Declines to Say Anything

About the Canada West Construction Company

THE COMMISSION DOES NOT INSIST

Mr. Faulkner Gives Evidence Before the Commission

Winnipeg, May 2 .- At the close of G. D. Minty's evidence before the Alberta and Great Waterways commission yescommission was going to do about it.
"So far as I am concerned," said above figures, which can be verified, any ruling that I can't enforce."

"So far as I am concerned,"
Judge Scott, "I a maverse to g above figures, which can be verified, any ruling that I can't enforce."

"It seems to me," said Mr. W "It seems to me." said Mr. Walsh,
"this inquiry cannot be as full and thorough as it should be without the disclosure of everything in connection with the Canada West Construction

Mr. Minty is apparently the discount of the letters writ
disappeared from the train at Swift Current. Mr. Bennett also drew some important information as to the discount of the bonds in New York, and quoted the evidence of Mr. Woods, deputy attorney general at Edmonton, a share for the government. being received for money expended. with the Canada West Construction company. Mr. Minty is apparently the only person in Canada who is in a position to give this information."

Mr. Walsh thought there should be a ruling given by the commission, and their application should be made to the argument court to ascertain whether Mr. The construction company should be made to the application should be made to the construction company should be made t

proper court to ascertain whether Mr.
Minty would be upheld in his claim of privilege.

Judge Beck said his personal view of the resolution passed in New York that the construction company should pay Mr. W. R. Clarke \$25,000 over and above the \$25,000 as president of the company, making \$50,000 in all.

Mr. Bennett: W.

of the matter was different from that Witness replied that he had no rec- to act for the government in this bon of his colleague's. He thought the matter should be discussed before the commission so that the commission might make a ruling upon it.

"Was any part of your determination to leave Edmonton on the night of April 12 due to the fact that you could claim greater immunity in Winnipeg than in Edmonton?" Mr. Walsh asked.

Winess replied that he had no rectoract to act of the company of the company.

Witness replied that he had no rectoract to act of the company of the company.

Mr. Bennett: That is exactly what I wanted you to say. Your interests Mr. were simply those of a solicitor You made no arrangements and were not Mr.

"My reasons were very mixed," replied Mr. Ma 'y. "I was left in the air without a clinent. It was abso-lutely necessary that I should consult with my partners to see what attitude

Mr. Minty added that he had not refused to go back and he had come to the commission to vindicate himself in view of the attacks that had been made upon him. He added that he had given evidence on every point except as to those matters regarding which he had stated at the beginning in Edmonton he intended to claim as privileges.

Can you give me the name," asked Mr. Walsh, "of any persons in the Dominion of Canada that can give this commission evidence respecting the Canada West Construction company."

Ment with the government to vary the act?

Mr. Minty: I do not know.

Mr. Bennett: Did it occur to you that by this arrangement to the agreement out?

Mr. Minty: I thought it was a mutual agreement to the advantage of both.

Mr. Bennett: Did it occur to you make the agreement to the agreement that by this arrangement that by this arrangement the terms of the agreement to the agreement to the agreement that by this arrangement the terms of the agreement to the agreement that by this arrangement the terms of the agreement to the agreement to

W. A. Faulkner testified after Mr Minty and said J. H. Morris, J. H. Gar nenton were interested in the Athaasca syndicate. A letter was produced, written by Mr. Faulkner to Mr Davidson, in which the writer said he had secured men who could put the that Mr. Davidson was getting very restless and had to be kept quiet and that Cornwall was the man who had sons who were able and willing to pu I. R. Boyle, who was assisting Mr for the constituency and this was the reason for his interest. "You understood that Cornwall was not really the only beneficiary of the

THE ELEVATOR BLAZE CAME TO LIFE AGAIN

Wreckage of the Big Fire of Few Weeks Ago.

Central station last night at 10 o'clock that the International Harvesting company's warehouse was in flames. The Red Devil from the Central station respended, as did No. 2 hall, and when RECOMMENDATIONS arriving on Tenth avenue and First street west it was found that the Calgary Milling company's elevator wreckage had started to blaze again. Three streams were played on it, and the flames brought under control. Chief Smart is indignant over the manner in which the grain agents who nurchased the salvage of grain from the Milling Co, have handled this. The understandhose which he supplied, ready to check which will come before the board at any outburst of flames, and on this its regular monthly meeting, asking condition certain portions of the burnt structure were allowed to smoulder in order that the balance of the grain might not be flooded with water.

118 regular monthly meeting, asking the city of Caigary for a grant of \$150,-000, the province of Alberta for \$150,-000, and the Dominion government for

night, who were apparently sitting versity." down watching the blaze, and did not even send an alarm in, the phone mes- Calgary university movement, address-Sage coming from an outside source. ed the meeting and told of the work. Chief Smart stated that he intended that had already been done in inaugto soak every portion of the ruins, and urating the building of such an not take further chances on the brigade stitution.

New Employment Agency Opened.

The O. K. Employment Agency has been opened at 127 8th avenue west. It will furnish help, male and female, to farmers, contractors, hotels and all wife are the proprietors of the new

Germany Has Made a Move Which Looks Threatening.

Petersburg, April 28.—Germany st. Petersburg, April 28.—Germany has finally made an overt and threatening movement toward disputing Russid's grab of Persia. Correspondence a passing but the subject between St. Petersburg and Berlin, but it is as yet uncertain how this affair will terminate. It has possibilities of serious grant for \$150,000. In connection with the request that the Dominion government give a grant for \$150,000. In connection with the request that the Dominion government give a grant for \$150,000. In connection with the request that the Dominion government give a grant for \$150,000. has finally made an overtand threaten-ing movement toward disputing Russid's grab of Persia. Correspondence credit ate. It has possibilities of serious n four trouble. The German action was taken mercial interests in Tabriz, and recently sought a concession from the Persian government to establish Persian government to establish navi-sation on Lake Urmia. The lake is stinctly within what Russia has out ned as its "sphere of influence," and it is certain the partners would never have thought of disputing it with the Czar had they not had official backing from Berlin.

The Russian officers, who are behind the sames, running the administration

It would be easy for Russie to dis-ciptine the dischedient Persians and to revoke the concession, but it is fully re-alized here that to do so would be to precipitate immediate trouble between the Czar and the Kaiser. The matte has accordingly been taken up directly with headquarters-Berlin. It is un flice is exceedingly stiff in upholding Huehnermann & Mossig's rights. Russia does not want trouble with Germany now, but the snub is so epen and will spend a few days here on business connected with the company. Russia is in so much danger of losing
