canada would eventually cast in her lot with America.

Sudden Death at the Penitentiary.

A prisoner died suddenly this morning at the Penitentiary. His name was Albert Downs. Yesterday he was sent down for drunkenness. Yesterday he appeared somewhat delirious, but there seemed nothing the matter with him to arouse the apprehension of the wardens. This morning he was in a bad condition and about 9 o'clock he was seized with a fit and collapsed. The prison surgeon Dr. Keegan, was sent for, but before his arrival, the unfortunate man expired.

In Hymen's Bonds.

Cochrane St. Church was the scene of a very pretty wedding yesterday when Mr. Earnest Victor Wylie and Miss Isabel Parsons Nicholls were united in the bonds of matrimony by the Rev. F. R. Matthews assisted by Rev. Chas. Hackett. The bride looked charming in a costume of cream silk and carried a bouquet of Carnations and asparagus ferns. Miss Hawkins was bridesmaid and Mr. R. S. LeDrew supported the groom. Mr. Arthur Mews presided at the organ and played the Wedding march. After the ceremony the happy couple, accompanied by about 50 guests drove to Smithville where a sumptuous luncheon was partaken of and the following toast list was honoured:

Bride and Groom—Prop. Mr. R. S. LeDrew; resp. Mr. Wylie.
Song—Miss Russell.
Recitation—Mr. Milley.
Host and Hostess—Prop. Mr. H. N. Burt; resp. Mr. J. D. Halfyard.
Song—Mr. C. W. Hatcher.
Bridesmaid—Prop. Mr. Wylie; resp. Mr. R. S. LeDrew.
Song—Mrs. Matthews.
Our Guests—Prop. Rev. F. R. Matthews; resp. Mr. J. Taylor.
Recitation—Mr. W. Hatcher.
The Homeland—Prop. Mr. R. A. Squires; resp. Rev. G. Forehand.
All the speeches, songs and recitations were of a high order and appropriate to the occasion. After the toast list various songs and games were indulged in until 11 o'clock, when the wedding party returned to their homes after having spent a most pleasant evening. The happy couple were the recipients of many valuable and useful presents, among them being an upholstered easy chair from the officers and teachers of Cochrane Street Sunday School, of which school the bride was a teacher. Mr. and Mrs. Wylie will remain at Smithville until Saturday, when they will take up their residence at 16 Williams Street.

Complains of Officiousness.

We learn that a captain of a local craft complains strongly of the officiousness of some officials of the Custom House. He says he answered all the questions the tide waiter who boarded his vessel had any authority to put to him, and that when he landed, and was proceeding to the Custom House, he was called into Mr. Watt's office and presented with the expression, "Here's the man." The captain explained his position, but at first he was wondering whether he was in the dominions of the Czar and whether there was any danger of being exiled to Siberia, for not submitting to petty officialdom. He complained to the superiors, who told him it was mere officiousness.

Great Doings at Manuels.

There are now 125 men employed at Manuels Beach in gathering pebbles. The work has been going on since May 18th. The pay roll up to the end of the current month, it is estimated, will be \$6,000 in labor alone, and for the four months it will be about \$24,000. There were 5,000 sacks filled up to yesterday. About the end of this month the first cargo of 1,500 tons will be shipped to New York, to be followed by four similar shipments before the season closes. Five sizes of pebbles are being gathered and the men make from \$1.25 to \$1.50 a day on contract.

Ten Days in the Fog.

The Galatea which arrived here this morning was ten days in the fog on the coast. The whole trip was made from Cadiz in 28 days. She put into Acquaforte last Monday out of the gale of N. E. wind. This is the first trip of the schooner since she was repaired and Capt. Connors and crew are well pleased with her sea-going qualities.

Football Annual.

In this annual edited by Secretary Higgins, we find these introductory notes:
The laws of the game remain unchanged.
The alteration which we have been advocating with regard to confining players to one division comes into effect this season and we feel confident the results will justify the amendment.
The same number of clubs as last season will appear in the fixtures, the T. A. retiring in favour of the "Casuals." We welcome the new-comers and trust they will have a successful term.
A new departure is made this year by the appointment of an Official Referee. We trust that he will prove satisfactory.

Neat Show Cases.

