THE SONGSTERS STARVED

Cold Weather of June Killed a Colony of Purple Martins.

Pittsburg, July 7.—Among bird fanciers of Wilkinsburg there is pity and disappointment. For a number of years John C. Messner, S. F. Johnson and Squire Samuel Greenman, at great expense, provided houses for song birds known as house or purple martins. The songsters migrated every fall, came back in the spring, and multiplied. They have proved a source of delight to many, the birds often showing almost human intelligence. They belong to the insectivorous family.

During the cold weather of last month the little ones from a few days old to those that had feathered out, began to die. Investigation proved that the mother birds, on account of the cold weather, could not get a sufficient number of insects for their young and that out of 50 pairs only one of the young ones survived.

The Use of Meat in Summer Does Not Favor Digestion or Good Health.

MALT BREAKFAST FOOD

Is More Nutritious and Appetizing and Is an Aid to Digestive Vigor.

One 15 Cent Package Makes Twenty-Five Meals.

The use of beef in the hot weather is very frequently the cause of indigestion and serious stomach derangements. The use of heavy and rich meats at the morning meal is responsible for thousands of cases of dyspepsia.

A dish of Malt Breakfast Food will supply more nutrition, energy and strength for the day's work than a pound of beefsteak can afford. It keeps the stomach in perfect condition, prevents constipation, and affords the blood at normal temperature. If you would have a clear brain and full physical vigor, use Malt Breakfast Food every morning. 15 cents a package. All Grocers.

As the King did not wish to exercise his prerogative an eight-foot sturgeon weighing 140 pounds, which was caught in the River at Symonds Yat, has been sent to Billingsgate and sold.

CHINA APPEALS TO "UNCLE SAM"

Objects to the Powers Keeping Troops in Tien Tsin.

WANTS THE PLACE EVACUATED

Secretary Hay Will Communicate With Various Powers Interested in Behalf of China.

Washington, July 5.—The Chinese Government has appealed to the Government of the United States to use its good offices to cause the allied powers who still retain their soldiers in Tien Tsin to evacuate that place in conformity with the spirit of the agreement of Peking which settled the Boxer troubles. The appeal was made on Saturday by Minister Wu directly to Secretary Hay, in the shape of a cablegram from Viceroy Yuan Shih-Kai, of Chihli, which the minister supplemented with a long verbal explanation. The cablegram is as follows:

THE APPEAL.
"Your cablegram of July 2 is received with great gratification. In the final protocol signed by the different powers, there is no stipulation that supplementary convention will be made in regard to the restoration of Tien Tsin. But the military troops of Tien Tsin have arbitrarily given rise to fresh complications and drawn up many articles limiting to 300 the number of Chinese guards to be stationed at Tien Tsin within the limit of 50 kilometers. Since the brigades in the vicinity of Tien Tsin, on the count of the looting of arsenals in 1900, are generally well armed, it would be impossible for such a small force to suppress and punish the city and vicinity and preserve order generally.

"The military officers appear to be willing to restore the city, but in reality they wish to delay; there is reason to fear that their action is not by any means for the public good. The foreign ministers at Peking do not approve their action, and they have repeatedly strated with them, but the military officers have not been willing to come to an agreement. The ministers and the military officers each hold to their own opinions, which greatly impedes the progress of our affairs.

"I request you to ask the Government of the United States to consult with the other governments so that instructions may be sent to the different military officers direct, ordering them to accede to the suggestions of the foreign ministers, to the end that the restoration may not be further delayed."

TAKES LIT PLACE.

The author of this message, Yuan Shih Kai, has taken the place of the late Li Hung Chang to a large extent in dominating Chinese policies, and the United States Government is more disposed to heed his appeal because of his excellent conduct during the Boxer uprising. He was the principal means of communication between the outside governments and the legations during their time of character, the entire Province of Shantung would have been drawn over to the Boxer cause.

Secretary Hay will address himself to the various governments, probably through Mr. Conger at Peking, and to have Tien Tsin evacuated at the earliest possible moment by the foreign forces, so it will carry the Chinese appeal to the governments concerned.

A TERRIFIC STORM

Swept Over Western New York—Woman Killed—Damage Great.

Buffalo, N. Y., July 7.—A terrific wind and rain storm swept over western New York at an early hour yesterday. Rivers and creeks rose rapidly, overflowing their banks and sweeping away houses, barns, and live stock. The loss will reach into hundreds of thousands of dollars. Telegraph and telephone wires are down and communication with small towns in Wyoming, Niagara and Cataraugus counties is difficult to establish.

This city was not in the path of the storm, but a dispatch from Canada says the flood at that place claimed one victim and did many thousands of dollars damage to property. Minnie Lopez, who kept a bakery on the bank of the creek, was drowned early in the day. Miss Lopez's bakery was swept into the stream, which had been swollen by a cloudburst, and the building soon fell apart.

There were many narrow escapes. At Yorkville, two miles below Arcade, the approaches to the bridge were washed away, but the bridge is standing. Miles of roadway are so gullied or buried in debris that they will have to be rebuilt. At Sandusky, a few miles from Arcade, it is reported that two houses were washed away. From everywhere come reports of live stock killed. The loss to individuals will be very high, and the loss to the town from the destruction of bridges and roadways will also be high.

