

From *The Sun* (Orangeville) 9th April, 1874.

PEEL DIRECTORY.—We have received from the author, J. Lynch, Esq., of Brampton, a copy of his Directory for the County of Peel for the years 1873-4. It contains an interesting history of the county—and, in fact, of a large portion of Ontario—with official documents from the earliest settlement down to the present time; also sketches of the different villages and townships in the county, with the names of the present inhabitants taken from the assessment roll of 1873, and much other valuable information. In the preparation of the work Mr. Lynch has shown much careful research, and besides being a valuable book of reference to business men, its pages will be perused with pleasure by those who take an interest in the history of the early settlement and subsequent progress of Peel and the Old Home District. The work is sold at \$1 50 a copy.

BOOK NOTICE—COUNTY OF PEEL DIRECTORY, BY JOHN LYNCH, BRAMPTON, 1874.—This is a directory to every town and village in this county, and will prove valuable for counting houses and other offices. The collection appears to have been made with the greatest care and regard for accuracy. In addition to the directory the book also contains an interesting history of the county.
