

## BANQUET ATTRACTS ATTENTION FROM OUTSIDE PAPERS

Many Out-of-Town Reporters Coming Tomorrow.

## SCORE OF APPLICATIONS

All Arrangements for Big Federation Dinner Are Now Completed.

Outside interest in the big Ontario Federation of Liberal Clubs' banquet, to be held here on Wednesday evening, is indicated by the number of applications for press table reservations. More than a score of applications from outside papers have already been received, and in some instances provision has been made for further accommodation with gallery seats for representatives of out-of-town papers.

All the Toronto and Hamilton papers will be represented, some of them with as many as four men, and other papers further afield are sending staff men to cover the banquet. The personnel of the speakers—Sir Wilfrid Laurier, Premier Norris of Manitoba and Leader N. W. Howland of the Ontario Opposition—is such that Ontario papers have been attracted to London as never before in years.

The banquet on Wednesday evening in the Princess Winter Garden will be a big affair, all the arrangements for it having been completed. There will be many features besides the addresses. Ed. S. Crawford has a great male chorus, and the Winter Garden Orchestra will furnish a program of music. The banquet will start at 8:45 o'clock, and it is expected that the speaking will commence at 9 o'clock.

George S. Gibbons will be toastmaster. Mayor G. D. Cousar, Oshawa, president of the federation, will introduce Sir Wilfrid Laurier; John Bain, Ottawa, will present Premier T. C. Norris, Manitoba, and Ald. E. S. Little, president of the Liberal Club here, will introduce N. W. Howland, K.C., M. P., leader of the Ontario Opposition.

The federation will meet at 1 o'clock, when matters of importance will be discussed.

Hon. W. L. Mackenzie King has wired that he will be here. Sir Wilfrid and party will arrive at 11 o'clock over the Grand Trunk. A luncheon will be tendered Sir Wilfrid and the distinguished guests at the Kennels. The local committee will be present.

"We have every arrangement completed," said Ald. E. S. Little, president of the Liberal Club. "It will be a big affair, much larger than we can properly take care of. However, we are doing the best we possibly can under present conditions."

## A BLOOD-FOOD DISCOVERED THAT ENTIRELY OVERCOMES ANAEMIC WEAKNESS

Carefully Investigated Reports Establish Truly Wonderful Results.

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, containing such elements as iron, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again.

This truly wonderful-working treatment consists of taking two small chocolate-coated Perrozene tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy, sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sing with new-found life and health.

That gnawing, restless, nervous, sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves—this means more food is transformed in the body, and he will build and energize weak organs.

The inclination to worry passes away because Perrozene imparts nerve—tone and bodily strength that prevents depression.

Think it over—Perrozene is a wonderful tonic in fact; it is more than a tonic, because it establishes health that lasts. Thousands of men, women, and children have cleansed and restored the entire system to a perfect condition. You'll feel the uplifting power of Perrozene in a week—be bound to try it if you only give it the chance. Sold by dealers, 50¢ a box or six boxes for \$2.50; be sure of the name Perrozene. Forwarded by mail to any address if price is remitted to The Cataract Company, Kingston, Ont.

An Unfailing Way to Banish Hairs

(Beauty Notes.)

Ugly, hairy growths can be removed in the privacy of your home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone—Advt.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to wet the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve the dandruff, destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, shiny and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work—Advt.

## PAPER CONSUMERS MAY APPEAL FOR GOVERNMENT AID

Considering Carry Heavy Price Case to Ottawa.

## TRADE IS SUFFERING

Large Advances Have Been Made in Paper Box and General Printing Stock.

The paper box makers, paper jobbers and big printers of London are at the present time considering the question of carrying what they allege are extortionate prices charged for stock to the Dominion Government.

Increases quoted to The Advertiser today as well as refusals on the part of manufacturers to facilitate delivery, while at the same time they exported enormous quantities to the United States, showed that the trade is suffering seriously both from price advances, failure of prompt delivery and general attitude of "High Horse" independence.

All Lines Increase.

