ANNUAL MEETING OF THE ENTOMOLOGICAL CLUB OF  
THE AMERICAN ASSOCIATION FOR THE ADVANCE-  
MENT OF SCIENCE.

(Concluded from September No.)

August 21st, 1878.

The Club met in the same place at 3 o'clock p. m., the President in the chair.

There was a much larger attendance than yesterday of members and those interested in Entomology.

The first order of business was the reading of the report of the special committee appointed yesterday. Mr. Reed presented the report.

The committee to whom was referred the question of the constitution of a quorum beg to report as follows :

Whereas it is most desirable in the interest of the Club that a definite and permanent character should be given to all its proceedings, and that nothing should be left undone which would tend to establish complete confidence in the manner of transacting the business of the Club,

Your committee therefore recommend that the constitution be amended by providing

(1) That no business of the Club shall be transacted unless there are present a quorum of ten persons, who shall have been enrolled as members of the Club at least one year previous to the then session.

(2) That when motions shall have been carried by the Club, the same shall not be rescinded at any subsequent meeting unless there be present as many members as were present at the date of passing such motions.
