

The Success of the NEW CHEVROLET

There were more New 1925 Chevrolet motor cars sold in Newfoundland this year than any other make—Why? Because in the New Chevrolet the public and experienced motorists recognised quality and strength not to be found in any car selling near the Chevrolet price.

The New Chevrolet has larger and stronger frame—new semi-elliptic chrome vanadium steel springs—stronger axles, rear axle of the finest construction, banjo type with greatly strengthened gears; improved, fully enclosed dry plate disc, clutch requiring no lubrication and very smooth in action; extra heavy brake bands and many improvements on the powerful Chevrolet motor.

All models now finished in Duco—the new finish that retains its color and lustre almost indefinitely and withstands very hard usage. In the Chevrolet you will find many quality features that you would expect to find only on cars of much higher price.

Chevrolet cars have demonstrated their ability to perform most satisfactorily on almost impassable roads and especially in the Outports where roads are rough.

Chevrolets are equipped with 3-speeds forward. We will gladly send you a catalog upon request.

H.M.S. CALCUTTA VS. CITY.

Good Game Promised To-Night.
What promises to be a thrilling football match takes place at St. George's Field this evening at 7.15, when the City meets a team from H. M. S. Calcutta in a return game. The fans who were present at the game on Tuesday night last were treated to a splendid exhibition, and all went away satisfied, but the hope was expressed that a return game would follow. To-night's game should draw a record attendance of football enthusiasts to the field. The Calcutta will present their same line-up as formerly, while the City team will be strengthened by the addition of Charlie Quick to the forward line.

B.I.S. VS. C.L.B.

Game-Fight In Draw.
In last night's football match at St. George's Field, the spectators received somewhat of a surprise when the C.L.B. team showed up to advantage and held the superior B.I.S. team to a draw, 2 goals all.

First Half

The B.I.S. played from the western end in the first half, and with the fresh wind behind their backs they managed to keep the ball in C.L.B. territory for the greater part of the time. Some very fine football was being handed out by both sides, with narrow

—WON—BY—ONE—

The cricket match was very good. But when all is said and done, The "Navy" had the better team. They only won by one.

The Guards were sent to wicket first. They thought it was great fun. But when the score was totted up The "Navy" won by one.

Of course the Navy men can use. With ease, a bat or gun. So it occasioned some surprise. When they only won by one.

Note—Hiram's score was none! If he had only cleared his duck They would not have won by one.

Stephenson, too, lent them some aid. He gave them many a run. Tho' short, he was long stop and so—The Navy won by one.

Davies and Hobbs are batters fine. So are McGrath and Jackson. These were the double figure men. When the Navy won by one.

So here's three cheers for the grand old game. That is second yet to none. And three cheers more for the boys in blue. Tho' they only won by one.

MEETING ST. JOSEPH'S REGATTA COMMITTEE.

An enthusiastic meeting of the St. Joseph's Regatta Committee was held in St. Joseph's Hall last night, when considerable business was finalized in connection with the forthcoming Regatta, which takes place at Quidi Vidi Lake on Wednesday, August 15th. The Committee will be the same as last year with the addition of Major Cashin. The programme of races for the day will be as follows:—

Amateur Senior Football Junior Football Fishermen Old Comrades Championship.

Mr. Ern Churchill, who donated a cup for competition the past two years has again offered one for this year, to be awarded to any race that the Committee wishes to decide on. Medals will be presented to the winning crews as formerly. The Committee expressed themselves as being prepared to do their utmost to make the event a record one, and nothing will be left undone to further this end. After several minor matters had been disposed of, the meeting adjourned until Monday next. Mr. F. W. Hayward presided over last night's meeting, replacing Hon. W. J. Higgins, K.C., the President, who was absent.

FISK RUBBER CO.

At Least Regular \$7 Rate On Preferred This Week—Record-Breaking Profits Continue.

(Boston News Bureau, July 14.) Boston—Directors of Fisk Rubber Co. meet for dividend action Thursday, the 16th, and are expected to place the preferred stock back on the regular \$7 basis. An extra dividend is also a possibility.

After a lapse from May 1, 1924, dividends were resumed last January with a declaration of \$1 and the same modest rate was maintained in April. Earnings for the past two months, however, have averaged about \$1,000,000 a month, or well over \$5 a share on the stock, and as borrowings are receding rapidly now, as they at this time of year usually do, promising to be out of the way completely in another month, directors are in position to yield a little of their ultra-conservatism.

There is still \$26 accumulated in back dividends on the first preferred stock. Presumably this arrearage will be cut down somewhat by the end of the fiscal year October 31. At that time or late in the calendar year it is quite possible that some plan for the liquidation of this liability in toto will be evolved.

July profits are almost certain to be the biggest this year, in excess of \$1,250,000. The Fisk-Rubber plants continue to operate around capacity of between 25,000 and 26,000 casings and about 32,000 tubes daily.

It is interesting to note that the \$250,000 bond sinking fund provision becomes ineffective when the price of the bonds exceeds 110—they are currently 114 1/2—the proceeds going to the first preferred sinking fund. That clause and the regular preferred sinking fund have resulted in the purchase for the company's treasury of a substantial block of first preferred stock.

Women Who Look Old

In many cases they are not old in years, but because they are overworked, over-tired, nervous and run-down, ailments have developed peculiar to their sex and this condition makes them look years older than they actually are. Such women should consider the remarkable record held by Lydia E. Pinkham's Vegetable Compound. In a recent canvass among over one hundred and twenty-one thousand women who had used it, ninety-eight out of every one hundred women reported benefit from its use.

Herbert Green's Cargo Discharged

The S.S. Herbert Green is now moored at the Marshall Bros. premises with her cargo of liquor in warehouse awaiting the decision of the authorities as to its disposition. The cargo has been landed and checked out by the customs, as a result of the precautions of last week, for selling a number of cases of the liquor to the captain of the schooner Orleans. Whilst the cargo was being discharged yesterday some of it was stolen.
