LITTELL'S LIVING AGE FOR 1893. For nearly half a century the Living Age has held a place in the front rank of American periodicals—coming week by week freighted with the most valuable literary products of foreign lands. It selects with rare judgment and discrimination the most masterly productions, scientific, biographical, historical, political; the best essays, reviews, criticisms, tales, poetry; in fact, everything the intelligent reader most desires to obtain.

Not only is its literary character unsurpassed, but its mechanical excellencies are equally noticeable. With new, clear and handsome type, spaced lines, excellent paper and good press work, it is as near perfection as any periodical can well be.

As the years pass, the more does the Living Age prove itself a necessity. In this busy age when the demands upon one's time are so many and so urgent, it is impossible for any but the favored few to wade through the multiplicity of publications and make their own selections, to say nothing of the expense involved in such a course. Anything which promises to relieve one of this burden, renders a true service which cannot fail of ready recognition and hearty appreciation. How much is due the Living Age for time and money thus saved it is impossible to estimate.

To the busy man of affairs and to the mistress of the family, with time as fully occupied with domestic cares and social duties, such a magazine is invaluable. And yet with its wealth of choice and interesting matter it appeals with not less force to those of elegant leisure and scholarly tastes. So to all classes of intelligent readers it proves a welcome visitor.

The extra inducements to all subscribers for the coming year are remarkable. Extending their popular clubbing arrangements whereby other periodicals may be obtained at greatly reduced prices, they now include two standard American works, a valuable history, of the United States and a splendid work on the Bible.

To all new subscribers for the year 1893 will be sent gratis the two October issues, containing a powerful story by Frank Harris, editor of the Fortnightly Review, entitled "Profit and Loss," and also the numbers of 1892 published after the receipt of their subscriptions.

Send 15 cents for a sample copy and further particulars to Littell & Co., Boston. b

### A Righteous Retribution.

Hon. John Carling has fallen on evil days. Stripped of most of the prerogatives of his portfolio, his sole chance of remaining a member of the Government is the new Premier's fearfulness at precipitating a fight for the vacant position among the Ontario aspirants. In the last year Mr. Carling has lost reputation and prestige. Once he was regarded by political friends and foes alike as a man of fine character and kindly nature, though of somewhat slender capacity. To-day he is despised by the Liberals, and he is not respected by the Conservatives. He, a defeated candidate, sits in a seat stolen for him by a partisan judge; and he has paid the penalty for his usurpation in loss of character. Truly there is a Nemesis even in politics.—[Montreal Herald.

### A Musician Honored.

Charles E. Wheeler, the organist of St. Andrew's Church, was very pleasantly surprised last night. While engaged at practice with the Choral Club he has recently organized, a deputation from the committee of management for the recent Provincial Christian Endeavor convention, consisting of Rev. M. P. Talling, Messrs. A. J. Clark, E. B. Hamilton and W. J. Doherty, presented him with a beautiful Oxford Bible, the corner of which bears his name in gilt and on the fly leaf the following inscription:

Presented to
Charles E. Wheeler
by the Committee of Management of the
Provincial Y. P. S. C. E. Convention,
Held in London, Oct. 19-21, 1892,
as a token of appreciation for the hearty and efficient services rendered by him as musical director on that occasion.

On behalf of the committee,
M. P. TALLING, Chairman. W. J. DOHERTY, Secretary.

After a short address to those present, explaining the object of the visit, the Rev. M. P. Talling briefly thanked Mr. Wheeler for his valuable services, and Mr. A. J. Clark, president of the local C. E. Union, made the presentation. Mr. Wheeler, though taken by surprise, made a happy response in a few well-chosen words.

