## Side Talks by Ruth Cameron

THE PEOPLE IT IS HARD TO FORGIVE.

"He of all the world creeps closest in our bosoms; in our favor and esteem who thinks of us most nearly as we do ourselves. Such a one is indeed the pattern of a friend, another self, and our gratitude for the blessing is as keen as it is hollow in most cases, when whose door I enter with pleasure and with most contentment, I find him the smallest fault I find him an uncalculated forger and we nearly quarrelled."

From Hazlett's "Spirit of Obligation" knew a man who considered he had mastered the gentle art of forgetting, and that he was indifferent at such rank nonchalance. But if you think it was rank nonchalance, just consider that expression of "forgetfulness." Does it not imply forgiveness?

Who Never Forgives Him. A man who never forgives him the kindness. It is which is by way of pre-emptive strike. I have made of the man whom we find it hardest to forget, and on whom it might be well to practice the gentle art of forgetting. We need the practice. We need of course, the person who has been a favor.

Person who have confided in—when the confidential mood has passed, the person who will do anything for you, the person who has seen us in a moment of light.

## Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearce, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Open Child's Bowels with "California Fig Syrup"

Hurry mother! Even a sick child loves the "Fruitful" taste of "California Fig Syrup" and it never fails to open the bowels, a teaspoonful to-day may prevent a sick child to-morrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is soft, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! ## ASPIRIN

"Bayer" is only Genuine

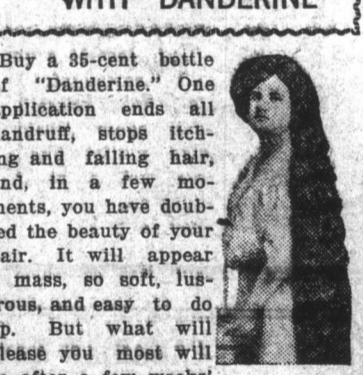

Warning! It's criminal to take a chance on any substitute for genuine "Bayer Tablets of Aspirin," prescribed by physicians for twenty-one years and proved safe by millions. Unless you see the name "Bayer" on package of our tablets you are not getting Aspirin at all. In every Bay- or package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic Acid.

THE SINFUL MINORITY.

You'd think if a man reading a tale about the carnal val of crime, that all are headed for the jails, and few men read the paths sublime. It's always pleasing to feel that where a fellow wields a gun, a thousand men, with aims correct, are plying buckskins in the sun. Where one goes forth on stealthy feet to croak a stranger for his wad, a thousand gentle are thrashing wheat, or plowing up the virgin soil. The gunman makes the breezy tale that gives pale moralists the blues; the thousand farmers in the vale don't draw a sentence in the news. Wrong is the reader who believes that all the world is on the blink because some libertines and thieves are baring in crimson ink. A lot of us still go our way without a sandbag or a gun, and try our best, from day to day, to see some worthy action done. A lot of us still live our lives as though there were a moral law; we jog along with our own wives, and happily use the wage we draw. A lot of us still go to church, and bank upon the good and true, nor think if others would search our collars for a home-made brew. The rascals kick up lots of dust, and they are insolent and bold; but all the time the good and just outnumber them a thousand fold.

## GIRLS! GROW THICK LONG, HEAVY HAIR WITH "DANDERINE"

Buy a 35-cent bottle of "Danderine." One application ends all dandruff, stops itching and falling hair, and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks' use when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and lustrous.

Tassels made of pearl chains are worn suspended on black cords.

## MORE TAXES.

TO MECHANICS AND LONGSHOREMEN, Generally.

The City depends on the Taxes collected for its Revenue and which every citizen is called upon to contribute directly or indirectly to a more or lesser degree; therefore, the citizens—the Taxpayers—should get all the protection that can be given them by the City.

It has been brought to my notice that a lot of LABOR—more particularly of the following classes, Longshoremen, Carpenters, Masons, Coopers, Painters, Butchers and General Labour, have been distributed to men hailing from the suburbs and outports, thereby depriving the City Taxpayer—who is compelled to pay the City taxes—out of his just bread and butter. This is a grave injustice to our Taxpayers and I claim that this element must be taxed for the privileges afforded them.

I stand firmly for every kind of protection—bearing in mind the live wire and all other nuisances—that can be given our citizens.

We must give our citizens the full protection for their money. I ask for ONE VOTE from YOU for YOUR protection and the protection of your fellowman.

Let Neckwear Bear the Glad, Glad Message—with the sheen of pure silk

Christmas morning! Hear him say: "By George! these do mark my fancy. Just what I choose myself. A-h-h! 'From Kearney's'—what I'd expect, of course. Never saw George guess wrong yet. Queen kneek that man's got of knowing exactly what a man wants; and then using his knowledge in the right direction. 'Kearney knows'—I'll say he does!"

It's a gift he'll never disdain. And the choosing is easy here. Not a few patterns, a few dozen that apologize for their presence—but hundreds of ties in the depths of whose rich coloring—sombre or bright, just as he prefers—lies your Christmas message breathed by the quality, the luxurious sheen of rustling Silk.

Small muffs are being carried. Pleated skirts are worn for golfing. Feather robes are the very latest. The new softly draped trim is smart. Tassels are smart in the millinery world.

The draped gown features long fringe. Fur coats are usually three-quarters length.

The popularity of black is still undiminished. Lace frocks are banded and belted with fur.

A frock of black satin is veiled with gold lace. White is favored by the debutante for evening wear.