A MARVELOUS ESCAPE

Babe and Little Girl Saved From a Raging Torrent.

Toronto, Ont., July 7.—A party of six people attempted to cross Croton run in a hurry. The run was a raging torrent, several feet deep, and the hurry was upset. All succeeded in getting out but Lucy Daniels, a 10-year-old girl, and a little baby, belonging to Goodman. They were carried away. Both were supposed to be lost, but down through the torrent, through bridges and over rugged rocks at railway speed they came. A fourth of a mile away the baby was found alive, caught on a limb of a tree, while the girl was carried a half mile to the river, clinging to a bush. She was rescued by Charles Petty, still alive, but terribly shaken by her awful experience. It is thought both will recover.

REVENUE LARGER IN EVERY WAY!

Dominion's Debit and Credit Account for a Year

WHERE THE MONEY COMES FROM

Interesting Comparative Statement—Increase of Business Done by See Canal.

Ottawa, July 7.—Up to June 30th last the revenue of the Dominion on consolidated fund account was \$56,000,000, and the expenditure under the same head \$42,555,316. This would give an apparent surplus of revenue of \$13,444,684.

The capital expenditure up to the same date was \$11,532,155, and deducting this from ordinary receipts and sinking fund, there would still be a seeming excess of over \$5,000,000 on the right side of the ledger. It should be remembered, however, that outstanding receipts and liabilities for the fiscal year just ended, amounting to large sums in the aggregate, have still to be paid. When these are taken into account, the ordinary receipts and sinking fund, there would still be a seeming excess of over \$5,000,000 on the right side of the ledger. It should be remembered, however, that outstanding receipts and liabilities for the fiscal year just ended, amounting to large sums in the aggregate, have still to be paid. When these are taken into account, the ordinary receipts and sinking fund, there would still be a seeming excess of over \$5,000,000 on the right side of the ledger.

The financial statement, as it stands at present, shows an increase over the preceding year in ordinary revenue of \$5,567,000, in ordinary expenditure of \$3,889,000, and in capital expenditure of \$1,975,000. The healthy and buoyant character of the revenue is well illustrated by the following increases, the figures in each class being for the twelve months compared with the previous year:

	Total to June 30, 1901.	Total to June 30, 1902.
Revenue.	\$28,137,990	\$31,945,551
Excise.	10,294,045	11,118,760
Postoffice.	3,857,096	3,737,025
Public works, including railways.	5,702,479	6,380,723
Miscellaneous.	3,243,747	3,125,703
Total.	\$50,735,947	\$56,000,000
Expenditure.	\$35,574,502	\$42,555,316

The chief features of the capital expenditure, an increase of \$2,128,000 on public works, railways and canals; an increase of \$42,238 on militia; a decrease of \$392,419 for railway subsidies; an increase of \$1,754,741 on the South African contingents, and an expenditure of \$600,150 for iron and steel bounties.

COMPARATIVE STATEMENT.

A comparative statement for the twelve months is appended:

	1901.	1902.
Public work, railways and canals.	\$5,917,635	\$8,084,739
Dominion Lands.	267,371	213,309
Militia (capital).	41,186	135,414
Railway subsidies.	2,485,558	2,093,930
Bounty on iron and steel.	—	600,150
South African contingents.	574,571	278,777
Northwest Territories rebellion.	1,463	1,214
Total.	\$9,556,169	\$11,532,155

SAULT STE. MARIE CANALS.

Show that the total freight carried through the United States and Canadian canals during the month of June amounted to 4,721,603 tons, against 4,519,015 tons in June, 1901, and 4,107,602 tons in 1900. Of this quantity the Canadian "Soo" supplied 1,118,504 tons in June, 1902, against 1,235,055 tons in June, 1901.

A WOMAN'S THROAT

Is her fortune if she chances to be a Patti or Alani, and that fortune is guarded day and night with the greatest care. Nothing frightens a singer so much as a cold. Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman-singer silenced forever by disease which began with a slight cough.

The use of Dr. Pierce's Golden Medical Discovery will ensure a permanent cure of the most obstinate and lingering coughs. Even when the lungs are involved and there are hemorrhages and emaciation, "Golden Medical Discovery" is generally effective in restoring the diseased organs to sound health and strength. There is no alcohol in the "Discovery" and it is entirely free from opium, cocaine and all other narcotics.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 129 24th Street, Washington, D. C., to Dr. Pierce's Golden Medical Discovery. "I had been quite a sufferer for a long time, and after reading Dr. Pierce's Golden Medical Discovery, I had not been sleeping well for a long time. I took a course of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing. I feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and better than I have been for some time."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of postage and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Silk Sale Tuesday at 9 a.m. Sharp

Be here a little before 9 if possible, in order to carefully examine the stock. These Silks we are proud of. Not often will you get the chance (it is only a chance) of securing New Silks at nearly half-price. But such is the case, and so early in the season. We expect a great trade after such grand values. It rests with you to be on time. The patterns and designs are very pretty—some are small and neat, some are large and dressy—all are elegant, and to offer them at about half-price will be a surprise to many. The colors and patterns are becoming to either young or old persons. Tuesday at 9 sharp.