### Death Came While He Slept.

Stratford Herald: Richard Hender, 54 years old, living on Shakespeare street, at one time flagman at the Downie street crossing of the G. T. R., was found dead in bed by his wife this (Tuesday) morning. Mrs. Hender thought her husband must have died sometime between 2 o'clock and 5:50 this morning. About 2 o'clock Mr. Hender awoke and complained to his wife that he was cold. Mrs. Hender got up and put her husband's overcoat and her skirt over his feet. The last words he was known to utter were his complaint that he was cold. About 5.50 o'clock Mrs. Hender arose. Mr. Hender has only one arm and his wife used to dress him. This morning she got his clothes together. "Come, dad, it's time to get up," she called. But he did not stir. She felt his hand. It was cold. Then she touched his face. "My God," she cried, "he's dead." He was lying on his side, with his arm stretched over the side of the bed and uncovered. The overcoat and skirt which his wife had thrown over his feet some hours before were lying just as she had placed them. Death had stolen quietly in while he slept. Mr. Hender leaves a wife and five children. Two daughters live in London. He has been a resident of Stratford for seventeen years. Coroner J. A. Devlin will hold an inquest.

## SCORES OF NAMES SCORED OFF.

### Big Day's Work at the Court of Revision.

**Tory Objections Not a Brilliant Success—Many Applications to Add by Both Parties Dismissed—The Court Finishes Business.**

TUESDAY AFTERNOON.

There was a big slaughter of names during this session. Scores on both sides who didn't turn up to support their applications were scored off by the judicial hand. Still four hours' hard work failed to clean things up. Any person who yet wishes to secure his right to vote may do so by attending court to-day. But this will positively be the last chance, and every Reformer who desires his name on the list should certainly take advantage of this opportunity. The Tory objections are yet to be dealt with a second time, and all who have been subpœnaed ought to be there. Following is the result of the afternoon's work:

Icebergs sometimes last for 200 years.

A Wonderful Cure.—Mr. David Smith, Coe Hill, Ont., writes: "For the benefit of others I wish to say a few words about Northrop & Lyman's VEGETABLE DISCOVERY. About a year ago I took a very severe cough, had a virulent sore on my lips, was bad with dyspepsia, constipation and general debility. I tried almost every conceivable remedy, outwardly and inwardly, to cure the sore but all to no purpose. I had often thought of trying Northrop & Lyman's VEGETABLE DISCOVERY, so I got a bottle and when I had used about one half the sore showed evident signs of healing. By the time that bottle was done it had about disappeared and my general health was improving fast. I was always of a very bilious habit and had used quinine and lemon juice with very little affect. But since using three bottles of the VEGETABLE DISCOVERY the biliousness is entirely gone and my general health is excellent. I am 60 years old. Parties using it should continue it for some time after they think they are cured. It is by far the best health restorer I know." 3

GUELPH, March 24, 1879.

I suffered very much with the Liver and Kidney Complaints, Constipation of the Bowels, pain in my side, weakness and pain in my back, and General Debility. I got two bottles of Williams' Royal Crown Remedy. It renovated my system and cured me.

MRS. BARRETT.

HAMILTON, Dec. 2, 1890.

Mr. I. Williams, London, Ont.

Dear Sir,—As a blood purifier and a general constitutional remedy I consider the Royal Crown Remedy a great success. My wife and myself were troubled for years with Liver Complaint. We tried two bottles, and pills, of your medicine, which gave great satisfaction, and have no hesitation in recommending R. C. R. and pills to the public.

### No Hope for Buck Olsen.

OTTAWA, Nov. 29. — The Governor-in-council has had under consideration the further petition asking commutation of the death sentence passed on Buck Olsen, sentenced to be hanged at Moncton on Thursday. The confession of Olsen's accomplice that his was the shot which killed Policeman Steadman has also been considered. The evidence clearly points to Olsen as being the murderer of Steadman, and under the circumstances the Governor-in-council will not interfere. Accordingly the sentence will be carried out on Thursday.

### Blinded by Electricity.

One-half of the West Point cadets are obliged to wear glasses, it is said. This state of affairs is largely due to the fact that the barracks are lighted by electricity instead of gas. The board of visitors asks Congress to appropriate $50,000 to remedy this evil.
