SATURDAY'S STORM.

Many of the R.C.Y.C. Yachts and a Number of Sailing Skiffs Sunk or Wrecked.

From The Sunday World.

The following yachts belonging to the Royal Canadian Yacht Club were sunk in Saturday's gale: Ænone, 25-foot class, owned by J. S. King; Kelpie, 25-foot class, owned by Dr. Capon and F. Margrave Baker; Uneasy, skiff class, owned by W. Bonnell; Brenda, owned by A. A. Allen.

Mr. Foote, secretary of the R.C.Y.C., says that the storm was the severest that he has ever experienced. Every yacht in the fleet was more or less damaged, with the exception of the Ariel. Early Saturday morning every man that could be utilized in any way was pressed into service towing the yachts to a place of safety.

The massive flag post on top of the club's city quarters was snapped in half like a pipestem.

The skiffs of the Sailing Skiff Association are nearly all total wrecks.

The storm enlarged the Shields cut by about 50 feet on the lake side. On Friday the opening was 40 feet wide. Saturday morning the opening was little short of 100 feet. Contractor Shields has little to complain of the storm.

IN THE TEETH OF A STORM.

The City and Vicinity Swept by a Terrific Gale.

From The Sunday World.

From 1 o'clock Friday morning until 6 o'clock Saturday night Toronto was in the teeth of a storm which for intensity has not been equalled in a decade. The damage occasioned, however, was comparatively slight. Trees were uprooted in all sections of the city, and many windows were wrecked, while many fences were leveled.

The telegraph, telephone and street railway wires were completely demoralized. No Belt line cars could be run in Sherbourne-street, and many of the other lines were delayed.

Observatory Officer Payne said yesterday: "The present is a West India hurricane, which first appeared on the night of the 11th over the Bahamas. The following night it was near the Georgia coast, leaving wreckage of all kinds in its wake.

"The rainfall during the last 24 hours was fully three inches. The hurricane then came due north last night and was central over Pennsylvania. Early this morning it passed directly over this city. It will now take a northeast course over northern Quebec. It is traveling at the rate of 32 miles an hour and is a regular terror. The barometer reading this morning at 6 o'clock was the lowest on record at the Observatory, excepting on one occasion some years ago.

"I ordered up storm signals on all lake stations yesterday morning, and they have been ordered up this morning throughout Eastern Ontario."

It was an angry 20 hours on the lake and there must have been great damage to shipping. While the steamer Omaha was going into Port Dalhousie the mate was hurled with terrific force against the bulwarks and both his legs were broken. The steamer Averill, bound down from Chicago, was forced to put back into Port Dalhousie on account of the storm.

The steamer Lakeside started out from Port Dalhousie for Toronto, but had not proceeded far when the captain thought it advisable to return to port.

The Macassa left her wharf for Hamilton, but had to put back.

The Civil Assizes.

At the Civil Assizes yesterday, at the close of the case of Phillips v. Toronto Railway Company, a suit brought by Mrs. Mary Phillips asking $11,500 compensation for the death of her son Hugh Phillips, who was run over by a trolley car last December, the counsel for the defendants offered to settle for $250 and costs. The offer was accepted and judgment given for that amount and costs.

The case of Darker v. Vaughan was then taken up. This is a suit brought by William Darker against the municipality of Vaughan Township for $3000 damages for injuries alleged to have been received by the caving in of a gravel pit in that township, Feb. 3 last. Darker claims that it was owing to negligence on the part of Edward Jarrett, the foreman of the works, that the top caved in. In the cave-in Darker had his collarbone and several ribs broken and received severe internal injuries. At 4 o'clock the court adjourned until Monday morning, when the case will be resumed.

Death of Dr. T. A. Ferguson.

Dr. T. A. Ferguson of 12 Macdonald-avenue, Parkdale, died at 6 o'clock on Saturday morning. The doctor, who was a young man of 30 years, was one of the best known and most popular residents of the Flowery Suburb. He was a prominent Conservative, and it will be remembered he acted as chairman at the recent banquet given to John Laxton by the Conservatives of West York.

The deceased gentleman was superintendent of the Parkdale Methodist Sunday School. He was full of energy and ability, and had a promising future ahead of him. He was a cousin of Judge Ferguson and of Senator John Ferguson. He leaves a widow and one child. Mrs. Ferguson was a Miss Bell, and formerly resided in Carlton-street.

