## NEVS OF THE WEEK．

Suhscribors remitting Money，cither direct to the oftice，or through A pente，wil find a recejpt for the amount lucloned in theit next paper．All remittancea aliould be made pryuble to $\Delta$ ．Alinno Fraser．

Diphtheria is prevalent in Kingston，Ont．，and surrounding district．
The new eity directory of Turonion puts the population of that city at 225，000．

The exports of Canada for llecember aggregated \＄5，700，000．The imports $\$ \$ .300,000$ ．

T＇te Halifax liano \＆Orgau Co．，agents of Heintzman \＆Code pianos， send us a very protty calendar．

Major Weston，of the G6th Battalion，Halifax，is spoken of as the probable Commandant of this year＇s Bisley team．

The report that the C．P．R．is to establish a line of Atlantic freight steamers between St．John ind Liverpool is denied by tho officials of that Company．

A central conmittec for the Provincial E：hibition has been appointed， and every preparation is being made to ensure a successful ahow．The exhibitiou will open on September 29 th．

The women of Toronto have by dint of organized effort secured the appointment of three of their number on the high school board．By a large majority the new city council have voted to submit the question of Sunday street cars to a popular vote．

Messrs．Wm．Stairs，Son and Morrow，dealers in Hardware，fishing materials，vessels＇oulfits etc．， 144 to 190 Lower Water Street，Halifax， have issued a large calendar with a marine view，done by the Sabiston Lithographing and Publishing Co．，Montreal．

Mr．J．W．Barss，of Woliville，has offered to donate $\$ 10,000$ to Acadia College provided the Governors set apart an equalamount from his previous donations to enable him to found a $\$ 20,000$ professorship in the arts course of the college．The condition has been complied with and the professorship established．

The Colonial Standard，Pictou，states that＂there is good reason for believing that Mr．Graham Fraser has succeeded in getting an English syndicate to purchase the steei works，forge works，and New Glasgow Iron， Coal \＆Railway Company．If this report be true，then this noble old country will witness such a boom，the like of which has never been seen in N＇ova Scotia．＂

The Fisheries Department at Ottawa is advised that the fish commissioners for the state of New York bave arranged to place in the waters of Lake Ontario 13 million white fish， 4 million ciscoes，and 10 million wall－eyed pike．The state authorities and the Dominion Fisheries Department will hereafter co－operate to preserve these valuable members of the finny tribe from indiscriminate killing．

The investigation into the cause of Globe Hotel fire was concluded on Thursday of last week．Mr．Salterio was absent in Montreal，and there was no one to represent either him or the insu ance companies．The inquiries were，therefore，clostd，and the evidence ueposited with the pro－ thonotary as the statute requires．Tho insurance companies will probably transfer the case to other courts．

The coronar＇s inquiry into the csuso of the death of the victims of the fatal railway disaster at St．Joseph on tho 181 h December terminated Monday night．Aftor two hour＇s doliberation seven gave it as their opinion the verdict should be accidental deatb，asonerating the umployes of tho railsay from all blame．Tho remaining eight thougbt it should simply bo＂death by derailment of the train in which they were travelling．＂

Messrs．Kelley \＆Glassey have becu appointed agents for Nova Scotia for the Fairbank Canning Company＇s liquid beef proparations．The Fairbank Canning Co．，of Chicago，have bought out the receipt of Leibig \＆Company fis America，and are putling up these goods as pes Leibig＇s receipt．We can testify to the excellence of the liquid beef，it is altognther different from tho kind put up in pots，and just as delicate，tasty and wholesome as can be desired．

It is understood that the Dominion authorities will obtain a full report， with estimates of cost of the proposed P．E．Island tunnel from Sir Dougles Fox，of London，whose consulting engineer，Mr．Alfred Palmer，reported on the locus in November last．Sir Douglas Fux is considored to bs one of the greatest authorities on tunnelling in the world，and his work as consult－ ing ongineer on the Mersey tumanel is well known．As he has the fullest data in his possession his report will set the question of cost entirely at rost．Should the cost not exceed $\$ 6,000,000$ Messrs．McLeod and Fergu－ son，of Charlottctown，who have just returned from Ottawa，say the ques． tion of its construction is bound to beconie a practical onc．

We have received the first number of The Canadian Dry Gools，Hats， Caps，Furs，Millinery and Clothing Revielo representing the trades indicated．As there is no organ directly interested in these important trades， The Revielo should have a wide field of usefulness，and a large measure of support．Its get up is most creditable to the publishers，being far ahead of any other Canadian trado journal in this respect，and its pages are filled with interesting and instructive matter．We predict a speedy and lasting popu－ larity for The Revielo．It is edited by Mr．Charles Morrison，who occupied the city editor＇s chair of the Mail for several years．The office of püblication is at 6 Wellington Street West，Toronto．

Nonn reem to escape，overyono gets a couglisonctine during the winter．A real friend will bo found in the Oxford Cough Syrul，it is the luest，choapest and anost elfective friend will be fo
cough medicinc，
