Feeding A Child.

SCIENTIFIC AUTHORITY UPON SOME OF THE That imperfect nutrition is the cause of ness, vicousness, or something of that sort, writer as the result of a number of observations which he has been able to make upon young children. The following case is typical of many others: H --- was a well-formed child at birth, and continued to develop normally during her first five months. Throughout this time she slept very well, and for the most part seemed happy and contented. The constant expression on her face showed healthy feeling, and she rarely month a change seemed to gradually come over her. She did not sleep so well; the exand contentment, and by the sixth month child. She who had been previously an especially happy child did not now smile often; and the things which ordinarily attract children of that age seemed to be of little moment to her. Some member of the family oring to soothe her troubled spirit. This state of affairs continued until the eighth onth, when it was decided to make a change in the diet. She was given a food rich in within a week it was observed by all who knew her that there was a marked improvement she had regained her former restfulness, sleeping peacefully a good portion of the ime; and gradually the expressions of irri-

leasant smiles whenever any one she knew

every one as a very good feeling, happy

year were the greatest on record, totalling
nearly two hundred million feet.

Last week Robert Rowier, of Maitland,
Queene county, came across a herd of ten
caribon. He shot two, and easy he could
have got more if the law permitted.

George Cove, of Amherst, inventor of the
electric plane and several other things has
been stricken with blindness brought on by
the strong electric light he has used in his
work. the strong electric light he has used in his work.

10 John B Barteaux.
10 John B Barteaux.
10 Hearry Buddle.

He was wise who wrote, "Half the sting of poverty or of small means is gone when one keeps house for one's own comfort, and not for the comment of one's neighbors."

Deny it as he will, few of us have the moral force to set up a standard of our own, particular home environment. We committed the folly of regulating our expenses by the income of some one else. If the Browns and conditions have been violated by the city.

warnished floor. Use a soft mop. Ink spots with spirits of salt, and grease will disappear