All lines of stock used for box making, including books, and general printing have advanced enormously, although all the lines are pulp papers made from Canadian forests which were practically given away to the paper makers.

Cardboards for paper boxes have advanced from \$10 to \$50 a ton and from \$50 to \$120; wrapping paper has advanced from 100 to 150 per cent; butchers' fibre has advanced from \$7.75 to \$7.90, craft has gone from 4 cents to 9 and 10 cents.

All users of paper are obliged to place orders at the open prices, the market price on the date of shipment being paid.

Charging Rates Too.

One large local buyer stated today that at the present time he was being charged the same rate for green wood crates as for the parchment and vellum. This was at the rate of from 10 to 25 cents a pound for green wood.

The Advertiser was informed on the best of authority that one plant in London was not running full time because of the fact that paper could not be secured. If supplies were available, the plant would have been operating many more hands and working full and overtime.

Treated With Contempt.

"After the war the manufacturer will discover that Russia and Sweden and other countries make paper and they will be willing to give the Canadian users the same price as they will give to the rest of the world," said one of the largest buyers of paper in this city. "At the present time the Canadian trade is being treated with contempt, and we mean to carry the case to the Government."

Agents of paper makers claim that they have to pay the cost of paper beyond their control, at the same time admitting a tremendous export business.

Illustrated Lecture.—The London and Middlesex Historical Society held its opening meeting on Monday evening at the Guildhall, when Frank W. Howland, of Toronto, gave his famous illustrated lecture, "Canada in Peace and War."

Kingville, during his visit there he called at the wild duck preserve of "Jack" Miner, two miles north of the village. Mr. Miner was greatly impressed with the time when a similar preserve would be established in this vicinity.

Advocates Present Here.—Police Clerk John Moulie spent the week-end at Kingsville, during his visit there he called at the wild duck preserve of "Jack" Miner, two miles north of the village. Mr. Miner was greatly impressed with the time when a similar preserve would be established in this vicinity.

Check Late Again.—County Clerk Stuart announces that the Middlesex Patriotic Association October check has not yet arrived, and consequently he will not be able to send out the individual checks today, as has been customary. The check was some days late in September, but it is anticipated it will not be late again.

Given Wrist Watch.—The post-office staff of Friday evening made a presentation of a wrist watch to Lance Corporal Egleston of the 12th Battalion. The event came in the form of a complete surprise, when a number of the post-office employees gathered at the post-office, and presented the watch to the Corporal. The watch was a gift from the post-office staff.

LONDON TROOPER OF MOUNTED RIFLES DEAD

Trooper Clifford Matthews' name must be added to the list of Londoners slain in the great war, his name, Mr. Matthews, 267 Piccadilly street, having received an official telegram informing her that he had been killed in action.

William Percival, of Tottenham, received notice on Monday that his son, Pte. Wesley Percival, had been admitted to the general hospital, having suffered from a gunshot wound in the leg. He left London with the 32nd Battalion, and had been transferred to a Highland battalion.

Charles Gled, of Alexander street, has had notification from Ottawa that his son, Pte. Charles Gled, is missing. He left the city with the 70th Battalion. His brother George was killed in August.

100 RECRUITS WANTED

These Required to Fill Vacancies Through Latest Reinforcement Ordered Away

Ambulance Training Depot No. 1, under the command of Major D. Smith, has been asked for two drafts, one for service overseas and one to report in Halifax.

Both drafts have been prepared, the overseas one being composed of 58 men and that for Halifax numbering 32 men. No information has been received as to the eventual destination of the overseas draft, and it is not known whether it will stay indefinitely in the eastern city or sent to some other point. Capt. R. D. Cowan will be in charge of this party.

Capt. R. Courts will be in charge of the overseas party. Capt. R. S. Smith, Capt. F. Dunfield and Capt. Major Smith will also go. The party for Halifax is expected to leave on Thursday but no date has been set for the departure of the overseas men. Major Smith is very anxious to secure 100 recruits to fill the vacancies created by the departure of these men.
