Mr. F. H. Walker gave a cup valued at \$250 for the next race, to which was added \$200 for first, \$50 for second and \$25 for third. It was a race for hunters and backs. Mr. Dyment's King John, winner of the burdle race at Toronto, was held not to be eligible and was refused permission to start. The race was between Laughingstock and George C., and owing to the fact that the former ran a couple of miles before the race, the latter won by half a head. Dr. Campbell was loudly cheered as he went to receive the cup from the hands of Mr. Walker, who also came in for three and a tiger.

King's County again proved his ability as a steeplechaser, in the International by winning a good race from Baronet, Gar-wood and Flip-Flap. Alvin and Macken-zie acted unkindly and didn't complete the

## THE WEEK'S TROTTING

## At Lepine Park, Montreal

Starter-J. H. Kennedy. Judges—Alex. Langevin and M. Beauvais, Ortawa.

The Lepine Park races opened under uraging circumstances on Tuesday June 5th, for, although the track was in good condition for the first heat or so, a steady drizzling rain turned it into a sea of mud before the two events of the day could be finished. As it was the 2.24 stake was not concluded. The attendance was large, but only one bookmaker put in an appearance. He, however, was quite able to attend to all the business going, and even then had time hang heavily on his hands. In the 3 ainute stake, the first on the card, Nettie D. was the comparatively easy winner of three straight heats in 2.30, 2.31 and 2.56 respectively. great difference in time was, of course, to the steadily increasing stickiness of the track, in fact the last heat was trotted under exceptionally bad conditions, the clay caking on the tires in such a way as to render anything like fast work an utter impossibility. Second Day at Lepine Park

After a postponement of one day on account of the wet track the sport was continued on Thursday, June 7. The races were interesting throughout, but particularly the 2.27 class, which furnished the surprise of the day. The first heat in the surprise of the day. The first heat in this event was won by Engineer in 2.25, the fastest heat of the day, but he did not prove a stayer and was distanced in the fourth heat. Woodbury Thorne won the last three heats in splendid style, the Montreal horse Dan securing the second. Little Belle won the deciding heat in the 2.24 stake, and what might have proved a serious accident occurred in this heat. The brown horse B. F. Sloan collided just after the word was given, resulting in an upset to the driver, who was badly cut in the face, and the horse continued his career with the other competitors, rendering the driving somewhat dangerous. The 2.40 stake was won in straight heats by that clever mare Nettie D., the winner of the 3-minute stake on the opening day.

WEDNESDAY, JUNE 6th, was the opening day of the Stratford Turf Association's trotting meet. It was also the occasion of the opening of the new Recreation Park. It was a very successful opening. The attendance was large, about 3,000; the weather fine, and the new track in splendid condition. The first heat ever trotted on the track was made in 2.20\(\frac{1}{2}\).
