### TO CORRESPONDENTS.

We are extremely sorry at not having room for the communications of Mr. D. P.; whose delicacy of expression will improve our language. It will form one of the Gems in next number. The paper signed Z, is inadmissible from its party spirit. The Tale entitled "The Water Wraith," is elucidating in a splendid painting by Mr. Linen, and will be told in No. 2, which is preparing to burst into uncreated, unfeeling, unthinking—yet beautiful existence.
