THE VIGILANT. BRITANNIA HAS A WALK-OVER. The Vigilant's Gaff Was Not Repaired in Time.

QUEENSTOWN, July 25.—The proposition of the Vigilant to demolish the all-powerful and renowned Philadelphia. When stumps were drawn the work of demolition was well under way, and if the home team can only hold the colors of the Quakers will be lowered.

First women in goodly numbers had gathered on Varsity's grassy expanse yesterday morning when the match was commenced. All through the match was a good exhibition of cricket and brilliant play gave the spectators a chance to breathe.

The Philadelphia again gave an excellent exhibition of holding. They were weak at the bat. The only G. S. Patterson did not take a wicket, and was dismissed without having made two grand stand catches of his which it would have been quite a pity to miss.

Wadsworth limbered his arm, sent a straight ball to the batsman, and was dismissed. The Vigilant carried away the jaws of the gaff party because the peak was bolted high. The motion of the sea and the frequent yanking over a course of nine runs wrecked the gaff.

The Vigilant will sail for Port Hope on Saturday. It is likely the American yacht will be defeated against the powerful weather-defied Victoria of the Britannia.
