

yet the very feeling of going, in His dear name and strength, to those dark souls, brings His presence and love so much nearer to us in our utter weakness that such blessings comes to our own souls to have this blessed privilege of being a witness for our dear Lord. I did not tell you about our Church Service. On Sunday morning we have service in Cree for the Indians, and at night in English. The Cree service is not quite so irksome as it was at first as it gets more familiar. We have S. School at 3 o'clock; a special Prayer meeting on Tuesday evening for the outpouring of God's Holy Spirit. Pray that it may be so, and that there may be a great in-gathering of the souls before He comes. God bless you all in your work and labor of love, an increase of members, also, and interest in the work. Wishing you all a Happy Christmas and New Year, rejoicing in Him and the joy of many precious souls, your humble co-worker,"—
