

Taylor Buys Another Drug Store

Opening Sale at All Three Stores

PRICES LOWER THAN HAVE EVER BEFORE BEEN OFFERED

Profits will be mercilessly sacrificed in order to make this the greatest drug sale that London has ever known. We have just purchased the drug business of Mr. E. W. Boyle, at 652 Dundas St. This makes the third London branch of our chain of live progressive drug stores. The reason we are able to make such rapid progress is that every day in the week and not on special bargain days only we sell the most reliable goods at far lower prices than any other drug house in Canada. Lowest prices, combined with prompt, intelligent service, best quality drugs and square dealing, have built up this business ever since it was established in Watford in 1868. We never swerve from this policy. That is why our stores are busy every day in the week. Our enormous turnover insures the freshness of every article you buy from us and our reputation for square dealing guarantees the quality.
