Clause 57, page 15 of the pamphlet known as Rules and Regulations Governing Farmers' Institutes reads as follows:

"On or before the 10th day of January of each year the secretary shall send a revised list of members for the current membership year to the Superintendent, and on or before the 10th day of each succeeding month he shall forward the name and address of each additional person who has member of the Institute."

Some of the secretaries have not strictly complied with this clause, allowing a long period to elapse between sending in the lists. Names which are received earliest get the reports; names that are received late may perhaps miss getting some of them as an edition is liable to run out.

The following is the average attendance at meetings, reports of which