Mr. Joseph Roper who spares not time or money to make his store attractive and up-to-date, has lately imported an elegant set of show cases which are unequalled in beauty and attractiveness by any in the city. His jewellery store is now well worth seeing.

Snapshots Around the World.

(By the Man in the Moon.)
The total deficiency in the United States Treasury for the current fiscal year is estimated to be less than \$10,000,000.

The Carnegie Veterans' Association has decided to have a bust of Mr. Carnegie modelled in bronze to be placed in the Carnegie Institute in Pittsburgh.

It is reported that the flag placed on Mount McKinley, on April 3rd, by Thomas Lloyd and his three companions was sighted by J. E. Baker, a fur buyer, who made out the flag with glasses from the Kautishna. There was no sign of Dr. Cook's records, however.

A young Syrian recently attempted to bribe the Customs men in New York. He had a lot of trunks with false bottoms, which concealed \$3,000 worth of laces and embroideries. He tried the game at \$5 at first, then raised it to \$250, but it didn't work, and he was promptly arrested. At this the Syrian was surprised as he thought offering the money was the regular thing to do.

The Rev. Dr. McLaughlin, one of the most widely known ministers in Chicago, has decided to leave the pulpit and go into business. The reason for taking this step is because of his espousal of the cause of Prof. Foster of the University of Chicago before the Baptist Ministers Conference during the proceedings that resulted in the expulsion of the university lecturer from that body for holding unitarian views and giving utterance to them.

It is said that the diplomatic representatives of the United States and Chile in London have been instructed by their Governments to obtain the consent of King George to take his father's place as arbitrator of the Al-sop claim dispute between the two countries. These Governments had arranged to submit their case to King Edward, but his death made it necessary to obtain the consent of the new King before the case can be submitted.

Six months in jail was recently imposed by a New York judge on a man by the name of Schulman, because he insisted on answering "I don't remember" when being questioned concerning his assets in an insolvency proceeding. Judge Cox, of the Court of appeals, said: "As a lubricant for the wheels of memory this precedent, if judges will only invoke it, should prove very effective. Everybody knows that this notorious forgetfulness is nothing but deliberate perjury and a defiant refusal to answer at all. If there are any who believe that the trouble has actually been the failing memory of witnesses let them observe the curative power of a prospective sentence in jail."

Florizel Arrives.

Gwilym, Mrs. M. C. Christian, Judge Conroy, Mr. R. Korts, Mr. O. Schwenk, Miss E. Foley and 15 in second cabin. From Halifax there were: R. A. Brehm, Ah Sing Park, Mr. F. P. Martin, Mr. and Mrs. W. S. Monroe, Mrs. J. T. Gillard, Mr. E. Rogers, Mr. W. Power, Mr. E. Parsons, Mr. F. Carey, Master C. Prent, Master J. Hancock, Mrs. F. Johnson, Mrs. W. Sharks, Mr. and Mrs. W. B. Hope and daughter, Mr. D. O. Robinson, Mr. A. J. Oehen, Mr. L. Michael, Mr. F. W. Angel, Mr. J. P. Blackwood, Mrs. L. E. Smith and two children, Mr. A. W. Lake, Miss M. O'Neill.

The New Wharf.

Editor Evening Telegram:
Dear Sir.—A statement appeared on the 25th ult. in the Chronicle that the new Government wharf had cost \$1,800,000. If that be so the people here are wondering where the money came from to complete the work.
We all know that four years ago the Bond Government appropriated \$500,000 for the building of a landing place on the eastern side of St. Lawrence with particular instructions that the building of a second public wharf was not to be attempted. Since the change of Government and under the control of another Council work was resumed and the present wharf mentioned by the Chronicle rushed to completion. The foreman and manager of this wharf is also the chairman of the Council and is wholly responsible for it being built, and it is interesting to know that there are members of the Council to-day who were not made aware of the work to be done, or do not know where the money comes from. Let us hope that there is no reason for distrust, but we cannot but remember that last year the share of the road money was reduced from four dollars down to a beggarly dollar and twenty cents, and we cannot be curious to see how the extra twelve hundred dollars is to be accounted for, seeing that no special grant was allotted by the People's Party for the building of the second wharf. We trust that our public highways will not be neglected and remain
Yours very truly,