"Hotel Vendome," New York.

Toronto people visiting New York should make their home at the well-appointed and handsome "Hotel Vendome," corner of Broadway and Forty-first-streets. The "Hotel Vendome" is a short distance from the Grand Central depot, and has also direct car service from the West Shore and Erie Railway ferry docks. The "Vendome" is almost opposite the Metropolitan Opera House, and street cars pass the door from all theatres. Its appointments are perfection. Newly furnished and equipped from the ninth story down; it is the *par excellence* of comfort. The hotel contains two hundred and fifty rooms, single and *en suite*, with or without baths, and is conducted on both the European and American plan. The cafe is one of the handsomest in New York, and the dining-room, situated in the ninth story, cannot be surpassed in New York. The "Vendome" is the most home-like hotel in New York. 1

ANOTHER SLUMP IN WHEAT.

THE NEWS ON SATURDAY WAS ALL BEARISH.

Local Markets Dull and Uninteresting—Range of Stocks for the Week—Grain and Provisions Lower at Chicago—Very Satisfactory Bank Statement.

SATURDAY EVENING, Oct. 14.

The financial department of The World on Monday will look as if it had been on a six-months' spree. Readers, however, should not be too hasty in coming to such a conclusion. It was the destruction of the telegraph wires on Friday night that plays the mischief with the department.

This is the first time in The World's lifetime that the wires have failed completely to convey any financial news from New York. A bright young speculator, who has been yearning all day to know the prices of Wall-street stocks, said to us on Saturday that now was the time for The World to make a name for itself, and get special news from America's metropolis for its many readers.

We immediately wrote out messages, and offered a round sum for replies from New York, but they have failed to come. The fact is that no messages of any description were received or delivered at New York from Toronto on Saturday.

Just before going to press market reports from New York and Chicago came in fast, and we are thus enabled to furnish our readers with fuller information than we expected earlier in the evening.

About half an hour after the market opened at Chicago a message was received here stating that December wheat opened at 65¼, ⅛c below Friday's closing quotation, and later wires quoted 64¾c and 64⅝c. May wheat sold at 72⅛c, May corn at 41⅞c and January pork at $14.50.

Commercial Miscellany.

The estimate of hogs is 25,000 for Monday and 110,000 for next week.

The wheat trade had a hard time of it today. The adverse Washington news of yesterday was fresh in the minds of traders. The primary markets had 1,019,000 bushels of wheat for the day. There was no mistake about a great increase in the visible supply for Monday.

Wheat is accumulating daily at Chicago and piling up in the Northwest. The receipts at Chicago are away under a year ago, but that does not count.

The amount of hog product shipped from Chicago during the past week was as follows: Pork 3541 bbls, lard 6,828,542 lbs, hams 3,580,172 lbs, middles 7,166,507 lbs, shoulders 782,028 lbs, other hog product 1,126,805 lbs.

John Inglis, the crop expert, says "that he does not expect the receipts at Minneapolis and Duluth to reach their maximum until the first or second week in November, but at that time the surplus will have been marketed closer than in any former year. He estimates the crop in the three States at 78,000,000."

J. R. Willard on wheat: There has been heavy covering of short wheat to-day (Saturday), but the supply from distressed longs has been so much greater than the demand that the market has run into a semi-panic. All the news we have had has been of a bearish character. Receipts are apparently increasing and the exports for the week have fallen off, indicating another large increase in the visible.

THE JUDGES' REPORT

To the Committee of Judges, Dept. L, Liberal Arts:

The tone and quality, which is of the highest grade of excellence, possessing great volume, deep, full, musical and sympathetic; the duration and singing quality of the tone are of the same high character; the scale, which is evenly balanced, and throughout free from weak spots—scientifically and musically correct, the most powerful strokes failing to reveal any harshness or break; the action is of the highest class in every respect, regulated with extreme nicety; the touch is all that may be desired; being equally characterized by delicacy, elasticity, responsiveness and promptness in repetition; in every detail of construction, the choicest materials are used; the workmanship is of the best and the cases are chaste and artistic in design.

GRATEFUL—COMFORTING.
EPPS'S COCOA
BREAKFAST—SUPPER.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately-flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