LOT 1—About 100 yards of fine faced Satin Foulards (this season's), eight beautiful patterns to choose from, in colors of navy and white, gray and white, black and white, green and white, pink and white, sage and white, and blue and white. For these our regular prices were \$5c to \$1.00 yard. Tuesday morning at 9 o'clock, your choice of this lot at per yard 49c.

LOT 2—About 400 yards of this season's Silks to choose from; 15 pieces in all; colors of brown and white, green and white, blue and white, pink and white, black and white, helio and white. In this lot are Satin Foulards and Silk Foulards, which we sold regularly at 65c to 75c yard. Tuesday morning at 9 o'clock, your choice of this lot at 39c.

At such low prices we hope to sell every yard before noon. Be early.

A Special Snap in Swell Shirt Waists.

For those who want particularly nice and stylish Waists at a low price, we recommend these new arrivals. We have in all fourteen dozen, and to make quick selling we place them out for Tuesday morning at from \$1.00 to \$1.75. The hot weather is here, and they are bound to go quickly. Note the styles:

Striped Zephyr, in pale blue, pink and deep blue, tucked down the front and back. Very special value for the money at each, only \$1.00.

Striped Chambray, Gibson effect; clusters of tucking down the front and back to form box pleats; nice pointed cuff; in heliotrope, rose and pink. These elegant Waists we will sell at each, only \$1.25.

Fancy Muslin Waists, in Nile green, and linen color; Gibson effect; clusters of tucking with insertion between down the front, and clusters of tucking down the back; nice full front with deep effect. Special, Tuesday, for only \$1.35.

Silk and Linen Waists, in plain gray and pink, some tucked to form a yoke, others with tucks to form a bodice and plain yoke. Something entirely new, and our special price for Tuesday is only \$1.35.

A line of Chambray Waists, in pale blue, gray and deep blue; embroidery insertion set in between the box pleats in front, small box pleats down the back, also two down each sleeve; nice full front and plain cuffs. Tuesday morning, this swell style we will sell at \$1.50.

Latest in Chambray Waists, in pale blue and linen color; trimmed with open embroidery and rows of hemstitching between from collar to waist-band; plain back, with hemstitching worked in. On sale Tuesday, day at \$1.75.

You'll be proud of a Waist like any of these, and to buy them at such low prices is one of the marvels of our satisfactory way of pleasing customers. Come early. Worth your while.

SMALLMAN & INGRAM, 149, 151 and 153 DUNDAS STREET.

Bicycle Gas Lamps, Parcel Carriers, Bells, Foot Pumps, Tires, etc.

REID'S HARDWARE, 118 Dundas Street, (North Side)

Wanted Iodoform.

A few days ago Mr. Taylor was absent from his drug store for a few minutes and left his wife in charge. A large Norwegian who spoke English with difficulty entered and said: "Hi owe de fir 10 cents."

"Very well," replied Mrs. Taylor; "just pay it to me and it will be all right."

The Norwegian made no attempt to produce the coin, but gazed steadily at Mrs. Taylor and his wife in silence. "Hi owe de fir 10 cents."

"Yes, I heard you say that before. Now, if you are afraid, I will give you a receipt for the man from Norway looked at her and walked out without a word. Pretty soon her husband returned, followed by a countryman whose command of English was a little better and who interpreted the remark to Mrs. Taylor by explaining, "He wants 10 cents' worth of iodoform."

The Abused Double Negative.

An idiom may defy logic. Take the double negative, for example. A boy says, "I hadn't had no time to get my lesson." His language may be objectionable, but his meaning is undoubtedly. The teacher understands it as he intends her to understand, and she has heard that the frame of the truck of the runaway car was broken, and may have caused the accident, but the motorist will make it hard to determine the exact cause.

The Fatal Thirteen.

Grovesville, N. Y., July 6.—Motorist William Dodge, of the runaway car on the Mountain Lake Railroad, died at Littleton Hospital tonight, making the thirteenth victim of the wreck of Friday night. It is probable that George Fisher, whose skull was fractured, will die, and Edward Schell is in a very serious state. Coroner Palmer has commenced an investigation. It has developed that the frame of the truck of the runaway car was broken, and may have caused the accident, but the motorist will make it hard to determine the exact cause.

Ladies' Hands

My experience with PEARLINE leads me to think it milder on the hands, and it takes less of it than of to soften hard water. I am pleased with results. Mrs. Rev. S. E. V.

One of the Millions.

Sensitive Eggs.

An egg in the process of hatching is remarkably sensitive to vibration. Says an expert in the breeding of fowls. The rumble of a train or the passage of a wagon along the street will spoil the faintest vibratory wave reaches the apparatus. Even such a little thing as the banging of a door in some other part of the house will

Educational Growth...

McMaster University has from its inception held a recognized place among institutions of learning.

Its growth in numbers has been remarkable; as has also the success of its graduates in business and professional careers. Recent additions have been made to its equipment.

Young men and women should write for a calendar to the Registrar.
